Another great read from this author, I enjoyed reading this book..

Alexander and Alexia are taken to Dubai after a bomb explosion in one of Alexanders hotels, we see the couple getting to know each other more.. but not all is as it seems when they return home and Alexander is caught in a compromising position with someone from his past..

So this is book 2 in the series and i think that Alexander & Alexia are one of my favorite book couples..this time the detonation of a bomb in Kraftberg's hotel takes Alexander and Alexia to Dubai

The strength of A & A's attraction, desire and need for each other is palatable. You can feel it rolling off the page. It hits you every single time. It's scorching. Consuming. Riveting. Intoxicating. But lust isn't enough to make a relationship truly work. In order for their love to have the room to properly and healthily develop, they have to learn to **trust** each other. And that truly is what is at the heart of this book. **Trust.** It was sometimes frustrating to read through their jealousy for each other BUT I sympathized with both of them about their insecurities and worries..Alexander is still holding everything back about his secrets...There were times when I wanted to bang their heads together, to scream at them to stop with the jealousy thing!!!

Alexia & Alexander are both VERY jealous types, obsessive, possessive and very alike and it makes for an explosive relationship both in the bedroom and out.

So far i really like Alexander...He's a wonderfully attentive powerhouse of a lover, a controlling, domineering uber-alpha hero and drop-dead gorgeous..We frankly do not discover much about him in this book. Not much is divulged and of course that just leaves me wanting so much more information about this extremely passionate guy. I'm intrigued by him.. Alexander is as mysterious as he is gorgeous..

Limits of Destiny Volume 2 is an intensely passionate and sexy story

\*PS. If you haven't read book 1, Limits of Destiny Volume 1, yet, do be sure to start with it. This is a continuation of the story that started there, it is NOT a standalone.

### **Be prepared for a cliffhanger**

I really CAN'T WAIT to see what will happen next and i would love a dual POV in book 3!

Do I recommend it? **YES!** Happy Reading everyone!

### **Wow!!!! Addictive and thrilling!!!**

\*I received this book in exchange of an honest review\*

Wow! Just Wow! This book is totally addictive and thrilling!!! A wonderful rollercoaster!!! The story keeps on getting better and better!!!! I was given this book to read as a standalone but i beg of you to read the first one before!!! Without the first book, this sequel will just seem incoherent and chaotic!

Entertaining, with lots of ups and downs, Alexander and Alexia's love story can become a little annoying at times, but then something jumps up (like the cliffhanger) and you are totally addicted again!!!! Impossible to put down, i really enjoyed vol.2! Well written and well researched, this sequel is full of angst and twists!!! I loved it!!! I can't wait to see what happens in vol.3!!!!

I devoured book 2 of this series today. In book 2 Alexia and Alexander continue their journey of getting to know each other and discovering their love for each other. I totally feel for Alexia as she is very insecure that the sexy and powerful billionaire Alexander will fall in love with her. On the other hand, Alexander is trying his best to show Alexia that she is worthy of his love. This is sweet but also sexy and steamy too. I enjoyed this very much.

After falling for Alexander and Alexia in book one, I suspected that things may take a turn for the worse in the second book. After all who's going to read a series where everyone is always happy-go-lucky and in love without any of the drama?

However, this book did not go quite as I expected. While in Dubai, to check on the status of one of his hotels, Alexander and Alexia are forced to deal with some issues from their pasts. As more details of Alexander's sordid history comes to the forefront Alexia starts to doubt her place in his world, not that I blame her. How can this handsome, wealthy, playboy ever really settle down? As these fears continue to weigh on Alexia, Alexander begins to show a pattern of possessive and domineering behavior.

When they return to Zurich, Alexia's worst fears are confirmed when she finds Alexander in a compromising position with a woman from his past. Will these two be able to work past their issues and find love with one another? At this point I'm not so sure.

Thank goodness I already have the third book so I can jump right back into their story and get some answers:)

Well book 2 in the series didn't disappoint at all. The writing of the author is just as good if not better and the sex scenes were more steamy as Alexia and Alexander venture into new territories both with each other and in the world. This book is set in Dubai after a bomb has exploded in Alexander's new hotel and the pair jet off there for a holiday and for Alexander to work on the restoration of the hotel. Alexia's insecurities keep being brought to the surface and as much as Alexander loves her and tries to prove this other factors keep being pushed in front of her nose (literally in some points!) This ends on a cliffhanger so please make sure you can buy book 3 as soon as you have finished this as you do not want to have to wait.

**“God, how soft your lips are. You’re so sweet. What have you done to me, Alexia? I’m losing myself in you,” he whispered, his lips touching mine. “I want you forever. I want you to be mine. Just mine.”**

WOW! That line made my heart skip a beat.

I love the first book and I'm loving the second book of this series. Alexander what have you done to me?...Waaahhh... You're so amazing!

What I love in this book is that you will feel the strong connection and attraction between Alexander and Alexia. It's like love a million times, butterflying beautiful. Even Alexia felt jealous and insecure about Alexander's past, you will see how Alexander shows how he really feels for Alexia.

**“I hear every word, baby. It’s you who’s not hearing me. You are made for me. Just for me. I’ve finally met the woman of my life and I want to be with her, with YOU.”**

Alexander is a very possessive, controlling, alpha man but when it comes to Alexia you will see his soft spot and how a man experience to fall in love.

