## **Rachel's Seduction** Jenny Penn

Bored with the monotony of her everyday life, Rachel Adams makes a reckless mistake that tumbles her into the middle of a Cattleman's fantasy.

A wild night of devilish pleasure with Killian Kregor and Adam Whitman may be enough to satisfy Rachel's carnal fantasies, but it only whets the deputies' appetite for more.

Not about to take no for an answer, Killian and Adam hold nothing back as they lure Rachel into giving in to their darkest desires. Being unable to resist the pleasure that the deputies offer doesn't mean Rachel has trouble defying them whenever it suits her.

That's not something either Killian or Adam will tolerate. Rachel is theirs, which means she obeys. Losing this battle isn't an option for the deputies. Winning against the hard-headed woman, though, seems impossible.

Killian and Adam are going to need a whole lot more than ropes and toys if they truly want to seduce Rachel. They're going to need a plan.

This mega-length version has been extensively rewritten and is at 130,000 words. (The short version of Rachel's Seduction at 23,000 words is available in Tasty Treats, Volume 1 Anthology.)

## From Reader Review Rachel's Seduction for online ebook

### LynnMarie says

#### Monica's Review

Rachel's Seduction by Jenny Penn is a very interesting book of sexual hunger along with learning how to live a new life with new experiences, and foremost trusting each other in a relationship. Rachel is what you would call a good girl, not knowing that she does have a dark side. Rachel will soon find out what it is to be with two strong, hunky men that will show her the time of her life.

Playing games with people's feelings is not right and someone will get hurt and truth needs to be told. Rachel needs to find out what she truly finds in these two men Adam and Killian. Adam is such a sweet heart and truly wants to find out how to please a woman and be able to be her boyfriend, husband. Adam is a man that you can consider husband material and is willing to learn how to satisfy a woman in everything, not only in bed but also in every other aspect of a relationship. There is something in Adam's past that he needs to deal with or else a relationship that he desperately needs will not work.

Killian is the total opposite of Adam. He is the one that you see as a good night of passion and loving and the next weekend someone different, basically a player, arrogant. Killian deep down in him is a proper gentleman but has a hard time bringing that out in him. But with a good woman he just might expose his true self. I love his character—he seems to be the adult in the relationship and be the mediator, trying to bring things together but also has a dark side to his personality. Will these three, Rachel, Adam and Killian be able to come full circle and trust one another and see if there can really be a relationship?

### Sloane says

This book is pretty good. Rachel has doubts because of her weight so she gives the run around in order to get male attention. The men have real feelings for her and struggle with that and her rejection. I truly dislike how the time period is the same as Patton's Way [Cattleman's Club 1] and Hailey's Game [Cattleman's Club 2] [The Jenny Penn Collection] (Siren Publishing Menage Everlasting). It had moments that I was bored because I've read both of those books and did not like rereading the same material. The point of view was not that much different.

### Martha says

This book should really be #2 in the series.

Nook.

### **Dar says**

This book is the romantic side of the Cattlemen Series, well as sweet as it can be!! Rachel is the good girl that has always blended in and never stood out. That is until she meets Killian when she goes to interview the sheriff for the local paper. They click but Rachel refuses to go out with him, because she always says no. A month later, she meets up with Killian and his partner Adam while investigating the Cattlemen's Club and craziness follows as Rachel lets herself go for the first time ever. Instead of being left alone, Rachel is suddenly dating and has Killian and Adam living with her, but she still denies this is a real relationship. This follows through most of the book until everything comes out in the end! The book runs almost exactly the same time frame as Hailey's Game but ends before the big reveal from there but there are still lots of overlapping parts of the story line but from a different perspective. This is a sweet story with a whole lot of dirty sex weaved in the story - awesome!!!!

### **Dana says**

Had a very hard time reading this book. When a woman repeatedly says no, it should mean no. This book, unlike the other two in this series, the author thought that the constant stalking of a woman was okay. In my opinion, of course, it shouldn't matter what she was feeling or even if the men thought she was okay with it. Rachel REPEATEDLY said NO, but they kept going after her. I believe I read her call out RED LIGHT(for those of you who don't know, it is a safety word) and this was REPEATEDLY ignored by these arrogant men. I really think this book was just pathetic compared to the first two books.

