## My Fox Ate My Homework David Blaze

My name is Jonah Johnson, and I'm in the 6th grade — but please call me Joe. My whole world just got turned upside down. There's a talking fox that keeps getting me into trouble at my new house in the country. I know it sounds crazy, but it's true! And there's a mean old chicken that throws rotten eggs! To top it all off, I've got to deal with the school bully and help save my mom's new house!

My Fox Ate My Homework is a hilarious adventure fantasy that's entertaining for children of all ages, and adults!

# **From Reader Review My Fox Ate My Homework for online ebook**

## **Bryan Watson says**

### **Pretty basic**

The storytelling is fairly one-dimensional, the plot is disjointed, the characters aren't reasonably developed, and a lot of the dialogue feels cliched, almost as if the author felt obliged to drop well-worn phrases in, without regard for relevance or context. The talking fox appears without lead-in, background, or plot development, and seems disconnected from the rest of the story. Why can he talk? How did he get there? Why doesn't he speak to anyone else? If he's smart enough to enjoy TV and talk to humans, why can't he figure out how to open the chicken coop and eat them all? Whilst my kids aged 6 and 9 were not keen to stop reading, they were not as transfixed as they have been by some other memorable books, like the How to Train Your Dragon series, and they don't want to get the next book in the series. I'm sad to have to write a negative review, because I like the idea, and the author comes across as a decent person trying to do something good and meaningful.

## **Sarah Rubin says**

This was a fun read, but nothing spectacular, and it didn't hold our attention quite like other books in our read-aloud with my son.

---

## **David Blaze says**

Could a talking fox help the new kid in town overcome his fears and feel accepted?

I considered this for months before I began to write My Fox Ate My Homework. Of course foxes can't talk, and they're known for being sly, cunning, crafty, wily--but what if a child fox was all of this and still wanted to be your friend? A friend that could make your whole world better?

I enjoyed every second of writing this book. A boy who wants to do his best, help his mom, and feel accepted--with everything stacked against him. He has an honest and loyal heart. I love what he stands for. I love his courage. And I love his innocence.

And then there's the talking fox! He's witty and cunning, but he has a helpful heart. I love, love, love Fox!

I wrote this book to teach my son values as he grows older. Values like loyalty, honesty, sincerity, and to always have a giving heart. I hope you enjoy reading this book as much as I enjoyed writing it.

Timothy David (My son's name is Zander Blaze. Our names are combined to create David Blaze.)

### **What an interesting and clean reads ebook this was and the incidents with Fox**

WOW! The two bullies and Fox got Jonah into big trouble but Fox had a part into helping Joe But of a few 8f these too! I enjoyed this short ebook and for this reason zi would like to recommend it for five stars and for those between the ages of 8-12. I received this for free by using KU, now on return, here is my honest review. Super work David! By Angela

## **Barbara Ann says**

Jonah (Joe) Johnson is an eleven- year- old whose life has just been turned upside down. His mother lost her job in Orlando so they have moved to his deceased grandmother's old house in rural Alabama. On the first day in school, Joe is confronted by a bully who demands that Joe write his homework assignment.

Things go from bad to worse when the tax collector appears and informs them that the property taxes are overdue and the county would be foreclosing. Now they will need to move into his Uncle Mike's house. When Joe goes outside he discovers a fox in the hen house, not any old fox but a talking fox! Joe and Fox become fast friends, but not before Fox causes all sorts of mayhem as Joe desperately tries to think of ways to help his mother, face the bully and maintain his friend relationship with Fox.

This fantasy tale is written well with lots of authentic dialogue and humor. Middle- grade students will find lots to love. There are cute cartoon- like drawings of the characters interspersed with the text. Blaze touches on issues important to students in this age group. The tale is an easy read that is under one hundred pages which makes it appealing to reluctant readers. Highly recommended for eight to twelve- year- olds, and adults who are willing to listen to a talking fox.

### **Easy**

My daughter is 9 and she enjoyed this story. She enjoyed the humor and the fiction part of it. Definitely recommend this book for kids all ages, maybe kids after 5 will get the humor better than little ones, but they will still enjoy the talking fox!

---

## **Joy says**

This was such a cute and lovely read. I have to admit, I got hooked and definitely plan on checking out the 2nd book in this. Highly recommend especially to parents looking for books for their kids.

## **Dawn says**

### **Loved reading this to my kids**

This was a fun adventurous book. My kids loved listening to me read it. Can't wait to start the next one!

---

## **Makenzie says**

### **I dont like it**

This I did not like because I do not understand what was going on in this book I was reading

---

## **Mary says**

### **Fun Book for All**

My Fox Ate My Homework is indeed a hilarious fantasy for kids. I think it would be a fun book for readers ages 8-12. It has an imaginative plot and it leaves the reader wondering if Jonah will, in fact, be able to solve his problem with Shane, the school bully. It has a surprise ending, too, for his mom and him, but you'll have to read it to find out.

---

## **Sharon G. McLendon says**

### **Fun, heartwarming story**

Author David Blaze, has done an outstanding job on his first children's book! You'll find all the elements of a good read in this fun, heartwarming story of eleven year old Joe and his adventures after a recent move to the country with his mom. I laughed out loud several times with Joe, Fox, and especially the way he handled the school bully. Love, hard work and honesty are all a part of Joe's story. I want all my grandkids to read this book. It's that good!

### **Sandra M Castro says**

#### **A cool ?Fox**

Fox is a talking fox which no one would see coming he can talk, walk on his hind legs. Fox is friendly to people, Fox also has a sense of emotions he makes you laugh. When I read this book my mind was saying what happens next I was sad when the book was over it was so good! I can't wait to read "My Fox ate my cake. But I can't because I have to buy it ?

---

### **Sarah Swan says**

This is a very amusing take on school-age children dealing with changing schools and changing circumstances. Jonah Jones, who prefers to go by Joe even if no-one honors this, goes into his new sixth-grade class in his new school on a Friday. He did try to convince his mom that he'd prefer to wait until the following Monday. Of course she didn't listen. Joe gets into trouble with the class bully right away and ends up with said bully, Shane, ordering Joe to write his three-paragraph paper for their teacher that is due on Monday. Needless to say, Joe has no idea what he's going to write about for his own paper about a best friend, much less, who Shane's best friend is if he even has one. When Joe gets to his new house after school, he meets a fox in his backyard. The fox talks to Joe and they become friends, though Joe isn't certain how his mom will take to a talking wild animal wandering, especially so near the chicken coop. Things get more and more involved over the weekend with the fox getting Joe into more trouble, but Joe does end up writing his three paragraphs about his own best friend and three paragraphs for Shane. The story is well told and middle-grade readers will relate well to Joe's difficulties. They'll probably all wish they had a talking fox.
