### **Nicole says**

2 vignettes, very, very short--One features Raphael/Elena, the other Sara/Deacon/Zoe-- it was free from audible :)

---

### **Daniel says**

Oh boy, this was so meaningless. No story whatsoever, just cravings and yearnings for each other and it seems it is just of any worth to you if you had read the main books.

---

### **Raven says**

Short meanderings of her Guild Hunter Universe. The perfect short for my quick-fix needs. lol

---

### **Carole (Carole's Random Life in Books) says**

Talk about pointless. This is super short and there isn't any real story. If I had already known and loves the characters, I may have enjoyed it but anyone not familiar with the series won't get much out of it.

### **Liz White says**

Dont you just love these short stories.

i re-read these when im in between books. its a lovely little glimpse into their world.

3.5 stars. These are really short snippets of Raphael & Elena in one and Sara, Deacon and Zoe in another. I kinda liked these snippets as they provide glimpses into the world in between the main books, especially when they are published so far apart these days.

**Kitlina says**

Such cute little snippets of life from one of my favorite series.

**Bianca says**

Always happy about a tiny bit of free fluff! =) thanks Nalini Singh for the shorts!!!

**Jackie says**

Narrator is great! I wish there was more to the storyline.

I have missed a few books in this series because I started to lose interest. When I saw the blurb for this book, I decided to give it a chance. I was not disappointed! This was a great reentry back into the series! It also helped that previous actions in past books were discussed so I could understand what was going on. I'm glad I decided to pick up this series again!
