## Sexiest Dad Alive M. Clarke

Life isn't a fairytale. Sometimes you have to fight for happily ever after. And sometimes you just have to let go.

Josh Bennett

It was a simple offer.

I invited Isla to rent a room in my five thousand square foot home. Plenty of rooms and plenty of space. But the second she moved in, I knew I was in trouble. I could handle wanting her when there was distance between us, but once we started to play house, all my pent up desire started knocking down walls.

That was my first mistake of many.

The private investigator I hired to track down my ex found her not far from where I live. I should have locked my past behind me, but something urged me to find her. I'm glad I did. But our union left me with a situation to be reckoned with.

When a new fire is lit and old flames rekindle, one will have to burn out.

The decisions I'll have to make won't be easy.

No matter what I choose, my heart will break.

## Jessica Alcazar says

I know a lot of reviewers are saying this story can be read as a standalone, but it really cannot. Josh is intricately connected with Nathan & Olivia so if you don't start at the beginning of the series you are missing out on a piece of Isla and Josh, imo. But enough about that .... (just read them all lol)

In true M. Clarke fashion prepare for *draaaaaaaaama drama drama* because you are going to get it in spades #TRUST That is what keeps this story fueled. And that is what is going to keep you turning the pages. Josh has some serious baggage from his past that not only does he have to overcome, but also embrace in order to have a future. Your heart is going to break while it tries to smile during this story. It's a story of persistence and survival and friendship and love and forgiveness. I cannot recommend it enough! There is a lot that happens in this book, it is not just a fluff romance piece. It is a true journey to HEA that should not be missed!

## DawnMarie Carpintero says

5 Mega Stars

I received this book for my honest review.

What do you get when you fall in love when you least expect too? You get a mystery along with a journey like no other. Josh and Isla's journey begins here.

A friendship like no other brings out the best and the worst in all. These amazing characters will have you screaming through pages during their journey to finding their happily ever after.

Author M. Clarke brings back our beloved Knight Brothers in their next journey to finding The Sexiest Dad Alive with this 3rd book in the Knight Fashion Magazine this author leaves no disappointment but what she does leave us with is with a sense of fullness like no other she has written before. A continued finding of warmth, turmoil and love will have you gasping throughout the book but in the end well let's just say that there are many surprises that await you when this book releases.

Isla will surprise you in many ways that will bring you knowing more of what the world is like today. The timeless of a selfless act goes along way with her in spirit and heart. The saying "the heart wants what the heart wants" comes to mind but when the heart and head come together sometimes it could be a volatile explosion but have no fear this selfless of a woman will bring your heart to tears.

Major Kudos

Happy Sexy Reading

## **Smashlybookaliciousreviewingchicks says**

This may be book three in the Knight Fashion series; however, they can each be read as a standalone. Don't believe me? Well maybe this will help you agree.

This is the first book, I have read by this author or in this KF series. It will hook you from page one until the very end. Yes, you see characters from the prior books and can see other characters with potential stories as well to come, but you do not need to read any of them if you do not choose to. I do want to go back and read the other two in this series though because all these characters will intrigue you. I've always heard great reviews about this author and I will definitely be reading more by this author.

Any dad story hooks me, but add in the sexiest model and you got yourself a hot story with some tough decisions to make. Just ask Josh! He didn't always have it good. Yes, he came from a well off family, but his life decision was no fairy-tale. It took some time for him to get where he was today. Add in an old flame and a new flame and you got yourself twisted trying to decide what to do. Do you go back and rekindle your old flame or do you let it be in the past and move on with the current flame?

Let's just say that it is OK to revisit your past to get closure or answers (or the ultimate burn), but could you really forgive and forget? Yes, some may and others may not. No two stories are the same. Nate and Olivia (characters in the book) could justify that as well. There's a reason they are called an EX-shell (not misspelled and you will find out why in the book) remain in the past with memories to hold onto only.

Isla is many things to Josh- a friend, a roommate and a co-worker. They are in a new territory and what Josh uncovers may or may not sit well with Isla. Bet you'd like to know, huh? Someone is bound to end up with a broken heart, but will Josh's decision be the right one is the question you will be wanting to find out while reading this?

Your ovaries and heart will explode many times over reading this book. I was kinda nervous there towards the end. Whew! heart is no longer in my throat. I am very happy with the ending. I do have to say typically not many cover models mirror the book as they should and M Clarke was spot on with her decision to use Josh and his daughter for this cover. His character actually portrays his funny and down to earth personality Josh has in real life. If you ever have gotten a chance to meet him or follow him on social media do it. He is awesome! Throughout the story we can easily relate to what others experience in a blended relationship (this is what I will call it). It isn't easy and is very real what we see portrayed in this story. The author didn't give us a fairy-tale she gave us the truth to how all parties involved feel. You may want to throttle a character quite a few times while reading this. Not saying who so that is for you to decide. I highly recommend this book as you get a little mystery, funny characters and chemistry explosion all in this one.

