## **It's a Punderful Life: A fun collection of puns and wordplay** Gemma Correll

Puns often mistakenly get a bad rep, but if they're good enough for Oscar Wilde and Shakespeare (whose work featured over 3000 puns), it's good enough for us. Hot off the back of her incredibly popular Monday Punday online series, Gemma Correll has surveyed her army of punning fans to create this hilarious collection of her best illustrated puns, as well as loads of new ones. Over the following pages you will see grin-inducing puns such as Wonton Cruelty featuring sadistic dim sum, or rotten eggs hurling abuse at each other. The sweet tooth has brought you some flowers and the seal of approval is very pleased to meet you. With over 50 puns, this book will bring a smile to even the most miserable person's face.

Cute

---

### **Britt says**

Pretty good puns

---

### **Vonia says**

The illustrations finish a lovely little collection of play on words... Not all great quality... But some made it all worth the entireties (I.e., Nom De Plum for The name of a purple fruit, Complex Carbohydrates for Existentialists & overly emotional breads, etcetera)... Again, even the more obvious ones deserved credit for creative illustrations...

I was tempted to write a pun-filled review, but I'm really not that punny.

Whilst it was a nice enough quick read, it was nowhere near as amusing as I had expected it to be. I gave one or two giggles, and that was about it.

Short and sweet, but not the best collection of puns.

### **Lauren says**

I bought this book for a friend and after I gave him the present, we ended up reading it together. It was such a gloomy day but this book definitely cheered me up! Puns never fail to put a smile on my face and I laughed aloud a few times just because I couldn't help myself--some of them were just that funny. Adorable pictures and witty lines. It was positively adorable.

I definitely recommend this book. It's such a sweet gift to give and receive, or even buy for yourself.

Some made me shake my head. Some made me chuckle. I love a good pun!

---

### **Brandy says**

One of my Christmas presents (thanks, Mom!) - a perfect combination of Gemma Correll's delightful illustrations and giggle-prompting puns. My only (minor) complaint is that it was over too fast (but I'm sure I'll pick it up off my shelves many times in the future to enjoy again).

### **VeganMedusa says**

Very cute. Even my pun-hating partner and son couldn't resist it.

---

### **Kayly says**

Leelo en kel ni sueñes con comprarlo.

First up, I want to thank my boyfriend for giving this to me as a Birthday Present, thanks dear! So happy with this one!

I just love puns (even the bad ones, though I will groan and shake my head at them), some people are just really creative with coming up with them. I spotted this book on Goodreads after I read another pun book. I just knew I had to have it. Gemma Correll's art is wonderful, she is one of my favourite artists, and I just had to know what kind of puns she made/drew.

And I can tell you, it didn't disappoint. I laughed so loud while reading this one, at times groaning at some

because they are just that obvious. I loved that a lot of objects talked, to give the pun more punch. Like for Pear Pressure: C'mon everyone else is doing it. With a picture of two pears. Or the blunt pencil who is indeed very blunt.

And the list can continue, there are a lot of objects in this book, all playing a role. Some words you have to say aloud to get the pun, but mostly you can just immediately see what is happening.

I could talk about the art, but I think I already made my point when I said that I loved Gemma Correll's art. :)

Would I recommend this book? Heck yes, I would. If you want a laugh, and enjoy some good art, then be sure to check this book out.

The book "It's a Punderful Life: A Fun Collection of Puns and Wordplay" by Gemma Correll is a 64 page book that can put a smile on anyones face! I got as a Christmas present and as I started to read it, I started to feel so silly that I was cracking up about some of these puns! For example, there is a photo of a bucket of cream that is saying that nobody appreciates it, and then at the top it says "Sour Cream." I was giggling to myself on that one, but I cracked up on the next one! The next one had a photo of two swings with one singing and the other one really annoyed and saying, "Kill me now." At the top it said "Mood Swings!" Hilarious! So if you are just having a gloomy or boring day, read this right away to get a big smile on your face.

This book is a really easy read for anyone, but has some rude humor at some parts that would not be suitable for some ages. But for someone my age, it was fine. So I suggest that you read this book!

### **Molly says**

Gemma Correll's drawings are both adorable and hilarious.

---

### **Woflmao says**

It's kinda punny.
