## **Light Warrior: The Spiritual Power of Fierce Love** Kyle Gray

Light Worker is anyone who has heard an internal call to make a difference. A Light Warrior is the soul who acts upon that call.

*Light Warrior* is a manual for those who have seen the signs and are ready to take action. It is for those who are aware of their spiritual gifts and want to take their practice further...yet may be feeling sensitive, powerless and fearful of the unknown. This book aims to help genuinely gifted people overcome the fears that stop them from fulfilling their heart's desire and developing their talents.

Gifted angel expert Kyle Gray shares insights and practices that will help the reader to identify their fears and overcome them. The book includes tools for spiritual and psychic protection specifically aimed at sensitive Warriors, allowing them to feel safe enough to step into their power. Kyle will also teach you how to create a spiritual ceremony, ways to release blocks and yoga techniques that encourage confidence and inner strength. Within the book you'll find personal accounts and experiences of Kyle and his clients, and the ways they have been able to overcome the challenges in their lives.

This book is for the spiritual seekers who are willing to know themselves and ready to ignite the Light Warrior within.

### **Laura Z says**

This book was amazing. I will be writing a full review, but it has advanced me on my spiritual path and increased my awareness of my Spirit Guides and Angels. I would highly recommend to anyone currently on their Spiritual Journey looking for more on how to choose love in life and be of service to the world.

### **Denell Wehrly says**

This book was amazing! I love Kyle's energy and his vibration and he teaches you a lot of exercises that will help you in your life to better yourself and raise your vibration and his encouragement to keep growing and make yourself better and why this is important is really uplifting. He shares a lot of personal experiences which I loved to hear about. I will definitely be looking for more of his books!

Review originally posted on The Curious Cardslinger blog - <http://www.thecuriouscardslinger.co.u...>

Somewhat uncharacteristically, I've spent the last week reading the latest book by Angel Expert, Kyle Gray, which was sent for review by Hay House UK. I'll admit that until a few years ago, the word 'Angel' would have triggered an unpleasant reaction in me. As a 'non-religious' person, terminology linked with formal worship would typically have been enough to turn me off completely. However things are shifting, and not just for me. Science is now catching up with ancient beliefs, and it seems both 'sides' are talking about the same things, but using different terminology:

"To awaken the warrior is to remember that we have this inner spark, this internal connection to the divine, the universal life-force, the cosmic presence that runs through all there is and ever will be. It is light in presence and love in essence. It is what a scientist will call 'the quantum field' and a Spiritualist will call 'spirit'." Page 15.

The book - Light Warrior - is aimed at those who have heard the internal call to make a difference in the world (Light-workers) AND have decided to respond to that call (Light Warriors). Filled with many different exercises and tips, this is a very practical manual which has a simple premise - you can live a spiritual life and still be a 'normal' person, but there are some things - 'warrior workouts' - that will help you.

A few examples are breathing techniques to connect to the loving presence within, various meditations, tools for psychic protection, invocations, working with guides, prayers, journaling exercises and creating sacred space. Key amongst these workouts are strategies for dealing with the blocks that are holding you back, and which are designed to help create necessary internal shifts (such as dealing with Shadow elements), and letting go of fear (Forgive Everyone And Release).

"The more you keep yourself safe and well, the more energy you preserve for the people that matter and for

your purpose, which is ultimately to be happy." Page 81.

The 'Intuitive Warrior' chapter may be of particular interest to those reading this blog as Kyle talks about how our intuition is the voice of the soul and it gets louder the more we dive into this type of spiritual work (definitely true for me). He also talks about intuition in relation to prediction and intention:

"Our intuition is in some way predicting our future, and it can do this because we have a hand in creating our future. The world we see and experience is based on our 'point of attraction' - what we're attracting into our life, whether we're consciously aware of it or not... The universe isn't giving you a plan, it's waiting for yours." Page 149 - 150.

In order to work well with your intuition, it's suggested that an open dialogue with it is necessary - as a Tarot reader, this is already a daily practice for me - and to distinguish the voice of intuition (which is love) from the voice of fear. Using Angel Cards and Oracles is also discussed. One of my favourite exercises in the book is how to make and use a set of Oracle stones or cards of your own - samples are given from the Warrior Stone Oracle Kyle used when writing the book. They provide a great starting point.

