I enjoyed this novella. It is about Colin a Mayan vampire god, and Julianna, who is deaf and is visited by a banshee in her dreams. Benedict and aughisky is their nemesis. He tries to take Julianna, and tries to kill her. Colin saves Julianna, but she must become a vampire also. Colin also is called a Night Walker. He is injured, and believes that he cannot help anyone, until Julianne convinces him otherwise. I am going to start reading the Night series next.

\*May contain spoilers from previous books\*

Another fantastic story from one of my favorite authors.

In this novella set in the Night world we see Colin, now a bitter and broken man unable to cope with his loss of flight from the battle in book 2 of the series Night Demon.

When he returns to Ireland he meets Juliana who is deaf with the gift of prophecy. Through her he thinks he can finally find the way to overcome his disability.

But an ancient evil has returned and threatens to destroy the life and love that is beginning between Colin and Juliana. They must rely on each other and for Colin to get past the pain and bitterness of his disability to defeat their enemy and be together.

This is a beautiful short story of a broken man and the woman who finally heals him. I loved the characters and the story and really hope to see more of them in the future. Lisa has a way of writing that draws you into the world she has created. You feel all the emotions of the characters she writes and live their battles right along with them.

While this could be a standalone, I highly recommend you read the rest of the series from the beginning. It is one of the best PNR series I have read.

Well I must say can't get enough of this author's books so when this was released ate it right up. She has the ability to transport you away, breathes life into her characters take you along on a adventure, then leave you well sated. Juliana works in a flower shop, doesn't due to a bombing that stole it. It also gave her something in its place though glimpses of the future in her sleep. Lately it has been changing on how it is revealed which she will learn all in due time. She has one odd very charming customer Benedict who also appears in her dreams. Later at her cousin's pub while she is playing piano another face from her dreams crosses her path Colin. Colin she is attracted to and the same could be said for him also. She will be caught up in the middle of these two- one who will want to protect her and one who will want to own her. She also has something else interesting a Celtic necklace she wears at all times that has a great meaning and us the reader will come to learn it's significance in the story. Now these two men are not your average Joe's too. They are unique in there own way but only one is good at heart. The joy of reading this is discovering who and what they are and one of them will also pull on your heart strings. What can heal a bitter angry man who thinks he is damaged not able to do what was? The love of a awesome woman who pierces straight to the core. Love is a great healer and can overcome many barriers. So go along with this author and her ability to heat it up also with this read thrilled to the bone you will be and left well sated when finished.

Night Angel is a novella in the Night Series by Lisa Kessler. I could not put it down. It takes place just after Night Demon.

Colin - Night Walker and God of the South had his upper left arm damaged by the Demon while in the Yucatan fighting him.

He returned to his home in Ireland to not only recoup but to get a handle on his feelings.

Centuries ago when he first settled in Ireland he fought a Water-horse called an Aughisky. While in human form he is called Benedict.

Juliana Duffy - Is a woman who runs a florist. She lost her hearing years ago in a bombing, but can read lips. Juliana also has prophetic dreams. She had dreamed of both Colin & Benedict before she even saw them. Also in this dream she heard a Banshee wail.

Colin is intrigued by how Juliana has coped with her loss of hearing and hope he can find out how she overcame the bitterness so he can.

Benedict wants Juliana and despises Colin.

Who will win the love of Juliana?

If you are intrigued by this snippet I have shared, please read Night Angel to see what happens between these 3 people.

Night Angel is the first story by Lisa Kessler that I've read. Even though it was not the first one in the series, it holds its own. I finished reading it and was left with the need to read the rest of this series. I love the characters and found bits and pieces of them that I could identify with. I'm ready to meet the other characters and want to read more from Lisa.

*"Sometimes the only way to heal is to love"* This novella is a testament of the healing power of love.

Colin is one of the four original Mayan gods, Night Walkers, who were created to keep balance in the Universe alongside mankind. He was gravely injured in a battle with the Demon Camalotz in Night Demon, the previous book. While its true Night Walkers can heal any injury they are unable to regenerate missing tissue or other body parts. Due to the injury to his arm he is no longer able to connect to his spirit animal and fly with his hawk like he used to which leaves a larger, darker injury to his spirit. One of Colin's biggest issues is his fear that he will no longer be able to protect those who rely on him when he is no longer able to fly. He is struggling with feelings of inadequacy, something he has never before encountered and has no frame of reference for. He doesn't understand how he can continue to be himself when he has lost touch with a vital part of himself.

Colin hears Juliana Duffy playing the piano in The Bridled Pony just after his return to Ireland. He is immediately enchanted by the beautiful music she plays. Once he finds out that she is deaf he cannot help but be curious - how is this beautiful woman whose dream was taken from her by an injury still play the piano? How is she not bitter and angry at the world because of the injustice of it all? He is truly bewildered by her acceptance of her fate and decides to spend time with Juliana, hoping to learn how to reconcile himself to his situation as she has to her own.

The connection between Colin and Juliana is immediate and powerful and a true pleasure to read as it opens between them. The sorrow in Colin's soul calls to Juliana who feels compelled to help heal him, to provide solace and comfort as he battles his own personal demons. The passion between them is explosive but there is also respect, admiration and tenderness as well as a deep-seated need in each of them to protect the other. These two are wonderful together!

I am really enjoying this series and I am thrilled that Ms. Kessler is writing more books. I am so excited for Night Child !

