Smith Family says

Our favorite Easter Board Books: <http://onceuponatime-bookblog.blogspot.com>...

Llama Llama books are always a favorite of ours. This one talks about Easter and Llama goes on an Easter egg hunt. Great rhythm, cute pictures, and fun and simple storyline - as usual!

J. Dorner says

This is the book the young ones were reading to the little ones on Tuesday. It was good, kept them occupied (as they read it seven times in a row), and had a cute twist on the eggs.

Jessica says

Love Llama Llama books! Not the egg I was expecting, but cute.

Sarah says

My two-year-old LOVES Llama Llama! This was another fun board book by Dewdney.

Elaine says

Very clever!

Jamie Jonas says

This is my quarterly child's book entry. And this one is VERY basic: A board-book about llamas hunting Easter eggs, with a surprise ending. I will say that this is a very colorful book, and probably serves its purpose all right. I like the fact that author Dewdney chose an animal that at the time she began this series was probably new to many children. As for the verse and illustrations--OK, I guess, but no Dr. Seuss outing. In fact, most of the books I read back when I was a kid, though basic, were far superior in quality to this. As I peruse many of today's picturebook options, I see that most are pretty mundane, and really I think children are important enough that they deserve better.

Final note to gringos: The correct Spanish pronunciation of "llama" is "yama," not "lama."

Ashley Enlow says

Rhyming Easter book. Great ideas for when learning about Holidays or arounds Easter time!

Austin Wright says

A rhyming book that introduces children to the awesome animal known as the Llama! Takes 30 seconds to read.

Suzanne Kunz Williams says

The llama llama books are such a joyous, compassionate series. I love how the books illustrates many of children's favorite parts about Easter.

**Talking Points - What do you like best about Easter? Is there anything you don't like about how you celebrate the holiday?

Lynn says

Full review at <http://books-n-music.blogspot.com/201....> I want to get all these books for my grandchildren. Dewdney's stories are wonderfully simple, easy enough for children to memorize and begin word recognition, but still interesting, especially given the artwork and the various facial expressions! Just beautifully enjoyable learning opportunities for kids!

Breon Randon says

Threw this in Abby's Easter Basket as it is still one of her favorite series. This book is short, cute, and has a funny little twist on the easter egg idea that my toddler loves to giggle at.
I should know- we read it 5 times a night ;)
