This Book is utterly amazing and awesome, I read it about a year ago and while it may seem like a children's book, it can be enjoyed by all ages. The amazing magical world that Sophie Audouin-Mamikonian weaves in the Tara Duncan books seriously rivals that of J.K. Rowling's Harry Potter series. There is a cartoon series based on the books and while it is excellent it is not nearly as good as the book. I actually have considered dressing up as Tara for Halloween, and have considered learning French partially because I want to finish reading the series but it will probably be many years before all the books are translated. I'd Suggest this book for anyone looking for a good fantasy novel with a well constructed, creative fantasy universe (And anyone suffering from Post-Potter depression ;))

Review for „The Forbidden Book” from the Tara Duncan series by Sophie Audouin-Mamikonian:

It's the second book from the "Tara Duncan" series written by the bestseller French author, Sophie Audouin-Mamikonian. The story follows teenager Tara Duncan who embarks on a journey to the OtherWorld to prove that her friend Cal is innocent after being accused of a crime he didn't commit. However, she comes across various obstacles which can put both Cal's life and the world in danger, especially after Fafnir accidentally releases an entity called the Devourer of Souls. Will Tara manage to prove Cal's innocence and save her planet before it's too late?

Adventure, ghosts, monsters, friendship, magic, teamwork, risk-taking, bravery and much more can be found in this book.

Sophie Audouin-Mamikonian shares the life at the palace and its strict rules through her novels, especially since she is a princess herself. We can also see through Tara Duncan the type of girl who is responsible, brave and well organized, seeing that she has to be a normal teenager on Earth, a future Empress on the OtherWorld and a heroine.

Those who like mystery, suspense, dangers, mythology and journey will love this book which they won't stop reading.

But I recommend it to children from 12+ because there are a few scary scenes.

În acest volum se d? o b?t?lie destul de acerb? pentru Cartea Interzis? care a ap?rut prima dat? în *Magicienii Sor?itori* când Tara a fost atacat? de o harpie. Cartea pare s? fie cea mai sigur? metod? de a ajunge în Limburi ?i de a rezolva orice probleme ai avea pe acolo, de?i orice ar fi sunt sigur? c? nu sunt de bun augur. Acum Tara ?i prietenii se afl? pentru a doua oar? în Limburi într-un an, deoarece trebuie s? dovedeasc? nevinov??ia lui Cal, micul ho?, care este acuzat de o crim? pe care nu el a comis-o în mod direct. El doar încerca s?-?i impresioneze prietenii încercând s? dovedeasc? faptul c? Angelica este vinovat? de o mul?ime de evenimente nefaste care li se întâmpl?. În cele din urm? acest lucru se dovede?te a fi inutil, c?ci scopul

închiderii lui Cal era acela de a fi r?pit de gnomi pentru ca împreun? cu ga?ca s?-i ajute s?-?i salveze femeile ?i copii din mâinile unui sor?itor malefic, care nu este Magister.

Great book which I read a few years ago. Sadly however I am still waiting for more as it appears that the publisher has no plans to publish the rest of the books in English. Does anyone know of an english version of book 3? (Official or unofficial, fan made, anything?). Sometimes I really wish I knew French... :/

I love how the author goes through several plots within one novel (especially when looking at authors who can't even handle one). Hmm, seems like Master Chem is plotting something...and who else hoped the magister would be her father? Yeah, didn't work out. -_-

I'm giving this book a solid 4.75. This book totally left me on a cliffhanger i felt like screaming. I loved this story it was a almost direct continuation of the first. I loved the tara in this, the brief parts of her mother, and everyone else in this colorful lovable cast of characters. What made me look into this series in the first place was the show on kabillion tara duncan when i found out there was a book series i had to get my hands on it. I loved this story and even though the target audience isnt quite around my age group i was still able to giggle along with tara and hope for the best. I hope everyone read this book too.

Cal este acuzat de uciderea unui sor?itor din primul roman, doar c? el este nevinovat. Prietenii lui caut? c?i de a dovedi acest lucru dar între timp Cal este r?pit din închisoare ?i for?at de gnomi s? îi ajute s?-?i recupereze femeile ?i copii care au fost r?pi?i. Ei îl contaminez? pe Cal cu T'sili ?i îi aduc ?i pe prietenii lui la el.

Ace?tia reu?esc s? le salveze familiile gnomilor iar T'sili nu îl afecteaz? pe Cal.

În acela?i timp, Fafnir vrea în continuare s? scape de magia ei (necorespunz?toare unei pitice) ?i merge înso?it? de doi Înal?i Magi pe Insul?, dar este posedat? de Pustiitorul de Suflete ?i dup? ea, o mare parte din

Alt?Lume, începând cu Hymlia, ?ara piticilor.

Tara ?i prietenii ei merg pentru a doua oar? în Limburi, la Judec?tor, pentru a dovedi nevinov??ia lui Cal dar acest lucru se dovede?te inutil din moment ce el fusese deja eliberat din închisoare. El trebuie s?-i promit? fantomei b?iatului care a murit c? va avea grij? de p?rin?ii lui.

Apoi Tara ?i prietenii ei, împreun? cu Maestrul Dragosh ?i Magister, lupt? împreun? împotriva Pustiitorului de Suflete ?i îl înving.

Lupta continu? între Tara ?i Magister, care a încercat s? o omoare în vol. I, iar acesta din urm? pierde, mergând în Limburi, datorit? unui sor? care îl va ?ine acolo timp de un an.

Înapoi în Lancovit, Tara a fost pe parcurs atacat? de mai multe ori de un nou du?man care se dovede?te a fi doamna Boudiou, c?utând r?zbunarea. Ea este capturat? de logodnica Maestrului Dragosh.

Cartea se sfâr?e?te când Împ?r?teasa ?i Imperatorul vin pe P?mânt la Tara acas? pentru a o convinge pe ea ?i familia ei c? Tara este mo?tenitoarea Imperiului ?i este singura lor speran?? din moment ce Împ?r?teasa e steril?, dar ace?tia nu accept? a?a c? Împ?r?teasa le declar? r?zboi.

Nu în?eleg nici eu de ce citesc porc?riile alea f?r? sens dar cred c? îmi place ideea de aventuri ?.a.m.d.

Oricum, n-a? putea citi mai mult de o carte din serie pe an, chit c? dureaz? o ve?nicie...

E complet illogic? ?i stupid? ?i totu?i... kinda cute. Nu ?tiu despre viitoarele volume.

An awesome sequel, Tara's life grows more intense. Why is the whole series out in French but not English.

Ashley says

This book was really good but did get a little slow at parts but not much. I really hope they make book ten in English because i really want Cal and Tara to be a couple. the book was super funny too. If you like wizards,funny,and romance you have to read it!

Je ne sais pas pourquoi, mais il m'a fallu longtemps pour le lire.. Peut-être parce que j'étais malade (allergie), enfin bref !

Un bon tome, qui nous fait vraiment bien avancer dans la trame principale, ce qui est appréciable. Nous avons bien sur des histoires en "plus".

Certaines réflexions, certains comportements m'ont énervés, d'où ma note, car ça reste un bon tome. Hâte de me plonger dans la suite !
