*Marcus Major*

## Four Guys and Trouble Marcus Major

Praised by Eric Jerome Dickey for "bringing to life the people we know," national bestselling author Marcus Major now tops the success of *Good Peoples*, with a new novel of four friends, their unique bond, and the one woman who comes between them and changes their lives forever.

"Style, insight, fun and a twist...entertaining, hip, and charming." (*Publishers Weekly*)

## **From Reader Review Four Guys and Trouble for online ebook**

### **Jaleesa says**

I've always loved this book. This is about the 10th time that i've read it. Recommend it for anyone who loves to laugh and who loves love.

---

### **Ronald Wise says**

A story of four Black guys who have taken on the responsibility of taking care of the younger sister of a fifth close friend who died of leukemia when they were in college. Delightful dialog and a direct analysis of how some men relate to women, especially when they become financially successful. This book came to my reading list from the Seattle Public Library's reading list "If you like E. Lynn Harris..." I enjoyed it and so Major's other books have been added to my reading list.

---

### **Nicole says**

I didn't think I would like this book at first, but I really enjoyed this book. I especially enjoyed the author's humor throughout. Very refreshing. I listened by audio. The voices (especially the men) were scrumptious.

---

### **Lesa Boone says**

Great author. I love his characters. I simply wish he wold publish another book.

---

### **Beryl White-Bing says**

Good character study of different male characters and how they handle life.

---

### **De says**

A cute book. A fast read.

---

### **Destiny Hawkins says**

Great book! I love it when a book can keep me engaged and laughing. I really enjoyed the story of the 4 fraternity brothers, Colin, Ibn, Mike, and Dexter looking out for their deceased line brother, Trevor's sister. The love and devotion they shared towards her was phenomenal. While they couldn't get relationships right

with their women, they adored Bunches aka Erika. A good mix of reality, brother, love, and friendship. I highly recommend.