## **Katie Harder-schauer says**

I was hired to proofread this book. The only aspects of the story that I influenced were the spelling and grammar. If you feel that my connection to the book makes my review untrustworthy, so be it, but this is my honest review.

I was excited to get a chance to dive into Josh and Isla's relationship. I think I was actually more interested in their connection in Sexiest Couple Alive than I was in Nate and Olivia's. They just seemed to have such a fun time together as friends that I wanted to see more of them, and secretly hoped that they would hook up.

.....

REVIEW: SEXIEST DAD ALIVE is the third installment in M.Clarke's contemporary, adult KNIGHT FASHION romance series-a spin off from Clarke's SOMETHING GREAT series. This is models Josh and Isla's story line. SEXIEST DAD ALIVE can be read as a stand alone without any difficulty. Any important information from previous story lines is revealed where necessary. Nathan and Olivia (Knight Fashion 1 & 2) play secondary and supporting roles throughout the story, as well as the appearance of Max and Matthew Knight-owners of Knight Fashion Magazine.

Told from dual first person points of view (Josh and Isla) SEXIEST DAD ALIVE follows in the aftermath of Josh's discovery that he fathered a child with an ex girlfriend and never knew the truth. Approximately eighteen months earlier Josh believed his ex Shelly miscarried and in the ensuing time our hero wondered where everything fell apart. Hiring a private investigator to find Shelly came with memories of the past and a surprising revelation in the guise of a daughter he knew nothing about. Josh's relationship with fellow model Isla was just getting off the ground but unfinished business with the mother of his child brought everything to a crashing halt. What ensues is the struggling relationship between Josh and Isla as Josh battles his feelings for someone from his past; and the latest cover model competition wherein Josh Bennett is in the running for Sexiest Man Alive.

SEXIEST DAD ALIVE focuses on the need for closure; secrets, betrayal, family and love. Josh and Shelly's prior relationship was volatile and filled with destructive behavior. Clean and sober, Josh's star is on the rise; his relationship with Isla is growing but memories from the past find our hero unable to move forward with the woman that calls to his heart. The sex scenes are intimate and seductive.

We are introduced to Josh's parents and his younger sister Jasmine. Josh's relationship with his parents has been damaged by his history with Shelly Cruise, and the revelation of a granddaughter brings everything into focus. Isla will seek solace from her broken heart with family- her brother Ivan and her sister in law Kathy.

SEXIEST DAD ALIVE has moments of heartbreak and pain; betrayal and deceit; love and misunderstanding. The premise is fateful; the characters are passionate and colorful ; the romance is intimate. SEXIEST DAD ALIVE is a sexy, spicy and engaging tale that will break your heart before our couple find their happily ever after.

### **Shelley Youngblood says**

In Sexiest Dad Alive, the third book in the Knight Fashion series can be read as a stand alone as well as part of the series. It is about a great friendship that develops over time to become much more. There were times I laughed out loud as well as felt the range of emotions the memorable characters experienced at the time. I am new to M. Clarke as an author, but after this book, I am interested in reading more from this series.

In this book, you meet Josh Bennett. He has really made a name for himself in the modeling industry. He works with his best friends and is even nominated for the Sexiest Man title. He lives with his best friend Isla, who also happens to model for Knight Fashion. All aspects of his life are finally going in the direction he wants, until he finds his past has been holding a secret. Not just any secret, but an 11 month old, who completely captures his heart from the very start. As he adjusts to his new life as a dad, he finds many roadblocks, but through it all he never loses sight of what he wants most.

PS - Desiree Dunne only enhances the work of M. Clarke in the audio version of this story. I am new to her as a narrator as well, but I found myself needing to know what would happen next as I listened to this story.

### **Diane (Books and Tequila Blog) says**

A bit of an emotional and angsty ride!! ;)

My review:

<https://www.goodreads.com/review/show...>

---

## **Susan (susayq ~) says**

3.5 stars

ooohhh. Lots of angst in here! We've got Isla and Josh. They're best friends who live together but have feelings for one another. Just when they decide to maybe try for more, Josh finds out he has a baby with his ex-girlfriend, and the ex didn't tell him. Will they try to make things work? Will Josh get back together with his ex? Will Isla ever be able to move on?

This was pretty good. I was lucky to have a whole day to read this in one sitting. I liked both Josh and Isla. They cared for one another and made good decisions. The whole baby and ex situation was handled realistically. It was nice.

