Simple Wicca

Michele Morgan

Simple Wicca Michele Morgan

This book provides beginners with a firm grounding in the practice of Wicca, an oft- misunderstood & complex religion which has nothing to do with black magic & everything to do with ancient wisdom & spiritual practices that honor the earth, nature & the balance of male & female energies.

From Reader Review Simple Wicca for online ebook

Patricia Robin Robin says

A very good summary for any beginner looking into Wicca. Beginner basic.

Mandy McRae says

This was an ok book.

Kathleen Messmer says

I've always been curious about Wicca. I've had this book for a couple of years and finally got around to reading it. Very easy to understand, that's the best part. After many years of exploring my spiritual path I think this is the most "user friendly" book I've read in a while.

Lindsey Mccomb says

i'd like to find a way to read it online.. thats for sure:

Erica says

Beautiful and simple little book. Would help anyone starting out with Wicca or anyone who has a need to better understand it.

Megan M says

Purchased years ago when I had just started experimenting with my spiritual path, this is still a classic in my book. An easy to read, beautifully written introduction to the Craft of the Wise, Michele Morgan is sure to draw the curious into the magical world of Wicca without intimidation or information overload.

Precious says

It very helpful, simple and elaborated. It was basic guide for Wiccan beginners and will really help beginners.

Emily says

It was extremely helpful, I now know what I need to do, that fact that I don't have to have a wand to draw the circle or draw the circle with chalk on the floor (my mom would kill me). Along with several other books I have that are going to be read I will really know what I'm doing so things don't blow up in my face.

Meltem Y.K says

Simple Wicca, by Michele Morgan is a book that dispels many myths and gives great insight to the old religion of Wicca. Morgan explains how Wiccans practice in our times and does an excellent job explaining the basics of this nature based religion. This book is an easy read and enjoyable, it even teaches some simple spells and such things like the power of breath. I recommend it to anyone who would like to learn more about witches, what is true and what is totally outrageous. If you always thought that witches are evil, they ride brooms and offer poisoned apples to beautiful princesses, then you must read this book to learn that none of those things are true. Here is an example: Silver signifies the Goddess, communication, intuition, dreams, astral travel and feminine power. Gold means wealth, winning, happiness, playfulness and the masculine power. Color magic is one of the simplest yet most effective methods to work with. If you feel tired, wear red. It will kick start your first chakra and infuse you with energy. Are you feeling shy and suffering from low self- confidence, then wear yellow. If you would like to learn more, then pick up Simple Wicca and devour it. it is full of tips that you can use in your everyday life, even if you are not a witch.

Fiona says

I feel like I connected with this book on another level. I got chills multiple times while reading it. I'm excited to have it as a tool while I look more into this wonderful journey. I feel as though it was a very good introduction into Wicca, for anyone who is interested in joining the craft or who is just looking to gain more information on the subject.

For such a small book it packed it a lot of information!

So far this is my favorite Wicca book that I've read so far... I know I'll come back to it again and again.

Kathleen Burkett says

Easy to read, chock full of information, lots of detail for the casual reader or novice Wiccan.

James says

A nice overview with some good information for anyone interested in Wicca.
