Glenn Keightley says

Different, compelling

Spoiler alert. This author does a wonderful job of world building, but she gets lost in repetitiveness. Books 1-3 were very well crafted with good sentence structure and spelling. Again, very wordy, explaining the same things over and over again. And the heroine's angst over not being told all of the plans to overthrow the big bad, too often and too much. I slugged on through to the end of book 5 to see what type of ending she would give this story and I was again disappointed. I kept wanting this set of books to get better, but they lost their impetus as well as their spelling and wordcraft. This author shows a lot of promise and I will try some of her other works in the future.

tracey welch says

I love a vampire story

Please see the individual books for a more in depth review

Overall, this book has some good to it. Vampires are never bad in my eyes. I adore them. The main character, however, was every hard to enjoy. She was weak, whiny, and argumentative. It took until book three that the storyline got interesting rather than confusing.

But, I did finish the story and it was indeed a good plot. It just seemed unrefined. The dialogue need a bit of work as well.

Martina Mooney says

What a journey you are brought on in this Series. You meet Eve, Michel and Julian. The story is full of descriptive intense scenes between the three of them. The eternal fight between good and evil. Between mortals, vampires and fallen angels. Just when you think you have the answers and the truth, along comes a twist and you are back on the edge of your seat. All is not what it seems! Will good overcome evil - get the series and find out - you will not be disappointed. I could not put this series down. You will crave more. This is a series you do not want to miss. I would give this epic Dominion Series more stars if I could.

H NELMS says

Great series

The adorable twins...they stole my heart.. Especially Julian... Enjoyed this well told series immensely..buy it

and you won't be sorry.

Sherry Vitanemi says

To long

I have read this book over a weeks time. Just finished the last couple of chapters. It was to drawn out. I just couldn't read it all at once. Just didn't hold my attention for long.

della king says

I loved this story I couldn't put my kindle down The twists and turns kept me glued.

Joanie says

Don't bother

Unfortunately, I couldn't finish this. I read the first book thinking that surely it had to get better. But a third of the way into book to and I can't stand another minute. There isn't a single character I can even remotely like in this book.

Kim Nelson says

Page turner

So suspenseful. There were a lot of twists that left you completely confused. I couldn't stop reading. The love story takes a bit of getting used to

Elizabeth M Southwick says

Selfish bitch

If you want a long story about a selfish self absorb ed girl and her two perfect lovers, this book is for you. Poorly written, it repeat s almost every adjective repeatedly! Will say it kept me intreaged enough to read the whole thing, hoping to have a conclusion. Nope, still in limbo!

Pandora says

Epic

I've read the whole series in 2 days couldn't stop and no sleep. I need more and I didn't want it to finish. Recommend but Eve could be annoying Michel was obnoxiously frustrating at times but it was well written the story kept me gripped.

anyasgma says

Dominion

Highly recommend this series, unlike most 'vampire" stories that have little "meat" to them, this is very nourishing, full of twists n turns that make up this story.?

Pamela says

College student Eve Hayden's life begins to spiral out of control the evening she agrees to meet with a linguistics professor in an attempt to have her deceased mother's ancient French manuscript translated. Little does she know that the professor is actually an eight hundred year old vampire trying to recover his twin brother's manuscript. Eve's highly emotional journey is fraught with deception, covert activity, and extreme danger to her and all human existence. Don't think that you will be able to determine just where this story plot is heading because there are just too many questions, too many secrets, too much deception, and very few people willing to be truthful. Eve's attraction to both of the twin vampire's is a pleasant respite from all of the violence and intrigue. This was a very gripping story with many, many twists and turns in the plot; a great adventure that will suck you into the action and hold you hostage until the very end!!!!
