Written by two of the most prominent criminologists in the field, **Race and Crime, Fourth Edition** examines how racial and ethnic groups intersect with the U.S. criminal justice system. Award winning authors Shaun L. Gabbidon and Helen Taylor Greene provide students with the latest data and research on White, Black, Hispanic/Latino, Asian-American, and Native American intersections with the criminal justice system. Rich with several timely topics such as biosocial theory, violent victimizations, police bias, and immigration policing, the **Fourth Edition** continues to investigate modern-day issues relevant to understanding race/ethnicity and crime in the United States. A thought-provoking discussion of contemporary issues is uniquely balanced with an historical context to offer students a panoramic perspective on race and crime. Accessible and reader friendly, this comprehensive text shows students how race and ethnicity have mattered and continue to matter in the administration of justice.
