Clipped Wings was the first book that I have read by Betty Shreffler, but I'm so glad I started with this novel.

Although Clipped Wings is the second book in Betty's MC Romance Series, it can be read as a standalone with its own HEA. Written in both POV, this story offers its readers lots of sexy times, angst and action.

Dom is your formidable alpha MC biker, he's tough, rough and oh so sexy. As the VP of the MC Club he is the guy that will do anything for his brothers. This dirty talker will get your heart racing and panties a little wet (eww, I know, but it's a warning to make you prepared for the hotness in this book). One look at Erika and his life changes, she is everything he didn't know he wanted, but once he experienced the connection, there was nothing that got in his way.

Erika hasn't had an easy life. A life that keeps on getting worse. She is smart, beautiful and driven to make herself into a better person and get herself away from her troubles. On meeting Dom she knows the instant attraction isn't something she can fight, even if she tried.

The chemistry between Dom and Erika was smoking hot, they light up the pages. There was no denying that they belonged together, and there are people who try to keep them apart. But nothing will break them apart if Dom has anything to do about it.

This book has plenty of action to keep the hot sex scenes in ratio. I read this book in one sitting but I was left satisfied and wanting more. I loved the ending, and like I said before we get the HEA that I am always after in my MC Romances.

3.5 my Sparrow stars.

My first book by this author. I love MC and I have read a lot in all their beautiful colours from dark to rainbows.

Clipped wings contains a lot of sex, violence and cringe worthy scenes so it's definitely not in my rainbows category but also very typical for an MC read.

Dom definitely lives up to his name, he's alpha and dominant, he basically takes claim of Erika at first sight and she is it then for him.

Basically Erika lives with her sister and drug using mother. struggling financially her sister has handed the house over to the MC so they can live there rent free but this comes with the price of the MC being able to use it whenever they please and it becomes an unsafe environment for Erika who seemed to be the sensible one in the family but also too young to move out.

In a nutshell It goes from a somewhat family home to a drug, alcohol and sex fest environment.

I did struggle with a few things, for example when Dom does claim Erika as his, Erika's own life was no more, he stopped her going to school, cut her off from others, red flags went up but at the same time he rescued her from the dangerous situation she was living in and surrounded by.

An 18 year old girl who falls for older guy/biker who becomes her knight in leather.

It was ok, the plot was enjoyable but not overly stimulating, a huge part of the book was sex.

Danger, greed, lies and corruption are within the MC Dom had grown up with and loves but Dom has to make decisions to protect his girl.

I did enjoy the end and it left me with higher hopes from Dom and Erika and I would give another book in the series a try based on the other mc they move too to start over, it seemed more of a family mc, I had a better feeling about that.

Holy F*ck, my panties are soaked! Hot and sexy, Betty delivers a great 2nd book in the Castle of Kings. Dominic is Hot, Dangerous and yes you guessed it Sexy as f*ck! Ericka is sweet, innocent and pure, he should be nowhere near her. I'm so glad he dared!

First of all, I love Dom! What an amazing character! He may be the VP of the Serpents MC and not always follow the law, but the way that he takes care of and loves Erika, really makes him swoon-worthy and unforgettable.

And how can you not admire Erika and her strength? What she has and continues to go through because of her mother and sister, is sad. But she is determined to not follow in their footsteps and wants nothing more than to make something of herself and get away from the way her life is. And even though she is about to face the unthinkable and believes that she would never make it through without Dom, we are given the opportunity to see just what she is made of. I found her inner strength amazing and her sass entertaining. This book will definitely give you ALL the feels. It made me laugh, cry, and cheer. It is definitely HOT! and when it ended, I was ready to pick it up and read it again. I was also thrilled to "see" Jake and Nix again and look forward to seeing more of them in the future.

I have to say, just when I think your stories can't get any better, you go and give us your next one! It is great to have an author with the talent to give us, the readers, something to love and remember. And you do that, time and again. And it is very much appreciated. I can't wait to see what you have in store for us next!

