## **One Plus One by Jojo Moyes - Review Summary** J.T. Rothing

One Plus One by Jojo Moyes is finally here! This is undoubtedly the best Jojo Moyes's relationship novel to date. You'll laugh, you'll weep, and when you flip the last page, you'll want to start all over again.

If you'd like to enhance your experience while reading One plus One, then this book review and study guide is perfect for you!

One plus one by Jojo Moyes is a touching love story about Jess, her 2 children (Tanzie, 8 years old, is mathematical genius, while Nicky is an untypical teenage boy), and their old dog Norman, who have to face unbelievable challenges.

The story starts with good news when Tanzie was offered a 90% scholarship at one of the top schools. But even with 90% bursary funded, she can't still afford the extra money for Tanzie's uniform and other extras.

When you read One Plus One by Mojo Moyes - Review Summary you will get a deeper understanding of the characters and plot found in One Plus One, as well as the themes and symbolism included in the novel.

You also get a detailed chapter by chapter breakdown and analysis of the events as they unfold along with a glossary of the important characters and terms used in the original book. Just in case that's not enough for you I've also included an analysis of each chapter, and quotes from the book that I found interesting.

Wrapping it all up is a discussion of the critical reviews for One Plus One as well as my overall opinion of the book.

Plus much more!

Whether you're reading this for a book club, school report, or just want to catch up with your favorite characters and find out what happens before diving into the full length book, you can use this book review and study guide to get most out of your experience reading One Plus One by Mojo Moyes.

**WARNING-** This is not the original book "One Plus One" by Jojo Moyes, but a detail summary and study guide designed to be used alongside the original work.

## **From Reader Review One Plus One by Jojo Moyes - Review Summary for online ebook**

### **Connie says**

A romance, but quirky. The miles of differences between the wealthy and the barely making it, proves to be a huge distance to cross. "Free" indiscriminate love proves expensive in one relationship. Duh. A lying jerk of an ex-husband proves one has to check out circumstances before taking a financial beating, in another relationship. Add two children with totally different problems and the single mom, main character, has her hands full. 8 out of 10. Ms. Moyes never lets a reader down. More reviews at:

---

### **Lynn Griffith says**

Although this book is written in true JoJo Moyes 'relationship-based' style, and the lifestyle disparity between the two main characters is poignant, and at times touching, I was disappointed this book did not live up to Me Before You.

---

### **Jolieg G says**

Vier plus 1

Het verhaal opzich is mooi maar het einde voorspelbaar.

---

### **Kenneth says**

I enjoyed it was witty, and enjoyed Jess's positive thinking: her stepson and his issues, her daughter and looser of a husband. Most of the story is realistic, and enjoyed how she joined a few story together at the end. Great read.

### **La comunidad del libro says**

A Jojo Moyes la descubrí hace muy poco, fue al leer su libro Yo ante de ti, un libro con una historia muy intensa y dramática pero que la autora supo darle un punto de humor. Así que cuando vi este libro, Uno más uno, no me lo pensé ni un momento, pensé que me iba a encontrar una historia divertida, y así ha sido... pero también ha habido momentos para echar alguna lagrimita...lee la crítica completa en:

### **Barbara says**

This woman tells a good story - probably improbable circumstances but uplifting and feel-good. Hard to put down and make you smile - what's not to like.

---

### **Eva says**

When I first started reading this book, the author's tactic of using a first name of a character for each of the chapters was confusing...basically because of the number of characters involved. I put the book down for a few days and when I picked it up again, I was hooked.

The author knows how to take the characters and make them so real...you know these people by the end of the book and you feel bereft that they will no longer be in your life after the book is done.

One of my favorite authors.

---

### **Emily Mccarty says**

Slow starter, but couldn't put it down at the end

---

### **Rhian says**

Loved it. For the first time in a long time I've been more compelled to read than watch Netflix and finished this book in a week. Very real issues faced by believable and likeable characters. Would love a sequel.

---

### **Cj Adler says**

Fantastic JOJO Moyes is a one in a million writer.

---

### **Suzanne Falter says**

I just stumbled on this book at the local library, but now I am a total convert of this British author, who is a combination of Nora Ephron and Sue Miller. Such sharply observed and quirky characters! This book tells the story of a heroic, down on her luck single mom, her math-obsessed wonder child, and the unexpected savior she finds trying to get a break for her child that she never had. Inspiring fun!

### **Mandy says**

I had seen Jojo Moyes' books, had heard they were great books actually, but had never picked one up to read. Then One plus One won a Goodreads Choice Awards category. I wanted to see what I was missing...I WAS MISSING SOME GREAT WRITING!

The story takes place in this little village where single mum Jess( her no good husband left 2 years prior to "get well")is working two, jobs raising a little girl named Tanzie who's a Maths genius and a boy Nicky who despite the good person he is and not even being Jess' biological son but her stepson, is bullied and beaten by the punks in their village.And let;s not forget their dog Norman, who Jojo Moyes had a brilliant way of writing a dog character.

When Tanzie gets a chance to compete in a Math competition to try and win the prize money she needs to go to this exclusive school Jess is determined to get her there.

Not everything goes as planned and that's where Ed Nicholl's comes in. A rich software developer who is caught up in an insider trader investigation and who's house is one of many rich homes Jess cleans, also gets himself caught up in Jess' family adventure, and its an adventure, to get Tanzie to Scotland for the Maths Comp.

One Plus One was a fun read even with some of the more real-life issues told in the book. It gave us a woman who against everything around her really sucking most of the time she was able to see the more brighter side of anything. I admired the character for that. She did everything she could all the time for the better of her kids. It spoke volumes about the everyday struggle some women go through raising a family on your own and the beauty of a mum's positive thinking.

Then you have Ed. He was a great character. He added to the already funny moments through the book but we also got to know I guy who goes from the rich and wealthy to Jess, the kids and good old Norman giving him an up close and personal view into the everyday life of struggling blue collar families.

Of course their ends up being love in the air between Jess and Ed. They are comical and then refreshing to read. When their bump in the road come along and tears them apart you are actually devastated for them. I'm not telling how it ends...

I wanted the book to longer because these characters and their story was so awesome to read. This one book will make you want to pick up everything else she has written!

### **Tahlia Scheermeijer says**

I hadn't found myself burrowed in a book for months, then borrowed this book from the library and finished it within 48-hours! I couldn't put it down. Such relatable characters and a beautiful storyline.
