Stranger Delight

Tabitha Levin

Stranger Delight Tabitha Levin

Claire moved to the side of the house, watching her best friend Samantha make love to her boyfriend. Mesmerized by the scene, she didn't notice the stranger behind her.

When he began to caress and fondle her, she didn't ask him to stop, in fact she begged him for more.

After having the most intense sex she ever had, she turned to find the stranger gone.

Who was he? Would she ever see him again? And why did she feel so guilty?

From Reader Review Stranger Delight for online ebook

Tina says

Very short erotic story. It was only 15 pages but it had a pretty good plot. I would read more from this author.

Patty Presley says

I obviously read this, but it was a while ago, and I don't really remember reading it. I am only giving it a 4 because I can't remember it, but if I'd not liked it, I wouldn't have finished it.

T.M. Williams says

I feel like the person who wrote this (I don't even want to use the word author) did it on her lunch break out of boredom and decided to publish it on Amazon and her only experience is writing emails prior. It was awful. I get that erotica is about the sex... but I'm pretty sure the first scene was the only thing she had in mind and didn't know what to do with the rest of the story so threw something together. Read the blurb, that's pretty much it.

Amanda says

This was short and to the point....the story started out hot, and ended hot. Though I thought Joel was a pansy ass for slapping a girl. Someone should have bitch slapped him for that one.
Other than that I enjoyed reading this.

Milena says

Like many other short stories in this category, this was another fast and sexy read. I wouldn't go as far as saying it was "romantic" but I can't classify the character's actions as "rape" either like other reviewers have said. For it to be rape, the female character would have had put up some kind of a struggle and be non responsive - which as turned out was quite the opposite. I like it that the author created a mysterious scenario and the story flowed well.

Kathryn Parry says

It started out great but was a little dull in the middle. It was still a good read and I would be happy to read more from this author. A little predictable but I found no problems with the writing. I'm not bothered by

correct grammar as long as it reads well and this does. Maybe a good beta reader could offer some ideas to liven up the middle because I think there is a good potential in the story

Betty says

A short, sweet, sexy, fun read.

Imane Belcaid tang says

The book was mkay..! Nothing more or less

Jill says

A very sexy quick read!

Laura says

It was a good short read!!!

Shelly says

I actually did not think this was hot, too quick, but I liked the plot. A bit short.

Bea Charmed says

Well, it needed a copy editor, but the story was okay. I was expecting steamier sex scenes but what we got was decent. The story could have used more fleshing out, even with it's short length. I didn't feel like I knew Luke or Claire. In fact, not five minutes after finishing the story I'd already forgotten Claire's name and had to look it up. I got it for free, and that's what it was worth.

Dragana says

3.5 stars - I even contemplated giving it 4, but it wasn't that good...

Another Kindle freebie. I was attracted by a description of this short story. I was wondering what more can happen since story is just 15 pages long, and I can tell you - a lot. There is a lot of action, events and development packed into this. It missed that special something to make me really feel chemistry between main characters, but as far as erotic short stories go, this is one of the better ones I read.

Sónia Tigol says

This story like many other short stories in this category, was a fast and sexy read. It was only 15 pages but it had a pretty good plot. It would have been nice to have a little more backstory on Luke and Claire but over all a good read.

Dre says

This shirt story just didn't work for me. I knew who it was from page 1, and I didn't understand why Sam told Luke that Claire was dating the actor. They had one date... does that mean they are dating?! The people in this story seemed very immature, and while I enjoy drama in my fiction the drama these characters created was ridiculous. Glad it was free and only a couple of pages; otherwise, it would have ended up on my DNF shelf.
