This book was purchased as a present for my boyfriend's Dad. He had to change his diet as instructed by his doctor. He wasn't much looking forward to it so I hunted around for low carb books with the best reviews here and on Amazon. This is one of the two books purchased for him for Christmas 2017 and he uses them all the time! I'm very pleased that he is getting so much use out of the books I picked. So far the things I've tried that he has made with this came out pretty good.
