## Trucks Anne Millard

Discover different types of trucks in this top-selling padded board book that encourages tiny fingers to explore through tactile learning and develop fine motor skills while building an early language foundation.

Filled with real-life photography featuring touch-and-feel textures, *Baby Touch and Feel: Trucks* is the perfect size for small hands. Its padded cover can withstand biting and throwing while its thick sturdy board pages won't tear. With simple text and clear images, your baby will begin learning color and shape recognition. Visit a fire truck, look at a cement mixer, and check out other cool trucks.

Perfect for the child obsessed with trucks, *Baby Touch and Feel: Trucks* puts you right next to the best trucks there are to see.

**About the series:** Baby Touch and Feel books are the perfect series for the very youngest readers. These small, padded books excite babies and toddlers with their foil and touch-and-feel covers. Each book in this affordable series contains twelve vibrant interior pages with bold, engaging images. Containing large word labels, each page has foil or glitter to behold or a tantalizing texture to touch. These safe novelty textures immediately intrigue babies and are perfect for little fingers to feel. The Baby Touch and Feel series encourages sensory development, language skills, and early reading skills while teaching colors, shapes, patterns, and opposites.

### **Hannah Notess says**

While there is a pleasant variety of sparkly shapes, ultimately the subject of trucks doesn't offer enough variety of textures to justify the touch-and-feel treatment. A mismatch of form and function, if you will. Regardless, babies whose taste runs toward the bright and sparkly should be satisfied.

### **MsFictitious says**

Touch and feel books are supposed to be about texture but fully half of the pages are simply embellished with foil and really don't have a significant texture difference.