Yes, this is book 3 in the series, but can be read as a stand alone. I didn't know the other characters before hand, but it was easy enough to catch on.

\*thanks to Barclay PR for sharing a copy of this with me\*

## **Amber says**

Wonderfully poignant, beautifully spellbinding, and honestly raw Sexiest Dad Alive is the perfect pleasure for those who want to feel everything possible in an exquisite masterpiece that will completely capture your heart and blissfully mesmerize your mind. This is the latest book in her Knight modeling series, and I continue to love every second of this wonderful heart-pounding storyline. These stories will strip your of all of your defenses while showing you the utter beauty and endless possibilities that lie within each of us. There is always hope even in the middle of pain and fear as long as we choose to search for and pursue it with all of our heart.

Josh has found a life that helps makes the burden he bears a little easier to carry. He couldn't ask for a better job, and he totally hit the jackpot on finding friends that are more warm and accepting and kind than he ever imagined. Nathan and Olivia have come to mean so much to him, but it is Isla that fills his heart with more hope and love than he ever thought possible. She is his beautiful ray of sunshine, and he will do whatever he can to keep her in his life. Isla never imagined that her life could be so good. She has a job she loves, friends she adores, and living close to her brother completes this wonderful new trifecta. Does she dare hope for more without tempting fate? When Josh's past comes roaring back and exposes more than he is comfortable with, he finds his perfect world cracking at the edges. Can Josh keep his new happy life while trying to cling to the past, or will he lose everything in his attempt to have it all?

Isla and Josh seared my heart with their brutal honesty and heartfelt emotion. They held me captive to a breathless possibility while teetering on the edge of something new and exhilarating. Watching them work through their painful present and looking towards an unknown future with open eyes and a scarred heart had my emotions all over the place. I was on pins and needles as I walked this tumultuous journey with them. It was a spectacular gift to get to know these two incredible characters and see all of the potential and hope they kept hidden in their heart. I couldn't have asked for more in a story than to be completely and utterly mesmerized and enthralled by extraordinary characters who challenged me every step of the way.

M. Clarke is a stunningly genius author in a league of her own. She is truly a queen in a world of princesses. I can never wait to read her next masterpiece. She never fails to challenge and soothe my soul, and I couldn't hope for more. I consider it the highest gift when an author makes me feel and think outside of the box in a way that I never imagined possible. M Clarke does this all the time without fail, and I want to thank her that from the bottom of my heart!

## **Kathleen R. says**

**Title:** Sexiest Dad Alive

**Author:** M Clarke

*5 amazing stars*

If there's one thing i'm going to remember about M Clarke, it's her capacity to write a novel that will make me want to keep reading even when i've flipped the last page. Sexiest Dad Alive tells the story of Josh Bennett, a model who is up for Sexiest Man Alive award, and Isla, the woman who rents the room from his home after he's put up an ad. For the past while, Josh has had a private investigator looking into finding the whereabouts of his ex, only to find out that she's been living much too close for comfort, forcing him to deal with emotions he had thought he could take more time to manage.

*5 hot and sweaty dreams*

I kind of went backwards when it came to reading this series - i started with Sexiest Dad Alive and then i'm going to read the previous two novels afterwards (go me for that one). Now one thing i did enjoy was the fact that it can be read as a standalone, even though i know and understand that many of the characters are present in the third installment of the series are from the previous two books (same goes with Josh and Isla). I loved how M Clarke has managed to create a connection with the characters even though it is the third book in a series - i didn't feel as lost as i would have expected, but it did give me that greater need and want to read the entire series, which is what i'm about to go do now that i've gotten my curiosity whetted by Sexiest Dad Alive.

## Naughty Mom Story Time says

I'm such a fan of this series and author. M Clark has written wonderful stories that I've enjoyed and have entertained me. Meeting and falling in love with the Knight Fashion models has always been such a treat.

Now that Nathan and Olivia have their happy ending, I was pleased to see Josh and Isla get together. I always knew they were a perfect match after getting to know them in the previous books. Sexiest Dad Alive gave them a great story, but didn't make it too easy on them. They proved their compatibility with the struggles they endured.

Josh Bennett is the sexy tattooed Adonis from the Knight Fashion group. He's kind and friendly and a great friend to his best friend, Nathan. After he and Isla joined forces to ensure their best friends go together in Sexiest Couple Alive, their friendship blossomed. Now roommates and besties, they both harbor feelings for the other that go beyond the friendship they have and both are too scared to rock the boat and ruin what they have.

