Season of Bounty:

Buck doesn't feel like he can ever settle down. His family's past has caused him and his sister much suffering. But there's something special with Kathleen.

I loved this story! It was so sweet and so romantic. The drama with Kathleen's father kept me wanting to read. I felt that everything was wrapped up a bit too nicely, but I still loved the story!

Five Stars

Home for Thanksgiving:

I could not even finish this one. Actually, the truth is I didn't want to finish this one. There were four books that focused on these characters. I liked the second and third one the best. This book didn't have any drama in it, save for the sickness that happened in the first half of the story. After that it was "Let's have Thanksgiving..."

Two stars

Linda says

I loved this story. The characters become personal friends. I also loved how God's unconditional love for us is intertwined in the story.

Melody says

I like to read holiday stories not around the holidays, as it helps me to remember that being thankful is not something just for Thanksgiving! These two cute stories were perfect for such a reminder! So much in life to love and appreciate...

The writing wasn't spectacular but it wasn't horrible--extremely mediocre and easy to read. The first story by Linda Ford was definitely the definition of sweet. A little too sweet. A little too cliché. I was entirely uninterested in the plot by the end.

The second story, by Winnie Griggs, was better, and the reason I gave the overall rating three stars instead of two. Griggs has a better mastery over characterization. Since these are romance stories the plot is pretty much set in the beginning. It's up to the author to make us care about the characters and ignore some of the more cliché and trite plot developments. Griggs definitely has this knack.

Once again, nothing spectacular but definitely not the worse I've read.

I liked the first well enough - rich girl finding meaning in life and a spine with bonus love interest - but I didn't feel that we got to know either of them very well at all. It was sweet, but not much more than that. The second - girl trying to start a new life asks gentlemen to be her escort to the new city and they end up taking care of each other - flowed so smoothly and I loved the main characters so much. It took a lot of remembering to realize I'd read another story in the series, though, about Josie and Griff's brother Ry. Not necessary to understanding this story, clearly, but still nice. Excellent storytelling.

There are two books in this one book, one called Season of Bounty by Linda Ford and the other one called Home for Thanksgiving by Winnie Griggs. I liked them both, but really enjoyed the second one best.

The first story was just ok...but I loved the second one!!

Mae Hardy says

This book contains two sweet stories, one by Linda Ford and one by Winnie Griggs. I liked them both, particularly the one by Ms. Griggs! Her style of story-telling is easy to read and has a lovely flow to it. Her characters were believable and the story had just the right amount of tension in it. Both stories were positive and left me feeling inspired.

Phylisha Stone says

I loved the two stories in this book.

SEASON OF BOUNTY Linda Ford

What an incredible story! I love how we're all missing something, yet God can answer with such a bountiful gift!

HOME FOR THANKSGIVING Winnie Griggs

The perfect complimentary story! God has a special way of bringing two halves together to make both of them complete! I loved how they were both confusing each other's reactions!

Phyllis Swain says

Enjoyed both of these stories about the true meaning of Thanksgiving.

Lorraine Hughes says

Very good reading.

Thanksgiving

This was a great book, by two great authors

How two couples find love. And they both have happy endings

Barbara says

I liked both the sweet stories in this book. I liked the Thanksgiving themes and found both to be inspiring and well written. I liked Linda Ford's contrast of the wealthy and poor families and God's forgiveness bridging the gap between Buck and Kathleen.

I am a Winnie Griggs fan and always enjoy the comfortable tone of her stories, like friends enjoying a cup of tea. I really liked Ruby Tuggle and her adopted cat, Patience. I particularly liked reading about Ruby's courage in taking control of her life and making a new start. Griff and his ranch family and his reactions to Ruby and the cat made the story more fun and interesting. I'm still a Winnie Griggs fan! Thanks Winnie. I recently got "The Heart's Song" and am adding it to reading table.
