**Allison says**

A short story set in Alabama that takes place on a train, reminds me of Agatha Christie's "Murder on the Orient Express." Enjoyable read. I would read more in this series.

**Janie Dullard says**

This is a great slice of southern life short story mystery. The ending felt a little bit rushed, but it's very fun if you want something that will be a (very!) quick read. I loved her depictions of the southern ladies - more homage to than mockery of the culture.

Comedic Mystery. I totally enjoyed this story.

Cute story.

**Chris Blackton says**

This was a short story which meant very little time to flesh out the plot. Clever but interesting.
