Gleanings from the Writings of Bahá'u'lláh Bahá'u'lláh

Gleanings from the Writings of Bahá'u'lláh is an extremely important compilation that sets out the Baha'i teachings on a myriad of subjects. Among the themes that fall within its compass are the greatness of the day in which we live, the spiritual requisites of peace and world order, the nature of God and His Prophets, the fulfillment of prophecy, the soul and its immortality, the renewal of civilization, the oneness of the Manifestations of God as agents of one civilizing process, the oneness of humanity, and the purpose of life, to name only a few.

From Reader Review Gleanings from the Writings of Baha'u'llah for online ebook

Megan Salyer says

Pure poetry but like all religious text has its flaws in perspective. "Love everyone EXCEPT LGB" people isn't my motto. COEXIST & Love everyone.

Chris says

i've returned to different parts of this book though the years. great spiritual ideas and ideals.

Matthew LaFave says

More excellent stuff to read thru or peruse. I was surprised to find a compilation of the main Baha'u'llah books at my local library. I honestly love this stuff, and feel on many levels it is very enriching to read. Matter of fact, I can't think of a proper word to describe how good this stuff is.

Josh says

Excellent book. Nothing but wisdom inside though I have a long way to go to really comprehend it if that is even possible for me.

I'm going to check out the hardcopy as I had listened to the audiobook and I'm convinced the reader was trying to bore me to sleep with his monotone.

Gwendolyn Neal says

(I find it silly to give a rating out of 5 to a religious text)

naree says

Better known as Baha'u'llah's Greatest Hits according to some :)

Kris says

Eddie Glenn says

Excellent.

Maya Bohnhoff says

This is, without doubt, my chief reference book when it comes to the writings of Baha'u'llah ... or the answers to questions about life, the universe and everything. Some of the passages have been highlighted so many times, the paper's wearing thin. It also has a preface by Shoghi Effendi, who translated the tablets and organized them by subject matter.

I have one copy for devotions, one copy for reference (with tabs and annotations) and one that is falling apart because I reference it so often. Thank goodness I now also have an electronic version!
