## Raging Kane C.M. Steele

“I hate you!” she shouted every night in Kane Holt’s dreams. His reaction was the same, shifting into his wolf, raging with pain and confusion. He had no idea who this woman was and why she hated him. All he knew was that he needed her and would do anything to find her.

Months of dreaming and nothing changed. He was at his limit. How was he supposed to find her when he couldn’t make it past the pain? Sleepless nights were never ending and effecting his every day responsibilities. With a simple and inconsequential decision to visit friends changed everything. On a big TV there was his mate, the lovely Miss Denney. He ran to Hollywood in search of his other half and nothing was going to stop him.

Would he get her to change his mind or would she still tell him to leave?

This is the third book in the Wolfe Creek series by C.M. Steele. Kane Holt is a wolf shifter, Alpha of his pack and mayor of his town of Redding. Just like his friend, Hunter from Wolfe Creek, Kane has been having dreams about his mate except unlike Hunter Kane's mate hates him in his dreams. He does everything he can to avoid sleep so he doesn't have to see the hurt look on the woman's face as she yells at him. Carolyn is an artist and she can't understand why she keeps dreaming about the same man and why she's so hurt and angry with him. She has a whole sketch book filled with drawings of the gorgeous stranger but has no idea who he is. Kane is helping out Hunter when he sees his mate on TV, in a movie and about to take her top off. After smashing Hunter's flatscreen and apologizing he heads to Hollywood to claim his mate.

This just didn't work as well as the second one did for me. There was too much going on too quickly for me to enjoy it. I think it would have made for a much better longer novel with more details fleshed out.

This is a wolf shifter book. It's about Kane the alpha. He is the mayor of his town and they seem to have a good things going up there. He falls for a human and then has to explain to her what he is and how he has to mate with her. This is a cute story but I found it weak. It had the possessive guy and the hot sex but I found everything too neat. I like more friction and drama. I am sick I know but I like when they have more obstacles to overcome. Also, Caro was a weaker them average heroine in my books. Even the big misunderstanding was stupid because she just gives in. Like ok so I accept that you are a half wolf and that you want to mate me and the fact that you were naked with a boner on top of my twin sister is fine now let's F@&\$... Really weak!!! Sorry I wanted more drama some sparks after all those whet dreams and longing, I felt ripped off somehow. I can't really explain it. It was good for me but really not great.

It was okay but predictable and cheesy. The bad guys cartoonish and a super quick mating of the h's sister that was just thrown in out of the blue.

2.5 Stars!

This one had a much better flow to the writing than I've seen in her other books. I think this author just isn't for me but I have few bought already so I'm determined to read them.

I really don't know why I keep reading this authors books. I'm a glutton for punishment I guess. I like the ideas of the books, more then the books themselves.

I was so excited to read Kane's story. Like the first two books, this one was really good but book 1 is still my favorite.

The story is about Kane and Carolyn.

He's a wolf shifter. He's the alpha of his pack and the town's Mayor.

He's been dreaming of his mate but in his dream, his mate hates him.

She's been having the same dream every night but she didn't know what it means. It felt real to her.

One day, he saw her on TV, half naked with a man. He later on found out the one who was on TV was not his mate but his mate's twin.

There's a misunderstanding but it was easily fixed.

There's a nice epilogue. (view spoiler)

##### **3.5 Stars**

Raging Kane is book three in the Wolfe creek series. This story is short, fast paced and an enjoyable read. I devoured this story within half an hour and was satisfied throughout. Like the previous two in this series, the writing style is easy to follow, the characters likeable and the storyline enjoyable.

The chemistry between Kane and Carolyn was clear to see and I liked them as a couple. I liked that the connection between them was instant and that they had been dreaming of one another for a few months. I liked that Kane found his mate and he wasn't willing to ever lose her.

The storyline for this book is easy to follow and an enjoyable read.
