**Discover the Made in Montana miniseries—where all your cowboy dreams come true!**

Mike Burnett is the one good memory Savannah James has of living in Blackfoot Falls, Montana. His gentle smile was the only kindness she knew before she left town under a cloud of scandal. Years later, the quiet cowboy is also the only one who recognizes her. Savannah's torn between wanting to hide her past and wanting to show everyone who she's become.

For Mike, Savannah's history isn't as important as who she is now. And he can't understand why such a beautiful and successful woman thinks she needs to prove herself. He wants to believe they could have a future...if only she doesn't let the past keep them apart.

### **Nancy says**

3.5 really. A bit slow for me and the romance was a bit quirky. The hero's understanding of the h was extraordinary & his patience too.

The small town aspect was interesting.

Setting: Montana, Big Sky country

Mike was too good 2 B true really.

Sadie the mayor was great ! Humor there.
