Merciless Ride

Mercy is no friend of mine. Karma, she has yet to show kindness to me.

The hits just keep on coming for Tessie Marie Harlow. She has never had an easy life. Her mom disabled, her dad long gone, and a single mom raising a rambunctious little boy, that's Tessie's world.

Her childhood aspirations to be a nurse long since disappeared after a college spring fling both blessed and burdened her with a baby boy. Dropping out of school, she returns to her hometown and begins to settle in. Getting the only job she could as a bartender she spends her days caring for her son and nights serving the Hellions Motorcycle Club and their affiliates.

Tired of waiting for Rex to grow up she's faced with the bane existence of her life until one night changes everything. In the darkest hour of her merciless ride through life, she's saved by a quiet, laid back Hellion.

Andy 'Shooter' Jenkins has always been around. Too wrapped in Rex she's never really noticed him before. He has never been loud or known to have the girls hanging all over him. He is a mystery. A chance encounter brings him to her rescue not once but twice.

The Desert Ghosts Motorcycle Club are in town and bring their own brand of chaos right to Tessie's door. Forced into her day to day life, Shooter is doing everything he can to shelter and protect her as lines are crossed and a war between two clubs begins.

Secrets revealed putting two brothers in the Hellions Motorcycle Club at a serious crossroads in their lives.

This is not a ride for pleasure. This is not a ride for safety. This is not a ride for love. This is a ride for survival. Mercy has never once shined her grace down for these two, but in the midst of the danger and lies can they learn to rely on one another and ride it out together?

This book contains strong language, strong sexual situations, violence and is not suitable for readers under the age of 18. Please do not buy if any of this offends you. This is a work of fiction and is not meant to be a true or exact depiction of a motorcycle club but rather a book meant to entertain.

Hotness Rating 3 out of 5

Oh, Wow! Oh, Wow! Oh, Wow! You have to read this book! Merciless Ride is the third book of The Hellions series by the master of MC hotties Chelsea Camaron and the best by far!

Tessie Harlow has been Rex's booty call for far too long. Rex was her girl crush, then college hook-up and now a convenient piece whenever he's at the bar that Tessie bartends at. She is so over that and has made it clear that she is no longer one of his many, many chicks that are just waiting for him to crook his finger. Life is hard enough for her right now. She's a single mom just trying to make ends meet and caring for a disabled mom. Not to mention the safety that she always felt bartending at the popular MC hangout has now been shattered.

Andy "Shooter" Jenkins is a member of the Hellions Motorcycle Club. He's definitely badass, but has a laid back way about him that stole my heart from the very beginning. When he walks into the bar to find Tessie being assaulted by a member of the Desert Ghosts Motorcycle Club he loses his mind. Not only does he stop the assault with brutal efficiency, but he cares for Tessie in every way that she needs.

"I've been there, Tessie," Shooter's voice whispers in my ear, "where the silence is deafening. Where everything is so dark on the inside, the light of day won't break through as you go through the motions. When the darkness falls and your mind takes your body back to the place where it falls apart."

I love Shooter in all his laid back hotness. And I love Tessie! She's a self-sufficient, hard working mother that will do anything for her kid which makes her all kinds of badass in her right. She hid some really important things, but never maliciously or selfishly. She felt she was doing the right thing. Shooter was perfect in every way. He is strong enough to make a girl feel safe, yet he's intuitive, thoughtful, loyal, honorable and gentle when needed to be.

Chelsea Camaron, you sure can write hot badass biker books. I definitely put you up there as one of the greats!

Favorite of the series Chelsea Camaron knows how to take you on a ride. Mercy is no friend to Tessie or Shooter. I loved the chemistry. Rex gah I wanted to smack him but I still have a soft spot for him.

Life as a single mother is a hardship that Tessie Harlow knows all too well. A struggle to raise her son and help care for her ailing mother. There never seems to be enough hours in the day or money on hand for bills. Tessie spends time with her son during the day, and works as a bartender at night. The bar that Tessie works at is frequented by the members of the Hellions Ride Motor Cycle Club.

A long standing hook-up has continued over the years between Tessie and Rex. One that haunts Tessie every time Rex seeks out other women. Knowing that Rex will never grow up or offer her a chance at a future, Tessie is determined to make sure she is unavailable to Rex's every whim.

As The Desert Ghosts Motorcycle Club blows into town, they leave a trail of destruction that will leave Tessie struggling to pick up the pieces. She finds security in an unexpected place. Andy 'Shooter' Jenkins is the savior that comes barreling into Tessie's life. He is determined to help Tessie recover and protect her family at all costs.