Clipped Wings is every single thing I love about reading. Everything. I was so lost inside of this book that when I finally came up for air I couldn't remember what year it was. It's that good. I thought Jake held my heart, I was wrong. Dom holds my heart in a steel trap! Betty Shreffler gives you a real, gritty, bloody, and crude look into the MC world with Clipped Wings. So much stuff going on around Dom and Erika I honestly had no clue who to trust. Things got bloody. Things got sexy. Things got scary. Things got happy. You will feel so many emotions with this story.

The writing was exciting and heart-stoppingly good. The characters were exceptional. I always feel like I can't love another book more from Betty Shreffler and then the next one comes out. It's never ending love. I have a huge love affair with her books and I wouldn't have it any other way! Clipped Wings is an incredible story that will have you wishing for the next one!

Dom, Oh, Dom. What have you done to me? Ruined me, I tell ya. Completely ruined me. Y'all this book. I don't even know where to start. Everything is still all jumbled in my head and I'm still stuck in a Dominic daze. I didn't think another alpha male could come in and jump ahead of Jake Fucking Castle for me but Betty showed me how wrong I was.

Betty has once again blew me away. She continues to surprise me with the characters she writes and the worlds she creates. She gives her characters depths, she makes them real, she makes them flawed but most of all her characters are human. They live, they love, and they make mistakes.

Dominic is everything you could ever want in an alpha male. He's strong, protective, loyal, and loves fiercely. He'll do anything for those that he loves, including killing if need be. The way he feels about Erika is the way we all want to be loved.

Everything is lost when I'm inside her. She's my freedom, my drug. My addiction.

That one quote sums up everything Dominic feels for her. She's his freedom. Don't we all want to be

someone's freedom? Someone's drug? I know I do.

Betty, whatever you do, never stop writing. You were born to do this. Your words bring us to worlds we know nothing about and allow us to live vicariously through these characters. You give us the chance to love, laugh, and cry along with them. I'm going to be sitting over impatiently waiting to see what and who you bring us next.

Wow!! Absolutely an emotional read from Betty Shreffler. I cried at all the stuff that Erika has been through in her young life but at the same time, was in awe of how mature she was. Dom? Well what can I say about him! LOL He was perfectly written and I think I fell a little bit in love with him. The emotions, drama, intrigue, danger was all scripted to make the reader feel they were right there with the characters. It's dark, it's gritty and it's a book you want to make sure you have time to just sit and read because it will be hard to put down. If you like MC books, I highly recommend this one.

????? Five Sparrow Stars ?????

You know you've got sucked in to a good action book when you want to go pack a glock and start shooting bad guys yourself. Lol! Betty Shreffler has outdone herself with Clipped Wings. I seriously got to the point where I read this book nonstop, making the real world fade away. My emotions were all over the place and couldn't stop reading. I loved every page of Dom and Erika's story! This is the type of book that no matter how bad a book hangover you're on, this book will definitely pull you out of a rut. And then suffer the book hangover this story will give you after reading.

One thing I loved about these characters was their amazing chemistry and the changes they both go through, throughout the story. Dom is one hot mofo who fucks hard and loves harder. Wow, can that man get you all twisted in the best way just the way he talks. Be warned to pack an extra pair of panties before reading. He's one dirty talker that will get you squirming in your seat. Erika showed how strong, loyal and independent she can be. Uses that smart brain of hers to gain ambition and get out of the life she's stuck in with an absentee junkie mother, leaving her and her sister to figure out life for themselves.

This is book 2 of Betty Shreffler's MC Romance Series but a complete standalone with its own HEA. Amazingly written in dual POV. Loved this must read book and can't wait to see anything else Betty will come up with next.

I devoured this book! I couldn't get enough...it's dark and filled with passion! The plot played out perfectly. I loved Erika & Dom's dynamic!

This was my first novel by Betty Schreffler and I enjoyed her writing style and also the amount of description she put into Clipped Wings!

