A Bride for Mackenzie

Karla Gracey

A Bride for Mackenzie Karla Gracey

Annie Cahill has had a tough life, forced to leave home and work from an early age to support her sick Mama and younger siblings. Always the one everybody else could rely on she decides to finally reach out to take something for herself. But will she find the courage to see it through.

Mackenzie Stott spends his life surrounded by cattle, and loves the peace and solitude his life in Montana offers. But he has a past and isn't sure he will ever find anyone who can see past it. Can he finally find the peace inside himself and finally open up to love?

Delbora Dixon-Green says

Such An Uplifting Story

I really enjoyed reading this book. When completed I had a smile on my face and truly felt good in my spirit. Two people felt an instant attraction through a letter that manifested itself into a quick proposal upon physical meeting.

Cindy Nipper says

These novellas move really fast, but I love the forgiveness of the past and the hope of the future within them! While there's no mention of God, these characters show His love and mercy!

Melissa says

Okay

It was relatively sweet but progressed way too quickly. There was no lead in to the big revelations in the end.

Patty says

Another winner in this series, the perfect length for a couple mile walk. This book introduces us to Annie, Myra's co-worker from Boston who finds that she is ready for a change in her life. When she answers an add for a mail order bride to Mackenzie, she had no idea he was her friend's neighbor. Mackenzie is looking for a woman who will be his life partner. These two have chemistry from the first letter and when they meet, you can't help but root for them to stick it out and get married. Mac is an incredible man who helps Annie work through her insecurities. I loved the two of these characters. Karla Gracey has a real knack for giving us well developed people in a short time and you feel like they are your neighbors.

Alan Taylor..the perfect voice. I love his deep voice, finding it very soothing and appropriate for this story.

--I was given a copy of this audiobook in exchange for an honest review

Kasey Chang says

Annie Cahill had a tough life, forced to work as a maid since young to care for her family. When push came to shove, she chose to take her chances out West as a mail-order bride. Mackenzie Stott enjoyed the calm and wide open spaces of Montana but there's something missing... a wife willing to work beside him. When they

meet, will they stay together?

This is barely 70 pages and while clean and sweet, there really isn't much in these stories.

Mary Stockwell says

Good short story

This is a great short story romance. I love these short mail order bride books. They are sweet and romantic.

Jerry L Flett says

lovely story

I love your type of stories and wish I could go back in time to this time. See all the country untouched by the future

Theresa Sissons says

Definitely a great book

I enjoyed reading this mail order bride book very much. Each of them had a secret to share about their past, but they trusted each other and their pasts were kept in the past as they looked to building a future together. I enjoyed every moment of this story. If you love reading mail order bride stories, you will love to read this one too.

R.J. Groves says

A sweet story

I absolutely loved this little novella! Annie and Mackenzie are both very likeable characters and, although they didn't actually meet until half way through the story, their letters from the very first chapter were super sweet. Karla Gracey was able to use the letters and how they made the characters feel to really set the scene, build the story, and build the relationship. I'll definitely be looking into more of her books.

Leona Jackson says

MOB

Short, sweet and to the point. Two flawed people take a chance on each other and on love. Fighting a past

they are not proud of can they find happiness? Read and find out you will be surprised.

Juanita Rulo says

Love reading about mail order brides.

This is a good clean story. I enjoy reading about the mail order brides. It took a lot of courage to go so far to an unknown future.

Norma says

Loved it

A very sweet and clean story. I loved the storyline very much. I look forward to reading more by this author.

Karen Loomis says

Story was good, but it was too short. They met and immediately fell in love. It doesn't work like that. To make the story more interesting and entertaining, it would have been better to see a few more complications like exists in real life.

Susan says

Sweet little romance, a very quick read.

Mackenzie puts in an ad for a mail order bride. Annie is unhappy with her current life and wants change. The usual.

I feel that the characters didn't develop enough. We find out some about Mackenzie's background and Annie tells us some of hers, but I kept thinking there should be more. More of their backstories would have been really nice, so I took away a star for that.

Simona Nielsen says

2 STARS (narrator Alan Taylor - 4 STARS)

Overall review for Sun River Brides, books 2-5: Karla Gracey's Mail Order Bride series is a series of sweet romantic shortstories. The stories are very fast-paced and only told - not showed. In some of the books I didn't connect with the characters at all. You won't get much background stories to the characters' lives and in some points you only get the point of view from one of them. These books are good entertainment if you

need a short listen once in a while.

About 'A Bride for Mackenzie': In this story Mackenzie falls in love with Annie as soon as he sees her and the next day he asks her to marry him. A bit fast in my opinion! We'll never know how Annie feels about Mackenzie though. And I kind of laughed when I heard about their secrets. Forgivenes? You don't have to ask for forgiveness from someone you don't know. Acceptance? Yes, that's the word.

Alan Taylor did a very good job in narrating this series and has a very pleasant voice and made characters come to life. I'd love to hear him in other books as well.
