THE LAW OF CORPORATIONS AND OTHER BUSINESS ORGANIZATIONS, 6th Edition deciphers the complex substantive and procedural laws surrounding U.S. business entities today. Focusing on corporations, sole proprietorships, partnerships, limited liability partnerships, and limited liability entities, the text explains the law and the theory behind the law while providing practical information that you can take to the office. Financial structures, securities regulations, mergers, and bankruptcy round out the legal discussions, along with special attention paid to the current Uniform Acts and Model Business Corporation Act used by most state legislatures to create state-specific laws. Special features include sample paragraphs, and practical advice that you can use on the job as a corporate paralegal.
