Love and suspense

The best kind of romance! Excitement, suspense, danger, twists and turns, surprises, hot alpha military men, strong women, with hot romance.

Great story

When I first started KaLyn Cooper's Black Swan series I really wasn't sure if I was going to like it. I'm all for strong heroines I just wasn't sure about a special ops team of woman. Man, I couldn't have been more wrong! This series is awesome! And this book fit into both KaLyn 's and Susan's worlds seamlessly!! There is so much to this story. There's action, drama, some hot sex, a great storyline and some characters we already know and love! You can't ask for more than that in a book and it's a perfect addition to the Special Forces: Operation Alpha kindle world.

I look forward to the next book in the Black Swan series.

This novella has it all

Some suspense, steaminess, and action is all inside this novella. With appearances by many characters from Stoker's books and the Guardian and Swan series, it makes for an enjoyable read.

Rescuing Melina

WOW! I thoroughly enjoyed this novella. This is about Melina and Jacin. The beginning was sad as Jacin was coming out of a come and Melina thought it best to leave Jacin. Then Melina meets Matt and both are kidnapped. So definitely Jacin and Truck have to be involved in the rescue. I thought for sure Jacin would quit the CIA and join Guardian Securities. Who knows it could still happen. I am just glad both ladies were rescued and the bad guys were eliminated. Now these two can get on with their happily ever after. FANTASTIC job KaLyn! I would recommend this book

Special Forces: Operation Alpha: Rescuing Melina

I received a free copy and am voluntarily leaving a review

Melina loves Jacin but has to leave him in the hospital after he wakes up and in order to do that she lets him believe that she is going back to DC to be with Rafe. Jacin loves Melina and will do anything to keep her safe. Melina and Mary are kidnapped by Columbian cartel to bring Rafe out as they think he is the one that killed their leader. When Jacin finds out that she has been kidnapped he leaves the hospital with the help of Rafe and Harper to help save her. Will they make it in time before Melina and Mary are hurt worse than they already are or killed? Will Rafe end up on the plane back to Columbia? Will Harper be able to disarm the bomb on Melina's lap in time before it blows up the entire neighborhood? Will Melina and Jacin tell each other that they love each other before it is too late?

Rescuing Melina is fantastic

Once again KaLyn Cooper has written a fantastic story that makes both her Black Swan ladies and Susan Stoker's Delta Team into a wild ride from start to finish.

What if you loved someone so much you'd take the beating meant for her? Jacin Torres works for the CIA and has been deep undercover for awhile. But he has been held hostage by the Columbian Drug Cartel and will The help of Melina she rescues him and get transport to a military hospital at Ft. Hood. She stays at her brothers place while he is in a mission with his Delta Team. She knows she needs to break off all attachments with Jacin, but what she really wants us to tell him she loves him.

Melina did everything by the book. But when the chance to relieve and retrieve Jacin she'll do whatever that's necessary. But while shopping for dinner she meets Mary who has been mentioned in several of the Delta books as the love interest of Truck. When they are both taken hostage and held by two thugs. It will take several agencies to rescue them will the combined team of Guardian Security, Delta Teams and the CIA to help take down and rescue the girls in time?

Riveting

I love these stories and this is no disappointment. It's action packed from beginning to end. There are some new characters as well as some old. The bad guys are on the loose doing evil. It's up to the good guys to rescue and save the ladies. Excellent!

Sue says

There is a lot going on in this book, there's steamy sex of course, danger, lies, betrayal and rescues. I remember the Women from Unconditional love and the guys from Delta Force, Guardian Security not so much. Pretty good read.

Great Read

Every book by Ms. Cooper gets better and better. Couldn't wait to read this one and was not disappointed. Don't miss this one!

Deb Diem says

Rescuing Melina by KaLyn Cooper is a fantastic military romance. Ms. Cooper's storytelling abilities have once again impressed me with Rescuing Melina. This is a fairly quick read, perfect for those with limited reading time. Jacin and Melina's story is packed with action, suspense, humor and spice. Their story captured me at page one and didn't set me free until the end. I enjoyed reading Rescuing Melina and can't wait for my next book by KaLyn Cooper. Rescuing Melina is part of the Special Forces: Operation Alpha Kindle World and book 3 of the Guardian Elite Series but can be read as a standalone. This is a complete book, not a cliff-hanger.