This book made me fall in love all over again.

Sooo excited for the 3rd book. And the good thing is it has vol.4! Squeeee... More story of Alexander and Alexia. Love it!

4.5 stars

Yet again Sharlyn Branson pulled me right back into Alexander and Alexia's lives from the first page. I found myself sucked in, ignoring the things I should be doing opting to stare at my kindle for a few hours. Alexander and Alexia head to Dubai in this volume, to handle the bombing of his hotel. During this time their relationship gets stronger and while Alexia is still insecure and a bit afraid she'll never be enough for him, her best friend sheds some light on how she's behaving and Alexia jumps in with both feet only to end the book on a heart wrenching cliffhanger.

The second book only leaves me begging for more, while I'm still not completely sure of Alexander I want more, I need more from him. He's asking Alexia to give up so many things, I need to see him give up something for her. And not just his womanizing ways, that was done before they met so I'm dying to see him actually work with her instead of demanding things. Looking forward to book three!!

"I only want you."

Another great book written by the author. It starts right from where it ended in Volume 1. Alexander and Alexia both get to know each other more in this part. They are in Dubai to handle onto the situations which were caused due to bomb attack. Things have taken a drastic turn in this book. Alexander is becoming more and more controlling and possessive. He expects Alexia to change everything for him though same goes for him too. It is not wrong of Alexia to think as to why so suddenly Alexander wants to settle down, him being so successful. Something is nagging her continuously in relation to his past. When both of them return from Zurich, Alexia finds Alexander in a compromising position with someone from his past...oooppss. ...!!!

"Oh, baby, you're the sun that has dawned in my life," he whispered, his lips touching mine. "Without you there's no light."

"You are made for me. Just for me."

I must say this book was no less. I mean the way in which both Alexander and Alexia are madly in love with each other is hot. But damn I must say it's so infuriating sometimes seeing both of them jealous and snapping at each other continuously. But at the same time it's adoring too. There are still questions yet to be answered. Alexander's past no doubt is holding loads of secret. Cliffhangers.... argh. .. I need to read the next part now as to get my answers.

"You make me want you all the time, Alexia. No other woman has had such power over me. And you must remember this once and for all."

### **5 Heart Pounding Stars**

In this book we see more of Alexia insecurities in the relationship with Alexander. Alex past is coming back to bite him in the butt when Alexia are asking him questions he knew that would hurt her. I can see that Alexander really loves her and he is doing his best to show her. Oh, I so dislike Vanessa by the way. Another cliffhanger. Now I have to find out what's going on. Will their love survive or will it be over for Alexia and Alexander? I can't wait to read the next book.

“Alexia, be more responsible and check your cell from now on.” He sounded like my father, which made me roll my eyes.”

“God, how soft your lips are. You’re so sweet. What have you done to me, Alexia? I’m losing myself in you,” he whispered, his lips touching mine. “I want you forever. I want you to be mine. Just mine.”

“You make me want you all the time, Alexia. No other woman has had such power over me. And you must remember this once and for all.”

“I hear every word, baby. It’s you who’s not hearing me. You are made for me. Just for me. I’ve finally met the woman of my life and I want to be with her, with YOU.”

Francesco took a step toward me, hugged me, and we were about to give each other pecks on the cheeks when Alexander grabbed me by the waist and pulled me toward him in a gesture of possession. He was showing a sense of property toward me, keeping me only for himself and preventing any man from touching me. He’d managed to drill that into me already. I hadn’t met a more jealous man in my life.

*“We have to talk,” he said in a quiet and seemingly calm voice.*

ARC/R2R received for my honest review.

## **Gio Millan says**

The second series is a bit more intense than the first, the love that this couple shares is very strong. This keeps you wanting to know more on what is to come. Just when you think you know what is going to happen you are wrong. Such excellent writing. A definite must read.

I was given book 2 in return for an honest review!!!!

What can I say about book 2 except I still sometimes hate and wanted to scream at and kill Alexander for his

obnoxiousness and possessiveness and as well as still loved him for his sexyness, power and ooze of manliness!!!

Alexia is still as strong person but in this book we see a bit more of her and her history

Their Relationship is still toxic as is intoxicating!!! Especially bringing other people (Ex's) into the mix; the deadly Vanessa and Ralph....

And I wasn't expecting that as a cliffhanger!!!! Now we need to find out what's happening!!!!

\*\*\* A copy of this book was provided by the author in exchange for an honest review\*\*\*

The second book is just as amazing as the first one such an invigorating and alluring series!

Alexia and Alexander travel to Dubai to check on the status of one of his hotels, but while everything in Paradise looks calm it's not. Alexia is feeling insecure and can't get over Alexander's past, she can't accept the fact that he chose her to settle down with. Alexander is really trying he doesn't want to hurt Alexia.

Alexander only knows how to deal with Alexia's fears by showing his possessive and dominant side. When they return to Zurich, Alexia's fear comes to life and she finds Alexander with a woman from his past it's heartbreaking and devastating. Will she be able to move past this and face their issues head on? I can't believe it my heart literally hurt, I don't know if I can move past what he did or if Alexia will.

Can't wait to keep reading I need answers as devastating as they may be I have hope for these two amazing characters!

Wonderful series a definite must read!!!
