Duncan Jo Jones

Read THE GATHERING first to avoid spoilers

Duncan Macpherson has but one thing in mind. Complete an act of valor in the two days of mortality allotted him by the Muir Witch, in order to win the chance to confront Bonny Prince Charles and put his sizeable Macpherson strength behind a long awaited reckoning. But nothing in his 269 years on Culloden Moor have prepared him for the high desert of the Arizona Strip, or the secrets that await him there.

Lainey Saunders is a 3rdth generation rancher determined to save her family legacy for the next generation, but she is unaware of the forces working against her. Lainey must face her past choices in order to save her future, but at what cost?

If these two brave hearts fail, they'll lose more than just their legacies.

MACBETH is next

Carol Everson says

As true as they were

This authors understood the true essence of what the 79 Highlanders ghosts of Culloden moor. A great addition to the established authors storyline. With the future of so many, an the tragic events at that time having the help of others who are able to give these brave men warriors in there day as in our own the peace and justice for all that they endure I have a high praise for her as well. Great read looking forward to your next works on this series.

Denice Darland says

Great sequel on the Ghosts of Culloden Moore

Fast paced short story as Duncan of the Ghosts from a Scottish battlefield gets to have second chance at making a life that truly means more than he ever thought possible.

Loretta Cable says

Love thru time

This is another wonderful love story from the Ghosts of Culloden Moor series. All of the authors are able to create magical, entrancing stories. This collection is nearly as good as "that other time travel to Scotland" series - they're getting me thru the wait till that story returns to TV.

Tammie O says

Loved it !!!

This was my favorite of the Culloden Moor books so far .It grabbed my heart and wouldn't let go .My heart hurt for poor Duncan because of the tragedy that happened to him as a young boy . The story is fast paced from beginning to end and so much fun to read .The last chapter was amazing I laughed, cried,and even got a little angry and scared .I recommend reading the books from the beginning but really this book can be read without the rest it's that good !!!!

Kathy says

The novella format is perfect for this series where each of the 79 are granted a 2-day boon of mortality from

the Muir which. So far the stories have been amazing and this was no exception. In fact, this is my favorite so far. Keep up the good work.

Toni says

Another great addition to "Ghosts of Culloden Moor" Books. Do not read it to break down plot anachronisms or weaknesses, read it for the emotion it evokes. It's a nice (albeit quick) romance. I love this series for a quick feel good read and have read them all as they are released. It makes you believe in magic and miracles and angels. I want to believe that every soldier/hero that has been brought down before his time gets a second chance at life and love. What a beautiful thought. (I am not willing to argue the glory of heaven in this review.)

Carol says

Quick enjoyable read.

Stephanie L says

This is the eighth book in the series. You will want to read the first short story, The Gathering, before you start the rest of the series. After that, each one can be read as a standalone .

I love Duncan! He is ready for his turn from the Muir witch, Soni, to prove his heroic act and receive his boon to face Bonnie Prince Charlie for his poor judgement that led to the Deaths of so many at Culloden Moor.

Duncan learns there may be more to gain than revenge.

Penney says

Liked this one. Enjoyed Duncan's tale.

Jessica Duet says

So good. Took me for a ride.

Jami says

Excellent story

Completely different, but very good. Loved the characters and the unfolding history of both. It was a little bit of cowgirl tough mixed with Scottish Hero.

Brenda L Brooks says

Duncan

Probably the second best in the series! Thrilling, full of intrigue and smiles. Duncan has found the answer to all his fears and problems, he just doesn't know it yet! Wonderful reading.

Pamela Heckel says

Another Molly

I'm partial to red hair heroines, so I liked Lainey from the start. Molly seemed authentic too. Will they believe Duncan?

EvilAntie Jan says

Be Still My Heart

Duncan- and his Molly. I adored this story. It was riveting as one sees how much love can turn a stone cold heart into a warm beating one. Duncan's story is so beautiful and will stay with me a long time.
