Desserts in Jars - Bake and No-Bake Recipes

Desserts in Jars is the latest book in the collection of fun and easy, sure-to-please gift ideas from your kitchen. No matter what the occasion, a dessert is a welcome gift, and jars are the latest trend in home décor and food. Combine the two, and you've made a sure-fire dessert that will be a welcome addition to any gathering or event.

Cakes, puddings, parfaits and more yummy desserts are all made and served in cute, retro-style Mason jars. These stylish serving dishes make perfect containers for any casual get together. Plus, they're sturdy and inexpensive, so you can make up a few or enough to serve the whole clan.

Add the colorful, personalized labels that you can print online, and they're perfect for sending home with your guests at the end of the evening for a late night snack, compliments of you! Over 600 labels are available online for printing.

# **From Reader Review Desserts in Jars for online ebook**

## **Indie Editor Nancy says**

This is a terrific little dessert cookbook, if you have any allergies to foods there are plenty of different recipes you are sure to find one that will work for your family. There are egg free and milk free recipes, mostly quick and easy to prepare. This cookbook will be a good one to keep on your kindle for years to come.

## **Julie Barrett says**

Desserts in Jars

We made some of these when I was in girl scouts and they are easy and a quick idea for a gift, like for a teacher.

There are pictures but no nutritional information.

Easy to follow instructions and there is a section on tips and even labels to use.

Many other works by the author are highlighted at the end.
