Ryan says

I've learned enough to be familiar with gods but it seems to me like I'm missing something. The illustrations are very nice and the layout is easy going. I recommend this for anyone who is interested in a beginners knowledge about the Norse gods.

Hengest says

Great book for beginners to the subject. Very easygoing and some excellent artwork.

Tosh says

Very organized with labeled entries and beautiful artwork.

Kate says

More an encyclopedia than anything else, though there are scattered (very brief) essays on Norse gods/myths and Nordic topics with some interesting information I haven't found in other places: for example, the Domhring.

Cotterell takes a wider scope of "Norse" than most, going beyond the Scandanavian and Icelandic regulars; but the brevity of the material in general limits the impact of that.

Molly says

Beautiful stories coupled with stunning illustrations of all styles. This is a "must-have" for anyone interested in mythology.
