## Chance of a Lifetime Joey W. Hill

It's a night for adventure, for pushing the limits. Well, breaking them actually. Stacie can't believe she's stolen her escort's Porsche to go back road joyriding. But damn, it feels good to cut loose from her life for one precious night. It's just her lousy luck she catches the eye of an off duty cop. Just her luck, indeed. Being reprimanded by Lieutenant Jake Chance, the sexiest man she's ever seen, makes her want to break a few more laws. She's going to throw caution to the wind and see if she can seduce her cop to go over the limits with her. Way over. If Jake Chance is willing to hold her in his arms, Stacie knows she'll have a memory to last her a lifetime. She just wishes dawn would never come, because when it does, she'll have to let him go.

## From Reader Review Chance of a Lifetime for online ebook

### Rene' Hurt says

If each book I read of Joey's I want to read more of them. This book was such a delight and a fantasy come true.

---

### StellaR says

**Love took time, needed friendship to be real, years of understanding building on experiences shared together. But maybe some levels of attraction made you want to take that leap within a few minutes of meeting someone. Maybe your heart and gut just knew what it took your mind years to fathom.**

What a joy to read this heart-warming, sexy as f\*ck short story. Heard many good things about this author and GR kept recommending this book, I thought "Oh well, let's try it despite the not-so-exciting cover." Seriously, don't judge a book by its cover. This one is a fine example of it, the cover doesn't do it justice.

The hero and heroine, Jake and Stacie, are very likeable, they're people we know in real life, two people with real-life problems who took comfort in each other arms. They met during one night of adventure for Stacie. She was speeding and he, being a cop, pulled her over and instant attraction. It's a modern day fantasy for sure, but the way the author wrote it made this book so engaging emotionally.

One glitch that bothered me though was (view spoiler) Having said that I still enjoyed the story, I like how she wrote and will be looking out for other books by this author.

**Overall Rating = 3 Stars**

**Book Cover / Book Blurb = 3 / 4 = 3.5 Stars**

**Writer's Voice = 3.5 Stars**

**Character Development = 3 Stars**

**Story Appreciation = 3.5 Stars**

**Worth the Chili = 2 Stars [\$4.31 on Amazon]**

This was a GoodReads recommendation for me based on books I read. I've been looking at it for forever and finally bought it the other day. It was okay. It says 232 pages, but it went very fast. Not much story. Whole lot'a sex, but sometimes that is just fine.

Happy Reading!

---

### **Kaylea Cross says**

3.5 stars

I liked the author's voice and writing style a lot. The thing I couldn't quite get on board with was the breakneck speed at which the emotions developed between the hero and heroine. I understood the pull and chemistry between them, but not the hero thinking about her as the future mother of their children within a few hours of meeting her.

But, if I suspend my belief long enough to overlook that, it was an enjoyable story. I loved that the hero was willing to fulfill the heroine's fantasy and so much more. He was delicious.

---

### **Melanie Marnell says**

Stacie's life is one of despair and is dragging her down. She is the caregiver for her dying mother and for her father who is in the advanced stages of dementia. She cuts loose one night by taking her date's car and joy riding down country back roads. She's caught speeding by Lt Jake Chance. He recognizes her pain underneath her sassy, silly, flirty attitude. She runs from him and he chases and catches her. She needs her fantasy fulfilled and he's just the man to do it. He gives her the night of passion she so desperately needs to forget, even if only until dawn. In the process he falls for her. At dawn he walks away but gives her the option; show up at the ballgame next week if she wants to explore a relationship.

I am a big Joey W Hill fan and this book does not disappoint. It's lighthearted and erotic. Both characters are likeable identifiable with real life. Sometimes those stolen moments are all we have so making memories from them is a priority.

### **I ♥ Bookie Nookie ([bookienookiereviews.blogspot.com](http://bookienookiereviews.blogspot.com)) says**

Short, hot and sweet. Perfect little read to get you nice and fired up just before you go to bed.

---

### **Amy says**

One of the best short stories I have read to date! This was my first read by Joey Hill but it definitely won't be my last! Emotionally charged, swoon worthy hero, the couple had chemistry that sizzled off the pages and smokin hot sex! What more could you want!

---

### **~ Cariad ~ says**

Hot, sexy read.  
Great H and HEA in this one!

