Dead Hope

Flint Maxwell

Dead Hope Flint Maxwell

Apocalypse. The End. Annihilation. Six months have passed since the chaos in Woodhaven, and though Jack Jupiter escaped, he couldn't stop the virus from ravaging the globe, nor could he stop the billions from turning into undead creatures that feast upon the living. Now, society is on its knees. And Jack's group continues on, traveling from city to city, looking for a place to call home. That place might be Eden, a mysterious and guarded safe haven somewhere in Florida. But to get there, they'll have to remember not all monsters are zombies... sometimes they're human. And no monster will stand in their way. Because they have hope.

Charlie ☆ WLTB Blog ☆ says

Dead Hope starts Six months after chaos in Woodhaven and the virus outbreak in book one book 2 starts. Jack and the gang may have survived what happened there but he cannot stop the virus or out run it. This story just gets better and better. In this one, we lose people but it is also full of laughs and hope. I do love the humor between the characters too.

Alex says

This has Walking Dead written all over it. All I could do is think about Negan and his people. Very predictable and also, probably from watching Walking Dead, I'm pretty much zombied out. I guess I was expecting something different hence me giving it a try, but it had nothing new, and I get it, it's hard to bring something new to the table when there is only so much that can happen in an apocalypse with zombies out to get you.

WendyJo says

What a blast!

I really enjoyed this series. A lot like the Walking Dead show, but a bit simpler in plot line. Lots of well written suspense scenes. Gore and zombies abound!

Heather Gessling says

Jack Jupiter continues his journey with his family through the zombie apocalypse. They survived each day with the rumored hope of a zombie free eden. Who knows what will happen next.

Vicki Jowers says

Ok book

The first book was better but starting this one several months later I think hurt it. The characters should have grown these seem to have gotten weaker. Going across the country they would have all learned how to survive

Shannon says

So it picks up 6 months later. I didn't like that. Darlene is kinda TSTL. And when did Jack turn into super wise zombie guru? I'll give the next book a shot.

Pam Duncan says

WOW!

Omg! This book was awesome!! I am enjoying this series so much!! Dead Hope didn't slow down at all!! I finished this within 24 hours!!! Moving onto the third! ?

Mimi Davis Hopkins says

Jack Jupiter And Family

The series gets better. This is a great Zombie apocalypse story. The story is filled with sad times, not so sad times. It is also filled with nice times, laughs, and hope. Flint Maxwell did a great job with this second book of this series. Moving on to book three!

Amber Somppi says

Zombies for days

I just love a good zombie story . this has it all , the hero and his love, the other characters make for a read .

dawn lynn cline says

Oh it's getting better and better!

If you have watched the walking dead, think of the first bar shut crazy bad guy who kept zombie heads alive in tanks and his zombie kid chained in a small room, add Neegan.....that's this fake cowboy creep! I'm cheering for the writer (of course) but also love the two new recruits. I feel bad for those lost, but it is an apocalypse.....downloading 3 RIGHT NOW!

Montzalee Wittmann says

Dead Hope (Jack Zombie Book 2) by Flint Maxwell is an exciting book that takes off right where book one left off. You don't have to read book one to enjoy this book, the author catches you up without spoilers. Book

one is great so I would suggest that one either way. This book is full of action, emotions, great dialogue, terror, suspense, and through it all...love. Great book. I was given this book to read but the review was optional.

Debra Omiatek says

Eden is Crazy

Jack and his family look to find a safe place with the zombie apocalypse. Eden sounds like it will fit the bill, until they actually get there. Eden like any so called paradise is lost. Crazy runs it. Jack and his family fight for there lives. Yet at the end a flicker of hope, is there a possible cure. A lot of action. Characters have more depth. Horror is present throughout. Book is good. Story seemed a little disjointed at times, this may be related to the crazy element. It was a little cartoonish which reduces the impact of the horror atmosphere. Still looking forward to next book.

Linda says

Very poor grammar. Been tensed and plural nouns are crazy. Story line is good and characters are improving since the first book. I will read the next installment since it is free, but I am not sure I would pay for it. Reminds me of The Walking Dead.

The grammar is horrible in this book. Verbs and plurals are even hard to comprehend at times. Characters are improving and plot is okay. Gets gruesome at times.

D'Lya Parsons says

It was ok but not as good as the first

I thought the antagonist was cheesy and dumb and the final fight to be... corny. I keep reading these in the series thinking it'll get better but the long drawn out scenes make me weary. Just like a bad flick I keep reading hoping it will get better.

Kate Rhoad says

I was disappointed in this follow up. Should have been edited a second and maybe a third time. I finished it but skipped a lot of stupid people doing stupid things with sketchy motivations.
