LIMITED TIME ONLY! TWO BESTSELLERS! *"Intricate and ingenious - make some coffee, because you'll read all night."* Lee Child, #1 Worldwide Bestselling author of 18 Jack Reacher thrillers

Double Down with this Florida Double Feature from #1 Amazon Bestselling Authors Diane Capri and Christine Kling!

DUE JUSTICE is the first legal thriller featuring Judge Willa Carson. When a famous plastic surgeon's decomposed body surfaces in Tampa Bay with a bullet in its head, Willa's "little sister" is caught in a high-stakes game of greedy lawyers, blackmail and deceit. Fiercely independent Carly becomes the number one suspect. When Carly asks Willa for due justice, Willa has everything to lose. But she risks it all to uncover the conspiracy and keep Carly alive. Willa Carson knows she's bullet proof, except when due justice rules from the grip of a gun.

SURFACE TENSION is the first sea adventure in this four-book suspense series featuring Florida tug and salvage captain Seychelle Sullivan. Working as she does in a man's world, Seychelle has to work twice as hard just to compete. Some have even called her reckless. In her view, she's just doing her job, salvaging boats and people's lives. Years ago Seychelle Sullivan had the chance to save someone's life. But on that summer night in Florida, lost in a world of teenage resentment and loneliness, Seychelle was not able to feel any pain but her own. Today Seychelle captains her father's forty-six-foot salvage boat out of Fort Lauderdale's New River. But she's never escaped that one moment when she could have made a difference and didn't. She's never going to make that mistake again.

## **From Reader Review Florida Is Murder: Due Justice and Surface Tension Mystery Double Feature for online ebook**

### **Annemarie Groves says**

DUE JUSTICE. - this was something of a gentle stroll through supposition and hear say to discover the facts behind a murder and the potential threat against another within the murky world of cosmetic surgery and silicone implants. It was slightly lacking in the jeopardy aspect of a thriller, but was comfortably descriptive of surroundings and convincing characterisation. Although sometimes the timeline seemed to be rather off from reality.

SURFACE TENSION - full of action, intrigue, jeopardy, suspense and drama along side the warm gritty description of Fort Lauderdale, boats and waterways. A gripping plot that kept hiding it secrets and egging the reader on for one more page, just one more chapter.

---

### **john lawton says**

I have already read Due Justice and other books in this series. I enjoyed Surface Tension and look forward to reading other books in this series.

---

### **Betty says**

The second book Surface Tension was definitely better than Due Justice (which I would have given one star by itself). Both had issues with slow beginnings.

Due Justice - by the end of the book I could care less what the ending was going to be. Undeveloped characters, slow and boring plot.

Surface Tension - grabbed my attention much sooner and although it also dragged in places, I did find myself concerned for the main character in places.

All in all, I'm glad I got these free on Amazon and didn't actually spend money on them.

---

### **Amy says**

This was part of a two-fer Kindle read with "due justice".... This one was definitely a better read.... There wasn't a chapter listing or way to get to this, the second book without reading the first - or just turning pages endlessly.... So I suffered through the first, since I had heard that this was a decent read. It was... errors and typos notwithstanding.

---

## **SimyCat says**

Both books started slowly. Due Justice was slower to get into and Surface Tension was slow but picked up quicker. Once the storyline picked up, I enjoyed reading. I like Surface Tension much better but again I enjoyed Due Justice. I would read add'l books from these authors as they were not bad books. Just slower than what I prefer.

## **tina phelps says**

### **Too much information**

I was all excited about reading this book until I discovered it had too much information. The idea with the Judge risking all for her sister was good but I got lost in all the other information. I didn't need all the history info about Florida or the intense description about the houses. I wanted the meat of this story but I ended up with too much soggy potatoes!

---

## **Larry L Lewis says**

### **Double Trouble'**

Writing was clear and mesmerizing. Stories were intriguing. Many twists and turns. A real page turner. Kept busy trying to figure what the next move would be. Who would make that move and why. Look forward to more of their books.

---

## **Diana Brockelbank says**

These two books were incredibly slow to start. I felt like I was running in mud. Once I got past the middle to 75%, it read much faster. Was not impressed with the nasty language in the book. It only detracts, not adds.

---

## **Tobias Kloner says**

I have not read do justice yet as it was Surface Tension that interested me. For me there was a lot to like about this book. I love Florida and I love a good crime drama so this book delivered on both counts. I found the look into the life of a female tug boat owner/operator very interesting. Its a part of Florida life I might never have heard about otherwise. I also liked the character of Seychelle very interesting. If you are a man reading this don't worry she's not afraid to mix it up with the guys and there is lots of action. The murder mystery plot was good too and kept me turning the pages right to the end. A good read

## **Alyce caruap says**

### **Gripping drama**

Wonderfully writeeweten ,full of suspense ,DRAMA ,and intrigue.Well staying up late to finish! Would recommend it to any and all fans of mystery.

---

## **Suze says**

### **FLORIDA IS MURDER**

Both books were good, but they were slower reading than normal for me. Surface Tension was the better book of the two, but it was hard to like Seychelle. Her intentions were good, but she did so many dumb things.

---

## **Carl Dixon says**

### **One good - one not so good**

Surface Tension is a great read. Fast paced with great central characters it grabs your attention & keeps it right to the end. Due Justice I found slow & boring. It had barely got going and it had ended. Not worth the time or effort.

---

## **Robin Resch says**

I found it very boring and did not finish.

---

## **Tiffany Wheelen says**

3 stars because I liked the second book WAY more than the first one. The second book had me intrigued from the beginning.

---

## **Carol says**

Diane Capri's novel was interesting though a bit slow at times. Excellent descriptions of the settings and development of the characters personalities. A judge putting her reputation on the line to play detective seemed a bit far fetched but judges have been ousted for worse.