Amazing writing as usual, although I'm not an instalove kinda book lover, I did fall in love with Dom and Erika. Dom being the VP of the Serpents and Erika's sister their plaything, there's always a party at their house, always noticing each other but never interacting until a drunken bleep gets in the way... you have the instalove, the MC drama you'd expect also you get a snippet of Jake Bleeping Castle!!!! Happy reading :)

Amazing! I couldn't put this book down & was drawn in from the very start. This dark MC was an emotional ride from the very start. It was packed with hot steamy sex, death, disloyalty, brotherhood, right, wrong & love for someone that makes you want to change your path in life for the better to protect the person you love. Dominic is the man of every women's dreams a total alpha who will protect his women no matter the cost. Erika & Dominic were truly meant to cross paths with each other. From the moment he decided she was the one he did everything in his power to protect her from his dark mc world, a world that was determined to tear them apart. Did it happen ?? I won't say to find out read this book you will not be disappointed, I certainly wasn't and I can't wait to see what happens next! Betty this book was absolutely fantastic & I can't wait to see what happens next in this series!

4.5 hot as sin stars!! This is one hell of an MC book!!!

? This is Dom and Erika's story....

Erika~ my mom is a druggie who could care less about me, my dad is in prison, my sister is a drugged out whore (whom I love very much) and me, well I am a Virgin who got into college living in this god forsaken drug/party house. Life sounds great, huh?!?! Everyday is a battle until he notices me. My savior, the baddest biker of all....

“There’s no going back, Sparrow. Once you’re mine, you’re mine for good. All you have to do is ask for it.”

Dom~ I demand respect and loyalty. I do not take being lied to. This fiery little thing broke my trust the very first night. Problem is she is all I can think about. She is mine and NOBODY will take her from me...

“...She thinks she needs me to care for her, to protect her, but it’s her I need. All of her. Her body, her love, her loyalty.”

?My thoughts...

Yes!! This was a super sexy book. Oh Dom is 5 star sexy!! I love him!! I mean there a few very sexy men in this book. Dom is exactly the kind of man I love. Ahhhh!! Him and Erika are like the perfect couple. I love it. Yea he is controlling but she loves every fucking minute. They both came from shit and held their head high!!

I just want to mention that I think the cover is off the chain!! One of my favorite covers!! I hadn’t even read the blurb and the cover drew me to this book!!

This was not a PG 13 MC book. This was full of raw, dirty, scary, nasty and very adult things. There were a lot of triggers in this book. So please if you have red flags for dark reads then go into this cautiously. This touches on many things, though I may cringe, I could not put the book down.

The book is written in dual POV and I loved it. Very well written and introduced me to a ton of people without confusing me in anyway. This is a book you will not want to miss out on!!

I received this book as an ARC and in return gave my honest review

I've been on an MC kick lately and had been curious about Betty. She was a new author to me. So I decided I was going all in. Omg. I am so glad I did. This was one the best MC books I've read in a while. It contained every but of emotion one is capable of feeling with a heat factor of a million!

Dominic and Ericka couldn't have been more different. Dominic the big bad VP of the Serpents and Ericka the young virgin who does all she can to stay out of the trouble her mother and sister have unleashed on her home. I felt for her. I wished I could climb inside the book and hug her and keep her safe. No need to worry though once Dominic gets his eyes on her.

I don't often use quotes in my reviews unless they stand out so much that I have to go back and re-read the beautiful words.

“ You're my sparrow, forever mine, forever having clipped wings. ” Kissing him, I hold his face to mine looking into his sensuous emerald eyes. “ You're a fool if you think my wings would be clipped. With you, I'm forever free. ”

If that doesn't touch your heart than I don't know what will. We do see a lot of tears, abuse, heartbreak, and backstabbing. But most importantly we see a man that loves his woman so fiercely that he will do ANYTHING to keep her safe.

It's safe to say that Betty has made her way to my top must read author list. I can't wait to dig into more of her amazing journeys.

Sissy's Romance Book Review says

Clipped Wings by Betty Shreffler is book Two in the A Kings MC Romance series. This is the story of Erika and Dom which is easily a standalone book.

Erika is a good girl but has a terrible mom and a sister that had to join the bad side to keep a roof over their head and food in the refrigerator. But her sister had to allow a biker gang have their house that they live in this has opened Erika up to a bunch of tough bike men who keep hitting on her. But her eye has always been on Dom, the VP of the club. When one of the club members starts to get fresh and abusive to her Dom steps forwards and defends her. From there on out Dom won't deny his growing attraction to her anymore.

Dom is a bad man but he won't let anyone hurt Erika...including her family.

This was a dark romance but one that I couldn't put down until I finished it.
