Ladii Zig says

OMG I so can't wait for part 3. I don't know why Kansas have to be so extra and knowing at the end of the day he's not going to win. In this book I'm loving Lord and Royalty's relationship, Zigz is a hand full but I love what him and Autumn have. Sha and Celine are like the couple of the year and my relationship goals lol. I'm hoping that Lil Uzi come out in the world healthy and with no issues, I have a feeling that they're really going to name him that to. Overall this was a great read, job well done Jahquel J.

Mia Morgan says

Good

It was good. Kansas is just doing way to much. Ready on the next part. Need to see what go happen

Shawn Hawkins says

Anxious for part 3

I couldn't put it down from beginning to end. From the first book to this one. I laughed, cried and was cheering the whole read. I was happy when Lord and Royalty finally got together. Yes she was stupid for Kansas, but she thought that was love until Lord showed her what love was. I love the storyline with Zigz and Autumn, I'm glad they found happiness. I wasn't surprised that Royal and Mia started messing around. And Sha and Celine are what you call the real Bonnie and Clude. I really enjoyed both books and can't wait for part 3

Taz Will says

The guys came off as all talk in this one as well. The characters don't seem to be growing, Royalty is making small steps but it seemed like she was more into herself then really being with Lord. The constant reminder on how he stopped her and her not waking up herself put a damper on them actually making it as a couple. Kansas was sloppy but he was tougher then the guys seeing they didn't move and when Sha did it was after a woman. The story's not really going anywhere and the little bit that's going on seems to be dragging along.

Malaika says

Don't mess with the Capos!

Kansas should have just left well enough alone. Now he is the reason why the women in his life are dead and will be the reason why he dies. He deserves everything that comes to him!

Melissa Earle says

Wow!

Just when I thought it couldn't get any better Jahquel proves me wrong! I think I'm in love with Zigz, lml! On to book three!

Robin Perrymann says

A Good Series

This part was so good. It was nonstop action all through the book. Some parts was so sad I was crying. I'm feeling all the couple's but Sha and Celine are my favorites. Finally a thug who doesn't cheat. Royalty and Autumn are still growing but I like all the guys. They handle their business. Kansas is so grimy, I can't wait til he gets his. This is a good series and I can't wait to read the next part.

Amanda smith says

Hell to pay

Kansas really needs to give it up before he finds himself 6 feet under. Why cant people let people be happy. Kansas had something good but didn't know how to treat her so he lost it. Just chuck it up in the lost column and keep going and Mia i hope she aint on no grimey shit. Wow Celine is everything, she a boss, mother, and know how to bust a gun. #Goals On to the next book!

LINDA COOPER says

ALL WE NEED IS LOVE

Lord finally steps up and claims the woman that he loves, even though Royalty is at the altar about to marry Kansas. And naturally all hell breaks loose. Sha and Celine are in battle over whether or not she will give birth to the baby she is carrying. Zigz and Autumn are getting closer in spite of obstacles that keep jumping in their way.

Keeping their businesses running and their loved ones safe is trying for this crew but as we all know, love conquers all. There is drama, laughs and secrets and as in part 1, part 2 ends with a bang. The story keeps getting better so part 3 should be a banging good read.

Kristie Kilson says**Great read!**

This book had me in so much suspense!!! Page turner for sure! That ending omg!!! So good!!! I loved the storyline and I can't wait until Kansas gets his!

Melissa M. Brown says**Crazy Crazy Crazy Crazy**

Shaking my head them damn capo boys is something else. I'm gonna feel so bad for Kansas when they get a hold of him he done signed his own death wish. This story is the truth tho got a little bit of everything love drama comedy friendship etc etc looking out for part three soon.

sha'kia says**Loved**

What a start to a good book. Lord and royalty show out at the wedding leaving Kansas at the alter. Being the bosses that they are Sha,Celine, zigs, and royal are finally happy royalty didn't go through with her wedding. Lord has her hands full with a spoil royalty so her changes her ways. Sha learns Celine is pregnant and he makes sure she has this baby. Zigs is making changes being with autumn he's finally around more and alone how he use to be. Royal and Emma are finally done an meeting Mia was a little weird especially when lord is her ex. Kansas is still in the shadows lurking but when Sha learns he came after Celine all bets are off and Sha wants blood. Ready for 3

Shaunphoo says**WOW!**

This just keep on getting better! Kansas is really on my nerves, I hope Sha finally get a hold of him bc he deserves it. Hopefully Autumn get it together bc she will be married to Zigz. I love that Celine is with that action and was able to protect her and her baby. I hope Royalty is good.

YVETTE RIVERS says**AWESOME SERIES**

Sheesh about to hit the fan..., The storyline just popped Yoas about to be war for real now Potts is gone his mom is going Nenna parties Poppin all because he couldn't act right and he got jealous when love comes in all different colors and you could bet royalty love sushi gloves and a damn Shalane him this was one heckuva storyline great characters and I can't wait to get onto part three out freaking standing

M4queen says

Wow

Love three character growthin this book. Royalty definitely got a dust off reality check with her spoiled self. She took it in stride though and made changes to be a better person which is commendable. Lordez wasn't playing any games with her, lol uber was her best friend for a while. Kansas just didn't know when to let go, he is such a hating behind sorry excuse for a man. Can't wait to see him get his. That ending though hope that everything works out. Lordex and Royalty can't go out like that. Glad that Zigz and Autumn worked things out. Nice to see Celine overcome her pregnancy fears. Shaquel really is the perfect balance for her.
