Big Girl Panties Fran Manushkin , Valeria Petrone (Illustrations)

Big Girl Panties! features a light, positive approach to motivate toddlers to become toilet trained. What could be more rewarding for a little girl than wearing big girl panties, just like mommy? Adult caregivers and toddlers alike will love the snappy, rhyming text and colorful, hip illustrations. Valeria Petrone's stylized artwork ensures that this commercial yet heartwarming book will have a special place on little girls' favorite bookshelves. Soon they'll all be saying, "Bye, bye diapers!"

Katrina Liu says

A joy to read when you're trying to potty train your little one!

Wendy says

Sassy little book showing how big girls wear panties. I like the art and the writing has a nice flow to it. I just prefer "undies" to "panties" and my little girl doesn't care enough about being a big girl for this to motivate her in potty training. She does think the undergarments pictured are cute, whatever we call them.

Mandy says

This is my favorite for encouraging your potty training little girl! It isn't about the process of potty training, so you will want others in conjunction with this one. It celebrates big girls who wear panties and has been a favorite for all the little girls in my life.

Brindi Michele says

Great board book for little ones leaving the diapers behind. It's time for big girl panties. I think this book is very encouraging.

Gianina says

Although less technical than other potty training help books in regards to the play by play, my daughter loved it and got excited to wear panties from this book. Job well done.

Alicia Evans says

Our heroine is to the point of wearing big girl panties and she is very excited about it. She knows that this makes her a big girl and she tells you who else wears big girl panties too. The whole book just stresses the excitement that comes with reaching such an achievement and all young readers who have also reached this milestone will love it.

Stephanie says

Hilarious little board book! Must buy for Addie.

Diana Ireland says

This is a super cute little book, it is one of my daughters favorites

Joy Keil says

2 yo liked it. I thought it was ok. Pictures are fun.

Maribel Jenkins says

My daughter's favorite book. Great book to help with potty training. As an adult, it's catchy and fun to read.

Micah Persell says

Okay, I'm reviewing this as a Mama. We're potty training our 2-year-old, and we got this book just to see if she'd like it. THIS IS NOW HER FAVORITE BOOK EVER! She has it memorized and "reads" it along with us. Her favorite page is the crocodile page, and I gotta confess, hearing her sweet lil baby voice say, "No, crocodoooo!" every time we get to it is kind of a highlight in this terrible, terrible potty training journey (solidarity, Mamas, am I right?!). I know I have some readers who are potty training too (or will be in the future), and I can definitely recommend this (along with copious amounts of wine--for you during this difficult time, not the toddler, obviously).

Melody says

I was surprised at how much I loved this. I was slightly... well, put off by the title, and only picked it up because I sorta know the author. It was a sheer delight- girls in grown up underpants doing all sorts of fun things. There wasn't much frou-frou, which made me very happy. There were girls doing any number of awesome things, some traditionally girly, some traditionally boyish. This would be a wonderful book to have on hand.

Meredith says

A little girl proudly announces, "Bye-bye, diapers! I wear panties!" and then goes on to describe what kind of

panties, who can wear babies (little babies and crocodiles can't, but big girls, mommies, grandmas, and aunties can), what she can do in panties (prance,dance), and when she wears panties (day and night). This is a extremely positive book for "big girls."

Beckie says

Getting my little one ready to potty train and this was perfect to couple with the picking out of her big girl panties in the morning. She was excited to see the little girl in the story get rid of her diaper and use the potty. Great for potty training girls!

Stacie says

Cute for adults. Too risqué for those who have just started wearing big girl panties.
