Love Cassie Edwards

Andrea says

I really enjoyed this book and the others in the savage series, I recommend it for a great read!

M.M. Strawberry Reviews says

I can say with all honesty that this is the best Cassie Edwards Savage book I have read so far. In the ones I read before, the white girl is always kidnapped and practically-raped by whatever Indian man kidnaps her (it's always a chief or the son of the chief of the tribe!)

The Indian who kidnaps Ashley does so under a misunderstanding. However, misunderstanding is cleared up, and he does not force her to stay with her, and she is willing to make love with him. He never has to force her into anything and she willingly goes with him. This was new to me, so I upped the star rating.

However, as always. Ms. Edwards abuses ellipses, and some of her dialogue is pretty terrible, especially when putting ellipses in bad dialogue, so I cannot give this book any higher than a 3. Still, it's a decent book, and one of the better Savage books I've read.
