## Like Warm Sun on Nekkid Bottoms Chuck Austen

A clothing executive, a stripper, a comic book collector and a minister are stuck in a nudist colony! A screwball comedy in the P.G. Wodehouse tradition, if Wodehouse had had a libido. Without meaning to, Corky Wopplesdown has just gotten sexy lingerie model, Wisper Nuckeby, fired. In an effort to somehow make things right he sets off on a wild journey to find her while in the unlikely company of a rude, horny stripper, a repressed minister, an unexpected fiancee and a comic book collecting pervert. Then Corky's car breaks down in the tiny hamlet of Nekkid Bottoms, a little, coastal village where the sun is warm, the people are nice, and the clothing is optional. Funny, edgy and wickedly satirical, this is the irreverent Chuck Austen writing at his ingeniously zany, and unbelievably outrageous best. Fully illustrated.

## Like Warm Sun on Nekkid Bottoms Details

## **From Reader Review Like Warm Sun on Nekkid Bottoms for online ebook**

### **Aberrant says**

This was the first book that I read on my iPod Kindle App.

The protagonist is a wealthy, super-hero-comic nerd, whose job is to evaluate how lingerie looks on models, and give feed back to the company. He gets lost in an alternate reality while on his way to a comic convention and finds true love, and some self confidence.

How could I not like this book.

Yes there are adult situations and language. All very unrealistic, it is a silly little comedy.

Not as funny as Christopher Moore's work but with a similar feel.

---

### **Donna says**

Ugh! Wish I hadn't finished this. A one-joke book apparently written by a guy who's never had a date and hasn't progressed past his comic book boob obsession.

---

### **Amanda Bien Aime says**

The good:

- Fast-paced
- Made me laugh several times, especially in the first half
- Nice price for the Kindle edition (\$2)

The bad:

- Several annoying and over-the-top characters (Mindie, Grandfather, Morgan, etc.)
- A lot of the comedy died away as the book entered the second half
- The story got super preachy toward the end
- An absurd plot twist 3/4ths of the way through –for me much of the story feel apart after that (As a rule, if there are going to be any fantasy elements in a novel, it's not a good idea to wait until past the halfway mark to toss them in for the first time.)

The verdict:

- It was an okay summer read, but probably not something I will ever pick up again or recommend to others.

---

### **Joe says**

More like 3.5 stars. It reminds me very strongly (in a good way) of Christopher Moore, but it could have been tighter. It's his first book, though, so I expect him to improve and I'll probably read more of his stuff eventually.

---

### **Rong says**

Excellent humor and imagination, but frustratingly long-winded in many parts!

Really look forward to its sequel Nekkid Bottoms By the Sea, which was supposed to follow Satan's Little Girl in 2008, but I still cannot find it anywhere. If anyone knows the status of Nekkid Bottoms By the Sea, please let me know!

---

### **Leslie Jordan says**

The main character gets a boner. Then he gets another boner. Then he keeps getting boners, and a bunch of ridiculous cartoony stuff happens. It was boring.

---

### **Marc says**

There's a lot to love and a lot to hate about this book. It's way too long (I really believe it was not edited at all) and so much of it seems to have been written by a horny teenage boy. Yet, if you get past the first 3rd or even half, the story does get engaging and I ended up really caring for most of the characters (even though there were many times when I wanted the protagonist to grow a pair of balls.)

---

### **Nicole says**

oh my gosh i loved this book so much! at the end of the story the author mentions a sequel however I can't find it \*anywhere\* this story was so funny and well written, i hope i find the sequel someday or if it doesn't exist that the author writes it!

---

### **Malcolmaffleck says**

This wasn't a bad book in the sense that it made me laugh a few times and the main character (although spineless) was fairly amusing, but some sections of the book simply failed to make sense. Given that Wisper knew about the 'alternate worlds' concept from the very start of the story, surely she would have explained some of this to Corky at some point to clear up the reasons why so many people were naked in the different world. Also, Corky gets erections at almost every second in the novel - surely anyone over the age of 17 is

---

pretty much able to show some control and it simply becomes unrealistic.

---

### **Robyn says**

This book won't change your life. It's not deep. It's a really silly, fun read. Flat out ridiculous and I laughed out loud at parts (and was somewhat embarrassed because it was far from high-brow humor). Great vacation book or if you just need some silliness in your life.

---

### **Jack says**

Ok, it's a sex comedy. I liked it in the end (ha!) but struggled through a few parts where I wanted to punch the main character in the face for making yet another stupid awful selfish mistake.

---

### **Tanya says**

This book had me laughing out loud a lot. Crazy, often obscene and I was sorry to see it end

---

### **Giddy Girlie says**

Started off fairly funny, if an overly silly premise, and then just goes totally off the rails and not in a good way. It goes from "silly fun" to obnoxiously ridiculous. I forced myself to finish reading, which was hard because I was rolling my eyes the whole time.

---

### **Corinne says**

If you want to read a book that talks only about getting boners in awkward places (but nothing else! no real story line or character development!) than this is the book for you. Couldn't finish it.

---

### **Kato says**

I liked it. it was silly and i laughed several times. really easy to read!

---
