Great series about days and nights!

Seduced by Day by April Angel

Stephanie has the hots for her bosses. Yep both of them! Brent and Bryan Day are twins and partners with Royce Night at Night and Day. Which one to pick? Choices ... Choices ... Little does she know they want her too, both of them. All three of them are afraid to make the first move. Give this Halloween party themed story a try to see who goes first.

Favorite passage:

- Though it was a personal fantasy of hers to be with the inked and pierced sex gods, she didn't think most women felt that way.

Bitten by Night by Milly Taiden

Amazing Halloween Tail (spelling intended). Really enjoyed reading this hot tale about shifters during Halloween, Heat & Full Moon! It was the perfect paranormal storm. And now a bit about the story...

Kiara is a tigress trapped in a woman's body. Royce, one of the three partners at the firm she works, is the wolf shifter to whom she is attracted. She is trying to fight it – he is a wolf, she is a cat – it is like oil and water, they don't mix. Royce finally decides to make his moon during the full moon at the company Halloween party. Kiara has been told Royce can't make it, so she wears her costume from the previous year, Little Red Riding Hood. You remember the nursery rhyme, right? This one ends a little differently – check it out!

Favorite Passages:

- She, on the other hand, could only get away with shifting into her tigress and biting someone's ass if they weren't careful.

- "I don't care if you're a feline, a wolf, a human, or a troll. I want to be with you."

~~*~*~*

Who will win this game of cat and mouse?

We are back at Night and Day Ink for Ana and Callum's story. They are both head strong and in need of something. Both unwilling to admit that it is the other. Ana because Callum is off limits based on the "rules". Callum because of his heart breaking past. Can the strong survive or will the cave? Find out in this quick and sexy read!

Favorite Passages:

- “Now this,” she said and met his gaze with a smile, “is the kind of sucky day I like.”
- “Trust your instinct, kitten. It will never guide you wrong.”

~~*~*~*

Watch out for things you bump into in the night...

It takes one strong wolf to tame a tiger! Great characters who behave unexpectedly to bring us a wonderful passionate story. And now a bit about the story...

Almost all the men of Night and Day have been taken, but Brett still remains single and lonely in Japan. He has a new assistant that has started working for him in the U.S. office. Her co-workers think they would be purrfect together another kitty and puppy combo. She just wants to get through this heat before it kills her, that is until she bumps into a stranger on the street.

Favorite passage: Most people told her she had such an hourglass figure. She liked to say she was hourglass with extra days.

I read the first two, but there just wasn't enough content to keep me interested in sticking with it. It wasn't for me. You may feel differently...happy reading.

quick reads

if you're looking for a quick shifter read then this is the book for you. They say opposites attract and that is definitely the case in these books. Cats and Dogs don't normally play well together but tigress and wolf's play extremely well

Selina Durio says

Overall for the bundle I rated this three stars, but book four was much better than books 1-3

Bitten by Night – This book is more of a short story than even a novella. Even though it is short, it seemed complete. Kiara, a tigress shifter, is in heat and is trying her best to avoid one of her bosses, Royce. What she does not realize is that he is definitely not attempting to avoid her. He and his partners come up with a plan to get her alone with him, outside of work and things happen very rapidly after that. This was a nice read, but as stated everything happens very quickly.

Seduced by Days – Just as in the first installment an assistant is longing for the bosses. The main difference in this installment is that the main characters in this installment are not shifters. Stephanie, who works for

Royce, the shifter in the first installment, is in lust with the Wonder Twins, Night and Day Ink partners Bryan and Brent. Just as in the first installment, she is unaware that they both also want her. So they set up a situation, same as in the first installment, to get her alone. Even though they are not shifters, the story becomes fast paced and mating occurs. This was again a nice read, but a very short story.

Mated By Night – Same basic story, different character names. In this installment Anabelle, tigress shifter, is lusting after wolf shifter, her boss Callum. She was in heat and her tigress wanted Callum. Just as in the first two installments unbeknownst to her he wanted her also. While I enjoyed this story, this story line is getting a little old.

Taken By Night – While the basic premise of this series is the same, this installment was a little different. While it includes a wolf and tigress, Tina has never met her boss, and wasn't lusting after him during her heat. They actually physically run in to each other and things begin to happen from there. Since they had never met, neither of them knew with whom they were involved. Tina thought Brett was still in Japan, so when they begin corresponding, after he discovered who she was, she willingly answered his questions. This story was much better developed than the first three installments. I enjoyed the expanded story line and increased characterization

Scherry at The Novel Lady says

If you want to read this set of four stories in one volume... Go get it NOW! It is currently free on Amazon, but I don't know how long this deal will last. And if you like listening to your books on Audible, you can add that for only \$1.99 more. That's what I did. I'm a big fan of Audible.

Word of Caution! Let people around you know that you are listening to a book by Milly Taiden. That way, when you have your ear buds plugged into your ears and you are walking around your house doing mundane tasks and suddenly start breathing heavily and gasping, people around you will not panic and call 911. They will simply smile sheepishly and whisper "Milly Taiden". Everyone will nod in agreement.

Night and Day Ink contains four short stories, all somewhat related but featuring different characters. Each story contains shape shifters (cats and wolves), curvy ladies and hot alpha males. Even though these stories are each quite short, Milly Taiden does an exceptional job of developing each character.

Caution again! These stories are not for the weak of heart. If you are not a fan of explicit sex and rough language you may not enjoy these adult-only tales!

Great set of shorts!

