Off The Cards

Chloe Walsh

Off The Cards Chloe Walsh

Our secret is out.

His lies have been **exposed**.

Sick, twisted, and disturbing.

I'm reeling in the aftermath.

What I've learned?

What he did...

Nothing will ever be the same again.

I'm alone, but I know I can't go back to him.

Even if my heart demands I do just **that...**

Off The Cards is the second installment of the **Faking It** series. Due to its explicit content, bad language, and graphic sexual content, **Off The Cards** is recommended for mature readers of seventeen years and above.

★Bookish Girls★ says

*** Attenzione spoiler ***

In questo secondo libro, capiamo meglio la storia di Nathan, da dove viene, la sua infanzia e le ragioni che l'hanno portato a fare quello che ha fatto.

Mi sono innamorata ancora di più' di lui, ovviamente della sua dolcezza e sincerità' ma soprattutto, di come le dà' la forza di essere se stessa e di uscire dal proprio guscio.

Andi sara' messa di fronte ad una scelta importante, un punto di non ritorno, Nathan o la sua famiglia? Chi sceglierà'?

Anche questo capitolo della saga si legge tutto d'un fiato, complice la lunghezza (150 pagine) e la mia incapacità' di chiudere il Kindle per la voglia di sapere dove l'autrice porterà' i nostri protagonisti. La scrittura è' fresca e dinamica, con un ritmo sostenuto.

Mi sento di dare 3 farfalle perché sono un po' perplessa dal mistero dietro le scelte di Nathan, in quanto secondo me si potevano scegliere delle motivazioni un po' più plausibili...ma comunque è' impossibile non continuare a girare pagina!

Non mancano ovviamente i colpi di scena e molti nodi vengono al pettine, i personaggi si dovranno confrontare con scelte del passato e del futuro.

Anche questo libro ha un finale non finale....in attesa del terzo libro!

Mentre leggevo questo libro, mi immaginavo la colonna sonora....ascoltate "I want you" Kings of Leon. Per me è' PERFETTA.

Julie says

So much better, I love your stories!

Ok, the bomb was majorly dropped, and I was sickened by the reasons, such a shame. But I'm shocked in and I'm starving for the finale! On I go and I'm so excited!

Sonya Jesus says

So, I read book one and I knew that if I read two it would be worth it! It did not disappoint me and I thought it was so much more intense than the first one and even better. I can't wait to see about book 3.

The young adult novel captures some of the frustrations of being a teenager. I could relate to the whole over protective thing and i thought it was written really well. Easy to connect to them and i liked Adriana more in this one.

Jolene says

This continues straight where no1 left off.

I found even though it was a quick read, it took half way through for Nate to finally explain and give the answers to the position he was put in with her mum.

I haven't read this authors work before but I get put off on constant character names being said especially if not needing it.

Jackson's character was over the top obsessive and dramatic with hating and not wanting his bestie and 'little' sister together. Gee a whole year age difference and considering Nate seemed to be the relationship type rather than Jackson who constantly slept around.

Andi's character was still childish and had no common sense, like not being on the pill yet wanting him bare, hmm....

Awful, dysfunctional Parents and when they find out their daughters with Nate shits gonna hit the fan.

Continuing with the 3rd in series to see what this twisted family does and how it all concludes

Melanie says

3.5/5 Very quick read. Continued story from book 1. Lot of bombshells in this short book. Nate slept with Andi's mom so she wouldn't tell anyone that her husband (Andi's dad) slept with Nate's sister and is the father of her child..ie Nate's niece is Andi's sister. The dad doesn't know. Andi's brother, Jackson, doesn't know about any of this either. Not only that, but Andi gets pregnant. So much drama, hard to believe the last book will tie everything together. Andi and Nate.

Amanda says

Another great read.

Wow Chloe's books just keep getting better, this is the second part of Andi and Nate's story and it doesn't disappoint. Can Andi and Nate overcome all the obstacles that lay a head of them including her parents and brother !

Can't wait for the next book.

Lauren says

This story picks up where the previous book finished. As the first book, off limits, finished on a cliffhanger we get some answers in this story. Although I am angry for Andi, I feel for Nate. He obviously didn't choose to do what he did. He was protecting his family. I liked Andi and Nate together. The chemistry between them is still stronger than ever. From page one of this story, I was hooked. I read this book in one sitting. Just like book one, book two finishes on a cliffhanger.

One last thing, Jackson was an asshole in this story. I was also irritated with Ivy. She was Andi's best friend yet she didn't stick up for her. Yet I understood her reasons. I also want to bitch slap Andi's mother.

