**The Visitor** K.D. West  
A Friendly FMM Ménage Tale

There's a four-alarm fire and Lea knows just who she wants to put it out.

Or does she?

Lea is visiting Atlanta on a job interview, and her best friend's brother, Sean the firefighter, is happy to give her a place to sleep. But his is the bed she'd rather sleep in.

Or perhaps it's his roommate Andy's?

And when a visitor comes to her that night... Well, who is she to be picky if it's one, or the other, or...?

A tale of lust, mistaken identity, uncertainty, and embracing the unknown... literally.

(MF, MMF ménage à trois. Explicit language and scenes of sexuality between consenting adults)

### **Annie says**

#### **A fun fast steamy story**

A fun, fast, steamy story. I love these type stories when my time is short and in need of a mental health break.

### **Candace says**

#### **Short but sweet!!!**

Its short... But OH so steamy!!! Can't wait to read more! (Received this book for free on Amazon) Thank you!

---

### **Cindy Caron says**

Loved this! A great start to what is hopefully an even greater series.

I won't give the story away, but I love the fact that it took her so long to figure out who her "visitor" was her first night there.

Can't wait to read the next episode.

#### **This was different**

But I liked the little story. I loved the setting for the story. Go Atlanta!!! A young woman is coming here to apply for a job and living with her best friends brother. Now she has had a crush on him forever and wants him "you already where" and one night while sleeping, it's all the way on...

#### **Short, seriously hot erotica**

This is an even shorter read than indicated by the page count, as it ends at about 60% read and switches to information about other writings by the same author.

There's a short bit explaining how the characters know each other, and three very erotic sex scenes before the book ends abruptly teasing to the next in the series. Due to the length (ahem) of the book, it has the "Penthouse, I never thought this would happen to me" feel, but the writing is suitably hot. (Because seriously, we're not reading these for character development).

A tame, yet teasing example of the writing:

"Lea's eyes snapped to Andy's and she saw that he too had a lazy, sexy smile on, and that — yes — she hadn't imagined the sexual undertones this time either. Playing games, gentlemen? She took a swig of her cold beer and twirled the drumstick bone she'd been fiddling with. "Well," she said, letting her voice grow raspy, "I like my meat red, generally. Love to chew on a rib, for instance. Nice, long , hard rib, dripping juices down my chin..." She ran her tongue up the length of the bone. " Mmm." When both men's jaws dropped, she couldn't help it: she laughed."

### **Laci says**

I new what I was getting into with this book (erotica) and I was not disappointed.

### **Kristin Kelley says**

It was ok. I just couldn't get into the book

---

### **Tabatha says**

I've had this freebie sitting on my Nook for awhile now, so I decided to give it a go when I needed a shorter read. First of all, it was insanely hot! But...and I do mean a big but...that's all it is. \*shrug\* I just wanted a bit more to the story than we got, and I wasn't happy to find that it is a serial.

**Carmel Rhodes says**

**Steamy!**

Great little short. just the right amount of steamy! Can't wait to see where the author takes us next! Try it out.

---

**Fran Rice says**

**Hot**

A quick, steamy read. I love the FMM action. I can't wait to read the other books in the series.
