**Unwrapped** Gennifer Albin , Melanie Harlow , Tamara Mataya , Kayti McGee , Laurelin Paige , Sierra Simone

Six romance authors present six very different novellas in this anthology of new stories: Ménage a tango lessons. A bride DYING to say, 'I don't.' A horny college boy at a purity rally. Time-traveling graduate students meet Victorian playboys. A rugby player who's as dirty off the field as on. And kissing under the mistletoe with a Scottish exchange student. Something for everyone, the NATurals present sweet, funny, and erotic tales of new adults meant to be Unwrapped all year long and not just at Christmas.

# From Reader Review Unwrapped for online ebook

## Melissa says

This anthology is equal parts SEXY and FUN. There is a gambit of stories, ranging from a novella companion from Sophia Bleu's CHASING LIAM to Laurelin Paige's romp with a purity to queen to a tango lesson ending in a threesome and a Victorian time travel and a scorned would-be bride bent on revenge and a tribute to the 1990s and Rachel hair. Such an amazing compilation from a variety of excellent NA authors. Can't go wrong!

---

## Debbie says

This was a wonderful book of sweet, sexy and happy endings from several short stories. Each story is different and each story is special. No stress reading, just smiles and enjoyment. Great characters with laugh out loud moments and hot, sexy encounters. Great purchase that I recommend completely.

---

## Rachel Paige says

6 different stories by 6 different authors. it was like a rainbow of romance with different colors. Pverall a Good Read.

---

## Jujubee says

Will review/rate as I read ;)

**Three to Tango** Melanie Harlow • Read 10/06/18 4\* (reissued new title *The Tango Lesson* and the MCs names have been changed)

This version was sweet and smexy. Miss Peach gets a hella birthday present!

**I Don't!** Tamara Mataya • Read 10/06/18 4\*

Hazel's revenge plans on her rat-bastard cheating fiancée are hysterical!

### Other titles:

**Cherry Popper** Laurelin Paige

**Stranded at the Savoy** Sierra Simone

**Try for Love** Kayti McGee

**Unwrapping Liam** Gennifer Albin

Bonus Content:

**The Boy Next Door** The NATurals

## Dirty Laundry Review says

Try for Love by Kayti McGee

ANG:

This novella is in the Unwrapped Anthology. It is a short read but contains oh so much heart and soul. I'm seriously amazed that I feel like I know these characters when I was only with them for a short time. I adore them. The story takes place in the 1990s in DC. Our girl Mischa is a smart, sexy artist, and hair stylist. She moved to the city to pursue her dreams of art and creativity. She spends her workdays giving her clients the latest trendy 'do and her spare time doing really cool artsy things like grave rubbings. I need to experience this! Our main man, Cliff, is a beautiful South African rugby player who just so happens to be an amazing artist and a carny. Yes. I said carny. Listen. Art doesn't pay the bills right away, folks.

They spend a few glorious hours together after a chance meeting at the carnival ... what happens when they run into each other a few weeks later? Some delicious angst and a whole lot of really hot and left hand worthy sex scenes. Everyone should get to experience a lover like Cliff and/or Mischa. I'm not picky. I'd take either one.

Along with the great chemistry and fiery sex scenes ... this novella was wrapped up in 1990s nostalgia. I love this so much. There are seriously great references in the story. Here are just a few: Comedown by Bush, tamagotchis, flannel shirts, white baby doll t-shirts, Brad Pitt, the Rachel 'do, Doc Martins, Courtney Love, and Kurt. Of course, Kurt.

Go buy this anthology so you can read this fantastic novella, remember the 90s, and get swept away in Mischa and Cliff's beautiful story.

## Kinga says

1. College romance, sweet and fast. Loved the guy.
2. Really beautiful love story. Just my cup of tee.
2. Would have liked it more without Valentine but others might be into this stuff. I'm not. Sorry.
4. The most confusing and annoying sf story I have ever had the pleasure of reading.
5. It was 3 a.m. by the time I was reading this one but I couldn't really get into it.
6. Sweet problematic family and relationship issues. Realistic. Loved Liam. I need my Scottish man in kilt, like, now.
7. Bonus story. The kind of bump-into-guy/girl-by-accident-and-confess-high-school-crush-after-ten-years kind of.

When you need a break from some heavy reading, a short and fast story like these are quite well taken ^^

**Jessa Russo says**

Hellooooooo, sexy times! What a great compilation of sweet and steamy stories! Well done, ladies!

---

**Sue says**

Not a fan of menage so Three to Tango wasn't for me.

---

**Amber Clites says**

I can't wait to buy and read the remaining five novellas by the wonderfully awesome authors who composed this anthology!

I was, however, lucky enough to read the novella written by Tamara Mataya early and can I just say,  
::SIGH:: LOVE LOVE LOVE LOVE

Love Eric  
Love Eric  
Love Eric  
Eric is MINE

Seriously though, this had a great story arc and was humorous and heartwarming and epic! And even though I was really wishing for that big revenge scene, I was more than satisfied with the HOLY HOT ending. And did I say I love Eric?

Honestly, I could roll around in Tamara's wonderful words! And it was so funny that I literally laughed out loud multiple times.

Great story, and I can't wait to dive into the words of the other novellas included!

---

**H. E. Gryphus says**

These women are amazing and seriously bring the sexy. love love love.

---

**Delilah says**

Rating: 4.5 Stars

Unwrapped is an excellent way to sample works from fabulous author such as Melanie Harlow, Gennifer Albin, etc. I have read books from three of the six authors. And now I am curious to read books from the rest. All novellas are amazing!!! H-O-T!!! I have to admit some stood out from others though. My favorites are Three to Tango and Cherry Popper. Overall, I definitely recommend Unwrapped!

---

### **Jennifer says**

Was really excited to read this book with some great authors. I normally don't buy these multiple author/story books but Laurelin Paige & my recently discovered Melanie Harlow (Frenched) had stories in them. And unfortunately those were probably the 2 out of 6 best stories in it. I did enjoy all the stories, just not all were what I'm used to reading. Not a bad buy for only .99 though.

---

### **Zandalee says**

All of these novels were absolutely fantastic. I wanted more from each of them, because that's how much they sucked me in.

Some are spicier than others but all are hot!hot!hot!

The characters were surprisingly captivating for novellas.

These authors did a great job of telling in depth stories with a small amount of pages.