But with Josh still looking for closure from the one person that broke his heart, he learns what real love is. Not just for the woman in his life but now that he's learned he's a father, that new love eclipses everything else. But as he tries to get to know his daughter and tests the waters in his new relationship, he's stuck in the between of old feelings and new and is confused more than ever.

Isla, being the gray person she is, tries her best to offer support but doesn't know how much of the baby momma drama she can handle.

It's a true test of how strong their friendship is and what could possibly be in their future.

This was a sweet romance with enough drama to keep me on my toes.

### FAVORITE QUOTES:

We kissed, sucked, and tasted, our hands unable to stop until our passion flared hot enough to boil the ocean water. My mind and body recalled the first night we had kissed, and it wanted that feeling back. Urgently.

"We need to f\*ck. Shit. I meant we need to talk," I murmured between devouring her lips.

"We do?" she asked, panting, moaning. "I mean, we do."

The comfortable silence reminded me how things used to be and how they should be. Isla and I were right for each other. I felt it to the depth of my existence.

## **Movies, Shows, says**

Note: This review contains NO spoilers

Okay... After some time to just absorb what happened in this book, I am just emotional about it...haha! Anyways, in this third book of the Knight Fashion series, the focus of this story is on Josh and Isla...of course, they are friends with Nathan and Olivia. You will find many crossovers of characters in the series since their "lives" are all so intertwined with each other. Well, that's what happens when they all work for the same company, in the same business...haha!

So... Their story opens well enough... after the second book, Sexiest Couple Alive, their friendship (and attraction) continues to grow. We get some "flashbacks" of past events of the first two books. I really liked that, especially when recalling those events, and giving me that moment of, "oh yeah!" LOL! Okay! All goes well enough then events from the past just had to catch up to them, in particular Josh.

I love M. Clarke's knack to tug at those "heart strings" that make her stories so emotional and heart wrenching. Her world building and character development throws you in a loop when these stories feel so real. Well, a lot of times, these contemporary stories do feel so real since people can relate in one way or another. But, overall, M. Clarke creates these deeply emotional rollercoaster ride of a romance that its soul of it all is that "love can conquer all." I am just glad that this time, I didn't get all teary eyed and blubbered like a romantic idiot because I got so involved with these characters! LOL! But... How can you not fall in love with these stories of hers!

With each page turn, their lives developed in such a way that it was not hard to make the connections of the development of the storyline/theme. I look forward to the next chapter in the lives of these Knight Fashion models! Who's next? Hmmm... I think Emma should have her story....eventually...Haha!

Moreover, I would highly recommend reading the series in order: (1) Sexiest Man Alive, (2) Sexiest Couple Alive, (3) Sexiest Dad Alive. The Something Great series would also be a great series to read since this series is a spin-off, an extension, of that series! Just saying...

---

## **Amber says**

I absolutely love anything written by M Clarke. The Knight Fashion series is my favorite of hers, I think Sexiest Dad Alive is my favorite out of the whole series. We get to see another side of Josh that we haven't seen in the first two books. His and Isla's relationship blooms into something more and he's unsure of where things stand, especially with an ex that shows up out of nowhere with a secret of her own. One that can turn everything upside down. My heart broke for Josh and Isla. The drama and emotional roller coaster M Clarke takes you on will have you hooked from the beginning. This is one book you won't be able to put down. I can see other stories brewing from some of the side characters and wouldn't mind reading their tales. I can't wait to see what M Clarke has in store for us next, I just know whatever it is, it's bound to be amazing.

---

## **Julie Barnard says**

Sexiest Dad Alive is outstanding and a must read!!

I was given this book for my honest review

M. Clark, I salute you! You are an amazing author! I have been reading your books since Crossroads and I love all of your books.

I fell in love with this from the beginning, it's definitely my favorite of the series, it pulls at your heart strings.

Josh fun loving guy, Isla, full of spunk and wears her heart on her sleeve, they are also roommates and are also working for Knight Fashion Magazine. They are both developing feeling for one another but are afraid to admit it, the night he finds out that his ex-girlfriend Shelly only lives 30 minutes away and soon finds out that the baby he seen in the window is actually his! Josh tried to get up the courage to knock on the door but couldn't.

Back home with Isla, that evening they cross the line between friends and or lovers, Josh couldn't tell Isla about Shelly, not yet. He's confused and doesn't know which way to turn, so he goes to the only other person that he could other than Isla that is, Nathan and Josh became fast friends at Knight Fashion Magazine, they could tell each other anything.

Josh soon discovers what happens when new love and past love collides, their comes a time when you have dig deep and listen to your heart. Josh sees Emma on a regular basis, so she gets used to him, but Shelly wants more and tries to come between Isla and Josh.

Happy reading everyone!! Thank you Mary Ting/M. Clark I can't wait to read your next book!
