## **Retire Your Husband: A Millionaire Mom's Guide To Replacing Your Spouse's Income Through Network Marketing**

Kami Dempsey , Denise Walsh , Bailey Walsh (Editor)

7-figure entrepreneur mommies, Kami Dempsey and Denise Walsh, teach you how to Retire Your Husband and start living the life of your dreams with your own direct sales business.

Whether you're still thinking about starting your own business or wanting to get back into it after an unsuccessful prior attempt, these millionaire moms will teach you how to identify your own unique, God-given talents to build a business that provides a legacy of freedom and wealth for your family for years to come.

If you want to stop trading your time for money and want to start spending more time with the people you love, this book is for you. It doesn't matter if you have any experience in sales, what education you've had, or how old you are--if you're willing to spend a couple hours reading this book and you can commit to doing the exercises within, we know you will be successful with your own business. If you're ready to start creating a residual income that will serve you for a lifetime, we're ready to show you how!

# **From Reader Review Retire Your Husband: A Millionaire Mom's Guide To Replacing Your Spouse's Income Through Network Marketing for online ebook**

## **Victoria Prince says**

### **A quick start guide more than anything else**

The book is very short actually, filled with editing mistakes, and the same as any other book out there. It's vague, repetitive, nothing new, and says zero about actual strategies and guidance to help you build a real business in the industry. It keeps referring to your upline for guidance, etc. Pass on this one and way overpriced

---

## **Ruth Payne says**

### **Easy and straight forward read**

This book is perfect if you want a straight forward look at what to expect multi level marketing to be like... it doesn't candy coat what it's like and is honest. Loved it!

---

## **Joy Blackbutterfli says**

### **Great Motivation**

Recommended for everyone seeking to thrive in Network Marketing. Will definitely help to produce effective, diligent leaders in business. First rule of a good leader is the ability to follow. Follow the advice in this book and you will go far.

---

## **Cyndy says**

I only got about halfway through this book. It was more of a recommendation for home-based businesses for women who primarily stay home. I have a full-time job so this book was not for me.

---

## **Julie Hicks says**

I am a Ruby leader with It Works who is also boxed for Diamond. I loved this book. I found a lot of inspiration in her story. It is true that we have residual bills so why not residual income. I encourage you to pick up this book and identify how this book can help you. It does not have to be It Works, any network marketing endeavor you undertake can benefit you if you are determined. I know It Works has changed my

life like it did Kami's and I cannot wait to see what await ahead!

---

### **Carefreedeb says**

#### **Great read**

I give it a 5 star because this book is packed full of details to help everyone. A book worth reading over and over.

I highly recommend it to everyone in your organization.

---

### **Melissa Denslow says**

#### **Such Passion and Belief**

A truly great read. I will be using the guidelines set out in this book to become a DREAMER! I can't wait for my life to change for the better

---

### **Michael Hudmon says**

#### **Great read even for husbands!**

This book has great information about mlm's. Walsh provides in-depth information on leadership development and goal setting. This was an excellent read.
