## ***Nappily Entangled***

Venus wasn't planning on falling for someone else. Her heart always belonged to Jake Parson, the enviable hot boy, starting from the moment he swept her off her feet with an impromptu proposal and a surprise wedding she never expected. Not a dull moment in the Parson household to say the least. Their heat and attraction could spark a flame in a cold wet room. But marriage, children, and too much distance, along with the constant swirling rumors of Jake's infidelities have put their relationship to the test.

What started out as a friendly encounter turns into a real attraction that Venus can't deny makes her happy for the first time in a long while. Before she can make the decision that will change their lives forever, Jake does something unimaginable to prove he'll do anything to keep his family together. This heart stopping ending will surely be talked about for days long after the last page is read, but don't tell.

"We were safe in our silence. I wouldn't speak of it, ever. I closed my eyes and leaned against this shoulder, and asked for forgiveness, for both of us."--Venus, *Nappily Entangled*

## **From Reader Review Nappily Entangled for online ebook**

### **Mrsbettis says**

It was more like a mystery than a drama... I liked it. Probably better than the last one.

---

### **Tarryn Johnson says**

Started off slow.. I really hated jake at the beginning..then by the end i was left stunned! I dont know what to say! I feel sad, mad, and angry at the same time, all towards Jake. I dont know if Venus should make a run for it or what, an what the heck happened to Bliss. I get the symbolism of her protecing Venus but man Im just in serious shock right now. I cant wait to see if there is going.to be a next book. I would love to see this book as a film. Ive read all of the books, and they all leave me breathless.

---

### **Revae says**

Nappily Entangled is the eighth book in the Nappily series by Trisha R. Thomas. The series has followed the courting, marriage, parenthood, kidnapping, business entrepreneurship, and reality TV career of Venus and Jake Parsons. Nappily About Us could have been the last book in the series. Everything ended on a positive note - justice was served, family was united, and Venus and Jake seemed to be in a good place. Nappily Entangled is an okay novel. Sirena is released from prison early due to overcrowding. Jake is living in LA taping a series. Venus and her newly found sister, Bliss, have started a natural hair business. Venus and Jake's marriage is on the rocks with the distance. Sirena is caught up with revenge, and their son Christopher ends up in the cross hairs. The suspense didn't kick in until midway through. This installment of the series didn't need to be done. This novel didn't leave me with the peace that the previous one did. Jake and Venus have become completely different characters who do things that you would never expect. Book 7 was the perfect end to the series. Book 8, while not a bad novel and at times is entertaining, could have been left out of the series.

### **Kyra says**

Needed more editing. The author switched from first person to third person telling the story and back to first person. Overall, I have enjoyed the Nappily books. Still waiting on the movie for the first book.

---

### **Kimbelry Lane says**

I think it's time to hear Bliss's story

---

**Cheri Brockington says****Awesome...**

I'm a big fan of Trisha R. Thomas and have read ALL of her books. This one didn't disappoint...can't wait until her next release

---

**Marva Tutt says****Too far-fetched**

I thoroughly enjoyed Trisha Thompson's first novel because those type stories happen all the time. However, the last few books are far fetched and nobody has that type of luck. Please start another series

---

**Monica says**

I love Trisha R. Thomas's "Nappily" series. She never disappoints with plot twists and turns in the story. She always leaves me wanting more! Fun, relaxing reads!!
