Hot & Adorable P.T. Macias

Alejandro Andres De La Cruz is the doctor in the familia (family). He's always there to help everyone in need. Alex loves to ride Luna a palomino on the familia's hacienda. He's hot, sexy and very warm caring hombre (man).

Carolina Crystal Reyes is a beautiful, sweet, young Medical Physician. She lives in the shadows and steals his heart.

Alex lives a double life. Can anyone help him in his time of need before losing his amor?

Excerpt

A few hours later, Alex drives down the off ramp. "We're almost there," he says. He glances over to look at his beautiful esposa. She's so bella and the dress really is beautiful on her, he thinks, possessively.

Alex stops at the stop light and turns to give her a beso. The light turns green and he proceeds thru the intersection.

Out of nowhere, a car runs the red light and crashes full speed on the right side of Alex's car. The car is pushed over onto the opposite side of the road. The good thing is that there were no cars on that side. Alex's car rolls over. The car then stops upside down.

The ambulance attendant pulls Alex out of the car. Alex comes through, dazed.

He immediately looks for Carolina, yelling out her name. "Carolina! Where is Carolina!" yells Alex, in desperation.

The paramedics recognize him and immediately attempt to calm him down. "Dr. De La Cruz, you need to remain calm," says a Paramedic. They don't know that Carolina is his esposa.

"Where is my esposa," he yells out. "I need my esposa." he looks around frantically, trying to see her.

"Dr. De La Cruz, the young lady in your car has been air lifted to the ER. She received the brunt of the impact and the door caved in. She's stable but is unconscious," says the Paramedic.

He takes Alex's vitals and starts an IV with pain medication. Alex is knocked out instantly.

"Dr. De La Cruz was real frantic about learning the whereabouts of that cute Physician's Assistant. Did he really call her his wife? He was asking for his esposa and that means wife in Spanish. I heard lots of gossip lately about them," says one Paramedic to the other.

"I don't know. I didn't hear him. I hope that the Physician Assistant makes it. She was really hurt," says the other Paramedic. He shakes his head as they roll Alex onto the ambulance.

I really love this book it has everything intrigue love sadness heartache and everything in between. P.T. Macias has a unique writing style that puts you in the now of the story so u can experience it as they do there is some spanish mixed in and i love it because it makes me feel a little closer to the characters. I absolutely have to say this is my favorite in the saga i fell in love with Alex from the very begining and cant wait to read more.

The De La Cruz family has strong values and they are all supportive of each other this book can be read as a standalone all in the series can.

Once again this is a wonderful story of love and facing challenges for the one you love. Alex is a very talented doctor and Carolina is kind and extremely caring. Overall I loved them as a couple, I did get a little frustrated with Alex because it took him a bit to see the big picture. Carolina had such challenges in her life that she deserved to find her true love and soul mate. She was absolutely the kindest person and she loved what family she had without fail. I was really cheering for her to have a HEA. I can't wait to see what the author writes next she is amazing!

This is a sweet and charming story. Alex is great and he shows us men can be idiots and still be so lovable. Alex wants to take care of Carolina, who is a sweet and young woman who works very hard. Carolina is such a strong and dependable woman who cannot believe the hot Alex De La Cruz would fall for her. This is a great story that keeps you captivated.

P.T. Macias is an AWESOME author. The story between Alex and Carolina was full of drama and I sure do love me some drama. But between Alex and Carolina the love was compelling because Alex was a doctor who didn't know how good he has it until later on. And Carolina was a kind and loving person. Their love was something I look forward to. This is a must read. A must read three times I should say.

Another De La Cruz Saga story. This book is Alejandro and Carolina's story. He is a Dr. and she is a Medical Physician. This story is about the closeness of family, how they all come together when there is trouble. The men are hot! When they fall in love it is quick and forever! Carolina is a sweet girl. This story is fast paced.

This is the best book I have ever read .

I Love how P.T. Macias includes the spanish and I love the family and I also love how she makes the readers feel part of the family.

I think hot and adorable was so great to read I found myself falling in love with Alex and Caroline when they lead me through the twists and turns of their story and I loved the horses as well. I wish I could ride the palomino

Hot & Adorable is another win for P.T. Macias. I'm not sure which is which as both Alex and Carolina are Hot & Adorable. In the previous books in this saga, we never really received much insight into Alex, the DR. Now I know why. It was good to get a bit of distance from the drama of the earlier novels and just basic in this lovely romance. What started as tragedy for Carolina, ended in HEA for everyone. Nicely done, again!

Paula Ratcliffe says

This book follows the romance between Alejandro Andres De La Cruz referred to as Alex and Carolina as they meet at work and feel a deep connection. Carolina lives with her grandmother who dies not long into the book and Alex can't bear to leave Carolina alone in the bad area of town so he spends every moment he can with her protecting her.

Realizing he could lose her when a man tries to break into her house Alex sweeps her off to Vegas to get married and on their way back they get into a horrible car accident will the two survive?

I really love these stories they are great and not only for the romance but also the story they tell of siblings and the people they love. They pull you in and give you a front row seat to what they are going through. It's told in the here and now which is great you don't have the back flash sequences at all. Which I really enjoy. You feel like you are there with the De La Cruz kids seeing what they are dealing with. This book was definitely a hot, steamy ride I thoroughly enjoyed!

This book is the start of a love story saga that takes off to unimaginable heights. This first book in the series is quite the upper class Mexican love story. Charming and handsome doctor meet the woman of his dreams in a Nurse Practitioner and they fall madly in love. When she is in a threatened state due to her neighborhood, Alex decides it's time to marry Carolina. He already feels she is pregnant and Carolina knows she is. After a quick marriage they are involved in a terrible accident. After waking in the hospital days later, they are reunited but the beautiful Carolina is in a coma and only arises from it when she realizes Alex is in danger. Wanna know more? I suggest you read the book. It is a very good read and a well thought out story.

Kevin Hammond says

so this isn't the first book I have read from this author, meaning I knew what to expect. There are lots of hot young sexy people in her stories and they have traditional Mexican values that strictly prohibit them from having any sex before marriage. but then they are all young hot sexy people so what can they do? The thing is, amid all the sexy bits and the clothes flying off people, repeatedly, and there is a lot of it, the same Tex Mex charm persists in the story. it is something I find hard to explain but there is an irresistible charm to the writing. it really doesn't matter if you like this story or not, somehow the writer just makes it work for her and importantly for the reader.
there is one thing I really would like to see in the future De La Cruz stories. you see all these young sexy people have lots of forbidden pre marital sex and they are breeding like wild rabbits and need quickie Vegas marriages. there is a brilliant concierge who organizes all of this on a moments notice and she doesn't even seem to complain about the next De La Cruz guy turning up with a pregnant hot chick. so I think she should have a De La Cruz guy next!

Roxie's Reviews says

"Instead of De La Cruz this should be De La Hot Hot Hot!"

If you are looking for Hot Doc's in it this book is for you!. Alex is a super hot Latino Doctor. With his sexy green eyes and charming attitude he is sure to win your heart :). The story line is compelling. The characters are amazing. Alex did not know just by going to work he would meet his soul mate but then he meets Carolina. Carolina is a new Physician's Assistant at the hospital. When Alex first sees Carolina he knows she will be his. Carolina is an innocent but Alex sets a fire in her and she knows he is to be her soul mate. Alex ends up kissing her and asking her out. Carolina's only family is her grandmother when her grandmother pass's away Alex does not want her to be by her self so he stays with her. After they make love Alex could kick himself as he forgets to use protection and everyone knows what that leads to lol. This book is so sweet and charming P.T Macias is such an amazing writer!
