*The Mighty Machines series. Mighty machines in full color for the kids who love them.*

In the Mighty Machines series, vivid color photographs of machines at work jump off the page. Large type describes the machines, their parts and their uses. Glossaries explain essential terms, and suggested activities add to the fun. The big format and vibrant designs make the books perfect for kids to read alone or share with a friend.

With their lively designs and topics that are always a favorite with kids, these books offer popular subject matter and excellent value.

The thrill of the unknown just adds to the excitement of seeing (and hearing) a rescue vehicle. This book shows a variety of rescue vehicles along with the personnel who work on them, including:

Ladder trucks at a burning building

Helicopters dropping water on a forest fire and airlifting a stranded dog from a mountain pass

Airport rescue trucks with special lights and room for passengers

New York City's harbor fire boats

Helicopters and lifeboats rescuing sailors

Ambulances and air ambulances helping injured drivers

Police on their way to an emergency by car and helicopter

A police motorcade escorting a VIP

## Jaime says

big hit for our boy. He didn't want to return it.

## Betsy says

in our house this book is a favorite, well currently, in a few weeks it could be something else, this is a favorite because of the pictures and information about various rescue vehicles. however, some of the pictures were a little bit scary at first for my son. it was a lot of consoling about how the people were helping and how the people who were hurting are just fine...we are assuming. if your son or daughter likes rescue vehicles this is a good read, with follow up questions and key vocabulary words.

## Elaine says

Big, bold pictures. Great intro. to nonfiction structure (table of contents, glossary, index, picture captions, etc.) See others in this series and by this publisher (QED - London): mighty machines (loaders, etc.) tractors, farm vehicles, trains, trucks
