The Art of Bravely Default

Square Enix (Creator) , Yoshida Akihiko (Illustrator)

The Art of Bravely Default Square Enix (Creator) , Yoshida Akihiko (Illustrator)

Experience the fantastical world of Luxendarc like never before! Join the game's creators as they send their heroes on a journey to awaken the elemental crystals from all-consuming darkness, and experience the critically acclaimed *Bravely Default* in a whole new way.

256 pages of concept art and commentary, delightfully arranged in a colorful hardcover volume offered in English for the first time!

This faithful localization of original Japanese content allows readers to explore the story and art behind the game, and features hundreds of pieces of concept art and conversational commentary directly from the creative team! The first of a two-volume series, this collection explores concepts and creativity from the first entry in the standalone Bravely series!

Janelle says

It was is awesome. Very detailed character design sketches and illustrations for the different jobs was what really caught my attention. It is all written in Japanese too, so I have no clue what the descriptions are. A shame, really. (If anyone can please translate those?)

I recommend this for hardcore fans of the game, and for those illustrators and concept artists in need of inspiration for character design. You won't get bored. Just overloaded with information.
