#### **THE NOOSE IS TIGHTENING**

I think I maybe liked Pursued even better than Taken(book 1)? Maybe that is just 'cause I've read book one a dozen times, but I love when the kids go back to school in Pursued and all the conversations about what everyone thinks happened. We are also introduced to the cousins John and Mark. Don't ask me why, but I really like Mark.

( On an unimportant side note, I've always gotten John and Mark confused and could never keep straight which was the blonde guy and which, brown-haired. Well I finally came up with something to help me: Dark Mark and Blonde John! I know, I'm so smart. I mean, hey, it works?)

The kids also start an underground school newspaper for Nicolae High in an effort to spread Truth to their classmates and warn them of the coming disasters. One if them has to survive in a detention center and after all this, they struggle to convince one of the group that the militia in NOT the best way to fight against Nicolae.

These kids are brave, I tell you! After things started heating up at the school with the Underground, I would have been scared to keep it up.

Anyways, I loved it, as I do all the Left Behind books. 5 stars. Highly recommended. READ THESE BOOKS, GUYS.

This book continues the series that is about after Jesus comes back. In this book World War III has begun and the four children must watch out for GC(Global Community) officers.