---

### **315 says**

Not as good as the first two in the series, but not all of them can be completely brilliant. However, this was a good read but I just didn't connect to these characters as much as I usually do with Jenny Penn books. I think this book was a lot more about the steamy sex... and oh boy, there was a TON! So this was more of a smutty book for me, than one where I connect to the chars because there was more sex than anything else, not that it's a bad thing. Even at the end where the whole confession thing and talking it out... just wasn't there even that far into the book. The chase at the end... now that was really fun to read.

---

### **Charlotte Smith says**

This one shows the sweeter side of the Cattleman's Club. It features very believable characters and some unbelievable sex, and I don't think Ms Penn's happy endings have ever been happier than in this one.

---

### **Lisa says**

This book was lacking in a storyline compared to others by this author. It seemed like the book went on and on and repeated itself over and over. I have read other books by Ms. Penn before and found them enjoyable this one wasn't that it wasn't enjoyable just slow. Needed it to move faster.

---

### **Racheal says**

I thought I would like this book, but Adam and Killian were very unlikeable. (Killian more so.)

---

### **? BookAddict ✎ La Crimson Femme says**

Jenny Penn's sex books are hot and enjoyable. While I doubt any of her story lines could work in real life, a girl can dream, right? Rachel's seduction is a smooth addition to the Cattleman's club. I did enjoy her first two in this series. Two hot men and one horny female equates to kinky sex. This book does follow the predictable tone as with her other books. Fun and enjoyable read.

### **Suzanne (Under the Covers Book blog) says**

#### **2.5 Stars**

Bloody hell but the main characters in this book were complete dithering idiots! The men were just plain controlling and slightly dumb and the woman just needed to make up her damn mind. I had eye strain reading this book I rolled them so damn much!

---

### **Jill says**

I really hope Jenny Penn continues this series, it is the best. Just another great one in the collection I would definitely re read all the books in this series.

---

### **Emily says**

Rachel Adams wants to get past writing articles that focus on the small town oddities that make her small town homes, she wants a big story that could jump start her career as a serious reporter. After she makes an appointment with the town's sheriff, she finds herself directly in line with Deputy Killian Kregor who finds himself unexpectedly smitten with the fiery tempered Rachel. What surprises Killian the most is that Rachel wants nothing to do with him and rebuffs every attempt he makes.

Deputy Adam Whitman can't believe what a spectacle his best friend and Cattleman is making of himself over the rigid reporter, that is until he is on the receiving end of a full out verbal assault from her, what Rachel does not realize is the challenge has been made and both Adam and Killian want her as part of their life even though she refuses to believe it.

I reread this one and changed my rating up to a five stars. I love the broody Adam whose own past protects his heart and the charismatic Killian whose own warped ideas of women keep getting him in trouble. Love Jenny Penn's books another fantastic book by Jenny Penn.

\*\*Ok reread again, I am a glutton for a good book. I have to say that Killian is one of my favorite men in books, the man is an idiot with the way he rationalizes everything but there is a charm to him that is difficult to resist.

---

### **Amber says**

Okay, as I started reading this, I was thinking it sounded really familiar, and then I realized that there is another version, a very short version, as part of an anthology. I liked the shorter version better.

The men in this book made me angry. I love dominant men and all that, but I think in Rachel's position, I would have kicked them to the curb and said forget about it. I know that you need to suspend all reality when reading books like this. When I read these BDSM books, I seem to have this mental roadblock ... I am absolutely okay with men who totally dominate in the bedroom, but not okay when they try to take over every aspect outside of the bedroom. That's what these two did, and in their minds they had a good reason, but after that, no matter what, I couldn't like them. I couldn't form my bond with them like I do in most novels. Their arrogance and controlling ways made me so angry, and I know that is what the author wanted us to feel at that time. She is very talented in that, but I have a hard time letting go of it. I started speed reading just to get to the part where Rachel kicked their asses and broke up with them for good.

(view spoiler)

Jenny Penn is a great author, and even when I got mad at the characters I could appreciate the author's great imagination and great dialogue. I can't wait to read more of her other books :)