What no one realizes is that Tessie has a secret that will rock the very foundation of someone's life when it is revealed. Shooter stumbles upon her secret and keeps it under wraps for Tessie. As everyone knows, secrets have a way of coming out when you least expect it. This is no exception. An explosive revelation will affect the future of several members of the MC. Rocking the foundation that their brotherhood is built upon.

Life is never boring when you are talking about a motorcycle club and the Hellions Ride is no exception. Tessie's story is woven with tragedy and determination. Something that is the very essence surrounding Tessie and Shooter. Their relationship was absolutely perfect. Both characters faced tragedy and have now come together. Each offering healing to the other. I loved the way Shooter seemed to have the patience of a Saint where Tessie was concerned. His character showed extreme patience, trust, and understanding with his building romance. This story is a wonderful example of finding light through the darkness.

Merciless Ride Review

It's no secret that I love Miss. Camaron's writing. So, when I got Merciless Ride, I squeaked in delight. With each prior book on this series, Miss. Camaron took me on a roller coaster ride, full of tight turns and steep slopes. This book was no different.

First, we have Tessie: Strong, hard worker, and one hell of a good mother. I love when I can relate to the characters I read. Anyone who has struggled in life will sympathize with Tessie.

Then we have Shooter, *sighting*. What can I say about him? Hot as hell, handsome, kind, thoughtful, generous....

Ms. Camaron weaves some powerful magic. She can make a badass alpha male, member of the Hellions Club turn into the sweetest and gentlest of man, without losing the dark edge that is so attractive on bad

boys. Yeah, he had my heart the first time he rescued Tessie.
I just can't wait for the next journey. Fantastic five 'shooting' stars read.

Best book of the series I think so far.

LOVED!!! We knew about the strange and confusing relationship between Rex and Tessie from prior books but this book gives us the whole story. Tessie knows it's time to move on and live her own life and this is her story. After the knocks life has dealt her over the years it is so wonderful to see how everything works out so great for her. You don't want to miss this story! We all need a Shooter in our lives. I highly recommend it.

I think this was my favorite in the series so far.

I loved the maturity level the author set in this read. That alone set an excellent tone to an already good story.

Shooter was an awesome H. He was strong for the h. He protected her and helped her before and after he SAVED her.

***The graphic-ness used for what our h went through was brutal. The act alone was brutal enough, but the details made it a definite trigger scene for those that can't handle rape of the h.

These two were kind of a surprise couple. They never really took notice too much of each other in previous books. However, once Shooter got his chance, he took it - and wasn't going to give it up for anyone - not even a Brother.

There were a couple surprises that I didn't see coming, which really took the story from basic biker romance to terrific biker romance. It's hard to do that these days with the 1,296,327.254 reads we have in the biker section of romance.

I do recommend you read the previous two books before this one - though it isn't a must. It will just help better relate who's who. However, no matter how you choose to do it - just do it. You'll be missing out if you don't.

Great characterization and probably the best one in the series so far. Really looking forward to Rex's book next!

I was sold hook line and sinker when I got through chapter one.

Tessie is a woman who had big dreams and had to change her life course because she fell for the wrong bad boy. Except, he isn't all that bad. Just more of an ass. He actually has a big heart, but we don't get to see that side of Rex until near the end. Tessie is strong, capable, and in need of a man who is strong enough to stand by her side. Enter Shooter.

Andy "Shooter" Jenkins, is a really good guy with a lot of pain and guilt in his heart. A man who served his country and because of that lost the woman he loved. But truth is, sometimes the one you think you love the most in the world is just a lesson to learn from and move on from. Shooter is a true hero of sorts. His goal is to save Tessie, especially when tragedy befalls her.

To see Tessie heal and move forward and realize that life isn't always going to slap her hand and tell her she can't have something special was actually really beautiful. To see Shooter come to terms and leave behind the guilt was as well. My only gripe, I would love to have seen the meeting between Shooter and his ex's father. I think that would have been amazing.

This book was fantastic, but then again, this series is fantastic! I give this 4.5 lipsticks!!!!

FIVE STARS MUST READ!!!!!!!!!!
WOW!

Chelsea Camaron has hit this one out of the park. I absolutely loved One Ride and Forever Ride, yet this book takes it to a whole new level. The character development, the story line... it was just absolutely fantastic! You don't actually have to read book one and two to enjoy this story so there should be no reason on why you haven't already purchased or are purchasing this book. SO GO ONE CLICK THIS ONE NOW

Let me start by saying that if you love MC Books and have a list of Biker Boyfriends like me... you have to clear that list and place Andy Jenkins AKA Shooter at the top of your list. Yes, you will definitely putting you at the top of the list. Goodbye Tank you have been replaced by Shooter and Rex.