Even though it was just a novella, I fell in love with the characters' story in this book! I loved Juliana and Colin and how he finds strength in the courage she's shown to overcome her deafness. He can "speak" to her in a way no one has before and she is drawn to him. An ancient evil is lurking around them and they need to trust and depend on each other to face it. Can't wait for the next book in the series!

## **Pam says**

Oh my is that Colin one sexy Night Walker. So glad he got his own story. Loved the Irish twist. Juliana is his perfect mate. Was surprised by the water horse. Benedict was the perfect villain. Colin was struggling to accept his handicap till he met Juliana. She taught him how to graciously accept himself for the way he was. She taught him inner peace. Yes She is one Foxy Lady! Colin learns to soar again in a different way. I give this book 5\*\*\*\*\*. From a Lisa Kessler Fan...Pam James.

## **Jen says**

This is the first book of the series that I've read and can be read as a standalone.

Colin returns to Ireland injured and feeling sorry for himself. He meets Juliana, who is deaf due to an incident in her past. Despite her loss of hearing, she continues to play the piano because it makes her happy to "hear" the music through the vibrations. Colin is determined to find out how she was able to move forward with her life after such a loss, convinced it will help him heal and move on.

In her dreams, Juliana sees two men, Benedict, a customer from her flower shop, and a stranger who ends up being Colin. She knows that their lives are intertwined and that there is danger for at least one of them. Benedict and Colin have been enemies for centuries, but now Benedict wants Colin gone and will do anything in his power to destroy him.

I really enjoyed the novella, I must get back to read the first books in the series before the next book, Night Child is released.

This book was received as a gift in exchange for an honest review.

I was given this book as a gift and so thankful for it. I absolutely loved it! Lisa Kessler has done it again!

I fell in love with Colin when I met him in book 2, Night Demon. He is the God of the South and the red tailed hawk is his spirit animal. He was attacked by a demon and he lost his ability to fly. He returns to Ireland a broken man. He meets Juliana, who is deaf from a bombing, while she is playing piano in the local pub. Evil has come to Belfast and Colin is out to get rid of it.

This is a great story of overcoming odds and making the most out of life. I love this story and so wanted to cry when it ended. It was a great story to read while impatiently waiting for the release of Night Child.

### **Kelly Smith Reviews says**

In Night Demon, the second novel of Lisa Kessler's Night Series, we saw one of her unforgettable characters, Colin Flynn, God of the South, lose his ability to fly as his spirit animal, a hawk, after the Night Demon destroyed the muscle in his arm.

Now Colin has returned to Belfast a bitter man. The hawk inside is begging to be set free and he can't get over his new disability.

He meets Juliana, a deaf girl with a gift for prophecy, and he thinks he can find the secret to overcoming his disability through her strength.

But an old enemy had returned and he could destroy Colin and Juliana's life together before it's even begun.

Night Angel is a very quick, very deep read. You don't have to be a fan of bloodsucking immortals with great bodies to enjoy this aside from her undeadly series.

Like Beg Me To Slay, Night Angel is a story with a deeper meaning, about overcoming one's disability to be the best person that he/she can possibly be.

Great story from a great writer. Longtime fans and new readers alike will sink their teeth into Night Angel!

4/5--excellent!

A novella in the Night series that you wish were a full novel! Colin and Juliana are, by far, my favorite couple to grace the pages of these books. This story is a wonderful filler while we eagerly await the release of the next in the series, Night Child. Kessler, you've done it again! Well done!!

### **Lorna says**

From what I can tell, this novella was written due to fans asking for a specific character's story and HEA. I thought that was pretty great that the author gave her fans what they had been wanting. Unfortunately, I still haven't read all of the books, but it didn't hurt the read for me at all.

Set in Ireland, this novella tells the story of Juliana, a deaf florist, and Colin, a Night Walker that has just

returned home to Ireland. Night Walkers are not vampires, although they are immortal. They must drink blood to live, and they have an animal or bird that they shift to at will. Colin shifts to an eagle, although he was recently injured and part of his wing(arm)muscle is gone. He can no longer fly, and he is very depressed. He is informed that Benedict is back. Benedict is also immortal, and shape shifts to a sea horse of sorts-one that survives by eating women. Really fun guy to be around. Colin has made it his mission to stop Benedict for good, as he considers himself a protector of his part of the world.

Colin meets Juliana in a pub, after he sees her play the piano. He can't believe that she plays even though she is deaf. He decides he wants to learn her secret of not being depressed by her deafness, and how she was able to rise above it. What he doesn't know is that Benedict is also an admirer of Juliana, and has plans for her as well.

This was a sweet romance, but it was also a bit of a thriller. Benedict was a well written villain, and he has as big a part to play as Colin does in this read. Or pretty close anyway. I enjoyed the characters of Juliana and Colin a lot. Since it is a short read, of course the romance happens really fast, and since I usually don't necessarily enjoy insta-love, I had to go with it. And that was fine in this case.

Lisa Kessler always writes good books that are romantic and paranormal-two of my favorite things in a read. The Night Walker series fulfills my love of both shifters and vampires-although each Night Walker stresses that he is NOT a vampire. Drinks blood to live-yep that describes a vampire, but since he shifts to an animal, well that makes for a different sort of creature altogether. I have enjoyed all of the books that I have read up to this point and recommend them to adult paranormal romance fans.(RabidReads.com)
