Alive: The Final Evolution, Volume 2 Tadashi Kawashima , Adachitoka (Illustrator)

LIFE AFTER DEATH

Waking unscathed after his fall from a building, Taisuke is looking for answers. Told that his kidnapped friend is up north, he takes to the road. On his way he encounters a boy who has created a psychic barrier around a truck stop—and his captives won't be freed unless Taisuke kills him. Will Taisuke take a life to save others?

From Reader Review Alive: The Final Evolution, Volume 2 for online ebook

Inasni Dyah R. says

Makin lama makin bagus aja. Tetep engaging kayak volume 1; dan satu tokoh ngelawan tokoh lain—ini yang bikin semangat ngelanjutin, I guess. ?

Nfnt-robin says

And the creepfest continues! This one makes me even more curious just what the purpose of this virus is, and who the newly powered people are...

Kyrielle Holmes says

Definitely more interesting than the first one. Still confusing at times, but much better.

Conan Tigard says

Ah . . . now that the story was set up in the first volume, Alive: The Final Evolution: Volume 2 is finally getting into the meat of the story. We finally learn how Suicide Virus is able to blow people away with his high-pressure air bubbles. We learn that Taisuke controls fire but doesn't really know how to use it.

There are still quite a few mysteries that we don't have answers for. Why did the virus come to Earth? Where is it from? Does it want to kill off all of humanity? Why does it make some people have super powers? All of these questions are yet to be answered. Hopefully, one or two of them will be answered in the next book.

Tadashi Kawashima has created a dark story of intrigue and mystery in Alive. I found that I liked the second book a lot more than the first as I understood more about what was going on. The artwork by Adachitoka is great and I loved the way that he drew Ryou. Her eyes are fantastic. I do like that these characters do not have the humungous eyes like a lot of the Japanese manga characters have.

Now that the story is getting really interesting, I cannot wait to find out what happens next in Alive: The Final Evolution: Volume 3. Will Taisuke and Yuta find Hirose and Megumi? Now that Taisuke has attacked Suicide Virus, will he have to face him again? Will he be able to survive? I sure hope so. Boy, oh boy, I cannot wait to read the next book!

I rated this book a 9 out of 10.

Doremili says

La chica es interesante

Rembulan Irawati says

once i read it, i could NOT put it down. best manga i've ever read! ten thumbs up!

Crystal says

I like this series, although it does seem to take off on a slight *Parasyte* rip.

Beck says

We get some answers, as well as some more questions, and an expanded character base. The plot's gaining a bit of momentum/focus, although it's still pretty open at this point. This series is very much the kind of thing I'd watch on TV, and it's nice to find myself drawn into manga that's not primarily just romantic shojo for a change.

Jessie says

Characters come and go, and that helps you realize just how deadly the "comrades" really are. I love manga that has no qualms about doing away with useless side characters; I loved this volume because of that.

The addition of Yuta is great~ Shows us a "comrade" who isn't creepy. Great volume.

Melinda Beasi says

This series is so intriguing. I eagerly await the next volume.

Pussey says

First manga I've ever read and I couldn't literally put it down . It was confusing at some times but over all it was a fun interesting read.

Jenny says

[Ch. 4-7]

Definitely better than the last volume. It was a page turner. I love Yura or is it Yuta? I can't wait to read the next one!

[Edit: Haha, **definitely** not Yura. Yuta is my favorite character and I still love him. ♥]

Naomi says

It was well written but there was just one scenario that just dragged on for a long time, it got boring. The book was really fun to read. There is bunch of twists and turns in this volume, I loved it. This was better than the first to be honest. I couldn't put it down, I read it in one shot, it was that good.