This story has it all! The drama, the happiness, the tears and the gut wrenching moments that you can't help but feel each and every devastating emotion. This is the story of Shooter, Tessie and Rex.

Tessie isn't part of the Hellion club, but she has had a long and difficult relationship with patched member Rex. He is definitely a player. He is the hit it and quit it type of man. A relationship would never be on his radar. Tessie has not had an easy love life or life in general. She has struggled to get out of her little town and follow her dream of nursing, yet she finds herself pregnant and moves back home. She works as a bartender in a local bar that is mostly filled with the members of the Hellions MC. She has always felt safe at her job. Sure she deals with the everyday a@@hole but it was never anything to put her in harms way. That all changes! Her life is completely altered and she is consumed in darkness. The only light she sees is Shooter.

Awwwh Shooter. Yep he is an absolutely wonderful character. He is a patched member of the Hellions MC. He is ex-military and is pretty much a mystery. You know he has his secrets, his demons yet you never expect what it is holding him in the darkness. When you see his soul, you can't help but feel so much sadness and emotion for him.

Tessie and Shooter are two souls facing their own personal darkness. They are the lights for one another. It truly breaks your heart at the same time as you smiling ear to ear. I can't say it enough that there is so much emotion within this book that it leaves you speechless. With each and every book Chelsea writes you get a lesson with it. Sure, you enjoy the story, yet there is a higher purpose a lesson to say. With *Merciless Ride*, for me it was that everyone can come out of the darkness. That you are truly not alone and just when you think no one will ever except you... all of you, you will find that light when you least expect it.

This story ends with such a high that it leaves you waiting for the next *Ride*. All I can say is I have so much love for Rex that I am waiting on pins and needles for his story!

GO BUY *MERCILESS RIDE*. FALL IN LOVE WITH SHOOTER AND TESSIE.

Two people with demons find their way to each other. Tessie has been burned and Shooter has dealt with too much loss in his time. One dreadful night brings these two together, maybe forever.

Shooter, Shooter, Shooter... I'm in love. When he says baby...swoon! Shooter has a demon that haunts him every day, can he find the strength to let it go? This man is loving, caring, sexy, and understanding. He brings the calm to the storm building up inside Tessie.

Tessie has always tried to go after one man but she soon realizes he'll never claim her. Being a young single mom, life hasn't been easy for her. One night her life becomes a nightmare until her knight in leather rescues her. Can a woman who has had so many wrongs in life finally have something right?

Merciless Ride is by far my favorite book in the Hellions Ride series. Five stars across the board. I'm not sure how Chelsea will be able to top Shooter but I know she will. Until then I will swoon over the man who made me love the pet name baby.

Shooter and Tessie where do I began . Tessie was the enigma, not much was know but she was a presence in the first two books. There was a good reason why and this book explodes because of the secret that Tessie has been keeping .

Life hasn't been easy for Tessie, but she doesn't complain. Her mother is disabled and she has a adorable rambunctious boy she tries to bring up the best on her own. Her dreams are long gone and she keeps her secrets close.

As she trying to keep things on the low whilst earn money to provide for her son. Resulting becoming a bartender for the Hellion and Rex the VP plaything. They have had a thing going on for years but he hasn't grow up and Tessie wants more.

It not a lot to ask but Tessie is special and it obvious despite her low esteem. She is loved by the members until one night when she saved by the last Hellion she ever expected.

Andy ' Shooter' Jenkins the man who has been waiting around quietly in the background. He never over indulgences but he saves her and opens Pandora box.

As it no ordinary accident and it involves a rival club who are in town to do business. It looks like Hellions are about to go to war but the real question is . Will Tessie let a man protect and save her from the war

This has to be my favourite of the series. Mercy has a lot to do with this story and my heart breaks when Tessie calls out to her asking for some. She had a tough life for the last few years and then for Shooter to sweep her off her feet and then trouble to break lose on all fronts. Your heart breaks for the both of them as they fight just to have a relationship and figure out things . As it no just them to consider and it going take a lot patience to have a HEA.

OMG! I loved Shooter and Tessie!! I'm not sure why I went into this thinking that somehow it would be Rex and Tessie in the end but I'm so glad it didn't work out that way. Chelsea Camaron gave these characters so much freaking heart. Although I didn't condone the secret Tessie kept, I kinda understood it. Even with Rex's POV, you could tell that he still had a lot of growing up to do. However, Shooter more than made up for everything. That man! He was sweet, considerate, honest, honorable, protective, sexy and true.

On to the next one!