Of course, it's all well and good to be mentally, emotionally and psychically balanced, and to be in tune with your inner voice, but let's not forget that being a Light Warrior is all about helping others:

"Through our own awareness, we can help create awareness in the world. Through our own healing, we can share healing with others. Through focussing on peace in our life, we can bring peace into the world." Page 172

So the final chapters deal with the practical aspects of stepping into service and actually doing the work. It's ultimately a call to action, and a powerful one at that!

If it sounds like something that is in tune with your own path, this is a book you'll probably want to refer back to many times and it's conveniently available as a paperback, an eBook and as an Audiobook - although there are various visuals so, for me, the audio version would need to be in addition to a visual copy, not as an alternative.

it hit home on all different levels.

---

### **Maria Carmo says**

Another great book with very useful advice for all those deeply interested in following their own spiritual path.

---

### **Yvi Valentin says**

This book was such a game changer for me. It made me see things in a different light. Though I did feel a little bit of resistance around some things (facing fear), it didn't take away from my overall experience of the book. Certain practices resonated with me more than others but they helped me sort out what's right for me in my spiritual practice. I will definitely be reading this book again!

### **Luisa Kessanis says**

#### **ABSOLUTELY BRILLIANT!**

Absolutely brilliant. Has so much to teach, suits all travellers of the path. Even better with audio. Informative. Enlightening. Enjoyable

---

### **Jeanne Mitchell says**

I found it inspiring, thoughtful, and useful. I hope to make my own runes stones and create my own ceremony as I deepen my spiritual practice.

---

### **Juliet Foster says**

I don't know where to start reviewing Light Warrior. Perhaps with the fact I took notes as I read and even after revising those notes three times, I still have a twenty page document and a 12 page document for practical reference. There is \*that much\* valuable teaching in this book!

Note taking isn't necessary to make sense of anything at all about this book. It's clearly presented, easy to read, witty and wise in true Kyle Gray style. Being authentic is something he stresses, and he is certainly that.

If you've read the blurb, you've already got the gist of the premise. "A light worker is anyone who has heard the internal call to make a difference in the world. A light warrior is someone who chooses to respond to the call." And if you've gone on to read the reviews, you're probably already chosen your exact calling.

You don't have to be an angel whisperer, medium or psychic to need psychic protection and inner resources to stand your ground and make a positive difference in the world. You might have a book of your own to write, or a dream to clean up and revitalise the local park, the will to be an aid worker, a nurse or doctor... You can be many things Light Warrior.

For me, on my personal path, this book is worth its weight in gold. I didn't read one bit that didn't make perfect sense and frequently found myself saying out loud, "ha! I like that!" Gray teaches from the heart with just the right amount of humour and everything he says here, you can fully embrace.

I could go on for hours about the number of breakthroughs Light Warrior can help bring about but if you're going to read at length, read the book instead. It's the real deal.

---

### **Katarzyna Terlecka says**

Practical but lots of obvious things . I was looking for an inspiration but did not find it in the book.

---

### **James says**

#### **Fab read**

What a great book and reference tool. I would recommended this to anybody who is interested in angels and spiritual guidance. Didn't want it to end. Great job Kyle.

---

### **Margarida says**

Mais uma obra de um autor que muito respeito e admiro no campo da espiritualidade, sobretudo na temática angélica, Kyle Gray. A forma simples e despretensiosa como fala da espiritualidade e do papel de cada um de nós na mudança que queremos ver no mundo tem tudo a ver com o que acredito. Todos somos capazes de fazer muito por nós e com isso fazer a mudança no mundo, pois a mudança começa dentro de cada um de nós. Passo a passo, indivíduo a indivíduo, fazemos a mudança no colectivo. Obra fundamental para quem dedica a sua vida a se transformar, conectar com a sua Essência e Verdade interior e com isso poder inspirar e ajudar outras pessoas a fazer o mesmo.

---

### **Angel says**

Excellent. I can't wait to attend Kyle's event in February.

---

### **Slaa!!! says**

This book was a really good match for me rn. It's a keeper!

---

### **Stephane says**

#### **Great read!**

This is a fantastic resource for anyone looking for a "how to" handbook. It's equally a great read for anyone already practicing as a Light Warrior. Full of information, powerful insights and universal truths! Pick up

this book!