---

### **Jamie says**

Quick read with some serious steam.....yummmmmmy

---

### **Karla says**

A complete story in a short book. Two very likeable characters, sweet, sassy Stacie, and the scrumptious, service-me, then protect-me, Jake. An exciting, fun start, a smokin'hot, sweat-inducing story at the heart of the book, and lovely, dreamy HEA! I'm still smiling.

---

### **UniquelyMoi ~ BlithelyBookish says**

Even in my erotic reads, I'm not a huge fan of gratuitous sex or sex with strangers, but I have to say, this story really worked for me because it was so much more than just an erotic book. *Chance of a Lifetime* is a great story, both heartwarming and heart breaking, but definitely romantic and sizzling hot. Leave it to Ms. Hill to pack so much sexual tension and Holy Hell hotness into a novella and do so while giving us a fantastic, believable story with characters so deserving of a *happily ever after*, who found it by taking the chance of a lifetime.

---

### **Baba says**

**I love you, she thought in amazement. I love you for this moment. For the type of man you are, that you would give me this. I'll always love you, always pray for the world to keep you safe and cherish you the way I do. The way I wish I could cherish you forever, if my life was different.**

**4.5 stars.**

**YOWZA! What a HOT and sweet little read! Loved it!**

Stacie had to leave her hospital job to serve as a home health care nurse to her parents. Her mother was diagnosed with terminal cancer and her father is suffering from Alzheimer's. It's a lot of responsibility for Stacie, and on top of that, her "pity date" John is seriously annoying her. That's why she's speeding along a deserted roadway and is caught by an off duty police officer. Jake Chance (PUN INTENDED!). Well, when dormant hormones surged to life as they did now, it sort of cancelled out Stacie's brain cells. Stacie gets a bit reckless and cheeky.

*"I got his keys out of his coat. It's not like he knows how to drive it anyway. He likes pretty cars and pretty women and has no idea how to handle either one of them."*

*When she looked up at him, she couldn't keep herself from lingering over the terrain. Or from saying the words that came out of her mouth, which seemed to be disconnected from her brain. "I bet that's not a problem you have, do you? Officer..."*

*"Chance. Lieutenant Jake Chance."*

*Jake sighed. He needed to cut this one loose before he did something incredibly stupid.*

Oh, yes, he did something to Stacie but I wouldn't call it stupid...

Even though Stacie hadn't had the courage to give fate a chance lately, **fate** had decided to give her one.

**Chance. Jake Chance.** Jake was a decent guy and he wouldn't disgrace the badge by taking advantage of the authority it gave him. But Stacie knew what to do about *that*. Somehow she's throwing down the gauntlet and she truly challenges Jake.

*I don't want to get out of a ticket." Her lips curved, the girl-next-door suddenly the siren of his most prurient dreams. "But tell you what, Lieutenant Chance. If you can catch me, you can try to get me out of these clothes. Though you better have handcuffs, because I fully intend to resist arrest."*

Whatever divinity was, it had given her this. The *Chance* of a lifetime.

Well, after my last Joey W. Hill read (Hostile Takeover), I was pretty stunned and disappointed. But right now Ms. Hill put me back on track again and then some! I'm so glad I read this steamy little number. Chance of a Lifetime was so much fun yet the story's embraced by a serious undertone as well. I liked the hottie Jake and the caring heroine Stacie. They are pretty nicely fleshed out. Admittedly, maybe the plot is a wee bit far-fetched but nevertheless I did enjoy it tremendously!

### **Warning**

Chance of a Lifetime contains explicit sex (including oral and anal). Ms. Hill is known for her BDSM stories, yet I have to say that there was not a lot of BDSM to be found. Yes, there are handcuffs involved but then again, it is so much more about a dominant alpha male taking over the reins and guiding the heroine than BDSM play. Even though you don't like to read about it I'd recommend you to give this one a go since the BDSM elements are extremely light.

---

### **Cyn Mistress Kitty says**

WOW!! Even though this was a short story, it was one of the best I've read. The hero was to die for. Sexy, hot, caring. I really liked the heroine too. She was a truly loving caring person as well as a spitfire.

This story made me laugh, cry and fan myself with the blazing hot sex.

A MUST READ. 5++ stars.

Did a re-read and still loved this story even though the night stick incident was a little bit of a squick factor.

---

### **Stephanie says**

God if only all cops were this freaking sexy!

---

**ShoSho says**

For a book this short, it was amazing!

---