In my opinion, these are a GREAT set of shorts. They could be standalone stories but I'm glad I received these as a bundle. They bring the reader through the shenanigans of Night and Day Inc. Each story is about a

different couple but I enjoy that they are all tied together in some way. I titled these as shorts bc the back story isn't drawn out and they are very easy reads. DON'T let this discourage you. These books are full of sexy ALPHA males and CONFIDENT curvy girls where the guys will stop at nothing to win their girls. If you don't own this series you should.

April says

I read this series on Kindle Unlimited, loved it so much I had to snag this set when it was released!!! Such quick yummy smexy fun reads!

Bitten by Night (Night and Day Ink Book 1)

I love this author and her deliciously hawt reads! There is just enough story to create a world and great characters. I would love to see this longer with more build. Sassy gal and Alpha guy, my favorite combination!!!

It is a mixed narrative, we get both Kiara and Royce in the POV. It is my favorite way to read, you really get into their heads.

The steam is uber hawt! Be prepared to change you panties or jump your guy after this one! I love a little chase before a rough mating!

Seduced by Days (Night and Day Ink #2)

This is a delicious little menage with some hawt tattooed and pierced guys! It is the other side of the coin in this quick series.

It is another delicious mixed narrative with just enough story to have you liking the characters and wanting a HEA.

While I enjoyed it, I didn't feel as heated in the steamy scenes. I think that can be attributed to the way it felt like she was in charge. Stephanie took the lead and directed the guys around. I prefer my men to be the alpha bossy type.

Still a smexy little morsel!

Mated by Night (Night and Day Ink #3)

Yum yum give me some hot shifter loving!! This book has just enough story to make you care about the characters. I always love this author. Totally hawt read and such fun!

The mixed narrative gets you into their heads quickly. Ana and Callum are a combustible mix!

For the smexy stuff she turns up the heat and the dirty talk! This quick read will leave you begging for an ice cold shower or reaching for the nearest man!!

Taken by Night (Night and Day Ink, #4)

This is probably my favorite in the series so far! It changes things up by having the smexy happen first. Yummy hawt steamy time!! This also kicks up the dirty talk! Oh, Hell yes!!

The story this time had a bit more to it as well. Really loving this series of sassy progresses and Alpha wolves!! Tina is such fun to read and Brett is totally delicious! Love their whole dynamic. The mixed narrative keeps you on your toes, getting both POV is key. Love it when the guy has to do a little chasing and convincing his mate!

The only complaint it the neighbor seemed to be randomly thrown in there. It wasn't needed unless we plan on seeing him in another book.

Can not wait for more of these quickies!!!

Book one in the Night and Day series by Milly Taiden.

Royce is a partner in a huge corporate tattoo and piercing company

Kiara works for the company as a assistant and struggling with her shapeshifter cat that's in heat.

Royce has known kiara is his mate since she started at the company and has struggled on how to approach her.

At a Halloween party Royce takes the chance and catches kiara literally.

Very hot and sexy. Love the tattoo and piercing theme.

Absolutely loved this extremely short story.

Loved HEA but would have like a epilogue.

Book two of the Night and Day series by Milly Taiden.

This book starts sort of from the middle of the last book where kiara leaves Stephanie and gets up with Royce.

Bryan and Brent are identical twins who for a long time has loved their partners assistant for a long time but have been unsure how to approach her about being shared by them.

Both are incredibly sexing with multiple tattoos and piercings.

Very sexy scene and great ending but would have loved a epilogue.

Third book in the Night and Day series base in a tattoo/piercing company by Milly Taiden.

Callum is Royce brother and wolf shifter. Similar to Royce story Callum has a tiger assistant called Ana and she goes into heat but Callum has already previously mated and doesn't want to risk it again so he avoids her like the plague.

Until one night late after work Callum cows back for papers in his office finds Ana there. Loved that Ana is asexual curvy tigress with multiple tattoo including a full sleeve tattoo and a pin lingerie model for company. Great story. Short but still fills complete and great HEA. This time I got my epilogue that I've wanted in previous books which I think finish it beautifully.

Book 4 of the Night and Day Ink series by Milly Taiden.

Brett is a wolf shifter and another mysterious Night brother who has been traveling for the business and decided to settle down more when he meets his assistant Tina.

Tina is a tiger shifter and in heat when she meets Brett on her way home.

They have a heated long sexy night together but Tina decides it's only a one night stand. That is until Brett decides him and his wolf want the sexy tigress for their mate.

Great story and HEA. Got epilogue which is always like at end of book even when they lead on from each other.

Curly says

A very good bunch of short hot stories.

Ana says

OMG I absolutely loved this bundle 4 stories that blew me away with the witt and passion! And they say a kitty won't purr for a wolf! I thoroughly enjoyed reading each and every one of them. Those sexy guys should be illegal!

Royce that sexy wolf and Kiara that tigress really heat up halloween nght. Little Red Riding Hood would be jealous.

Those tattooed and pierced twins Bryce and Brent would make any woman swoon, no wonder Stephanie had the hots for them. They really didn't need jets to bubble up, or heat up that Jacuzzi and they definitely don't need to be shifters to get that .gal all hot and bothered.

Callum doesn't want a mate, no matter how much he is lusting after Ana, but when he catches the BBW pussy cat purring, all previous thoughts go out the window. The wolf forgets he's a wolf, gives in to all his desires and laps up all the kitty's bowl of milk.

Brett never thought a tigress would run into him on the street and one he can't resist at that. All Valentina wants is to sate her lust for one night and that's exactly what the sexy dirty talking stranger will give her....

Get out those hoses cause this is a really hot wild ride