Danielle Baker says

You Have To Read It!!

So I've Just Finished Reading Off Limits And Off The Cards! When Off Limits First Came Out I Was So Excited To Read It, I'd Said To Myself 'Once I Finish The Book I'm On I'm Going To Read Off Limits'. By The Time I Had Finished The Book I Was On, I Had Seen People's Comments Through Facebook That Off Limits Had A Huuuge Cliff Hanger And I Knew I'd Be Super Angsty If I Read It So I Told Myself I'd Read It When The Second One Came Out, So I Could Read Them Together.... A Few Days After The Second One Had Come Out I'd Seen On Facebook That There Was A Bit Of A Cliff Hanger Again But In My Mind I Was Like 'Nope Danielle You Can Not Be Waiting For The Third One!' I Needed To Read Both Of These After Seeing All The Snippets Chloe Had Put On Facebook!

Well I Am Super Duper Happy That I Read Them Because They Are Amazing! I Cannot Wait For The Third Book To Come Out! Yes There Is A Cliff Hanger At The End Of Off The Cards But I Can Wait, Because I'm So Excited To See How It Goes. Love Love Love Nate&Andi... Can't Wait To See What The Future Holds For Them, As Long As They're Together

Tara Pawelczyk says

OK, I'm not going to lie. This book had me hooked... I started it at 10pm last night, and by 9:30am today, it's finished.

Mainly because I was hooked, but also because it was an extremely easy read. In some cases, the language was a little immature, and the terminology Andi and Nate use actually frustrates me.

There was also a few occasions where the names got mixed up. Text from 'Nate' when it should have been 'Jackson'. I'm one of those people that notice these things, so that can bug me.

Over all, I couldn't put the book down, and I'm waiting to find out what happens next. I will be reading some other books by Walsh, as I like her minds way of thinking, and the story line of Faking It series.

I would recommend to anyone who wants a chick lit book to pass the time, but do prepare to get hooked.

PLUS. I do love me a bad boy character!

Kellane Ayanna Mitchener says

Thank god its March!!!

I loved this second book on Andi and Nate. I love how Andi was more outspoken not so shy and meek. She stood up for herself and Nate. Nate is just a great guy all around. He loved Andi and vice versa. That cliffy oh my I can't wait for the next book. Chloe nailed it again.

Jennifer Shiels says

This was a good second book in the Faking It series. The first ended with Adriana feeling heartbroken and betrayed. She's now a pariah everywhere. Her brother Jackson feels pissed off and betrayed as well to find out that his best friend and his younger sister have been together. He no longer protects her and school is terrible. Her best friend Ivy chose her brother over her. She doesn't think she can forget or forgive Nathan when she finds out something horrible.

Andi feels so lonely and destroyed. Her brother and best friend have completely turned their back on her. She still understands that her brother feels hurt and isn't completely angry with him for it. She can't stop loving Nathan but she doesn't think she could ever get over what he's done.

Nathan loves Andi and always has. He never thought he was good enough for her and tried so long to keep her away from him for her own good. But he can't stop himself from being with her. She's his everything and he won't let anyone stand in the way of that. He loves Jackson but Andi is his priority and he can't understand how his friend could turn his back on her. He needs her to understand why he did what he did and she was part of the reason he did it.

Jackson and Ivy are pretty terrible characters. Jackson is Andi's older brother and he's always protected her. But he finds out about her and Nathan and he completely turns his back on her. He allows the people at school to totally do whatever they want to her. I'm sorry he might be hurt and feel like his best friend and sister have betrayed him. But he shows what kind of character he truly has from this. Ivy has been Andi's best friend for years and knows what kind of jail she lives in and her horrible parents. But when Andi needs her, she chooses to follow the horrible older brother and not be there for her. She doesn't understand being a true friend.

Worth reading and ready to read the next part in this series.

***Mariska*Book*Crazy* says**

I finished this book in 1 sitting. huge cliffhanger. can't wait to start the next one!

Jackie Woodburn says

Great next step in a brilliant series.

This book is another brilliant installment of this great series .

It starts where number 1 finishes with Andi reeling from the secrets Dallas unleashed on her about Nates involvement with Andi mum . She's hurt and broken , she can't look or be near Nate even though she loves him . Her brother hates her and makes her life a living hell .

So will Andi decide to ignore her heart and let Nate go ? Or will she take a chance on the boy she's always loved ?

There is twists and turns in this book but be warned finishes on another cliffhanger.

Lucy Edwards says

I'm liking the story but the cliffhangers are doing my bulb in. could have easily been made into one book

Lisa says

Easy read, done and dusted.

Extremely short did not hate.
