Roulette: Love Is A Losing Game Sam J.D. Hunt

"You might call me a Dominant or a Top, but really I'm just a very successful woman in my 30s looking for sexy role-play without the complications of a relationship. I need control. Love has never been on my agenda. Until, of course, one day the much younger Thomas Hunt came into my life. He broke down my walls and taught me to let go; he made me feel alive for the first time. I might even be capable of loving him if lies and betrayals don't tear us apart first." Samantha Drake

Roulette: Love Is A Losing Game is the first book in The Thomas Hunt Submissive Series. Set in Las Vegas, it's a contemporary love story that incorporates light BDSM themes with modern, steamy role-play.

The modern, sizzling sexual content and language used in this book is intended for mature audiences only.

This is a fabulous debut novel for Sam!!

I am so loving Thomas our main male character. He is the alpha male that has turned submissive but sometimes his true male shines through!!! It was so unique and refreshing. Thomas is a young, handsome, intelligent man who knows what he wants and will do whatever he can to get it.

Samantha is a beautiful, smart hot shot attorney that enjoys being in control at work and in the bedroom. When these two meet it takes us a fabulous journey. She knows what she wants in a submissive and thinks that she may have found that in Thomas. Soon tale takes a different twist and she begins to question everything that she has thought she wanted and needed. Samantha begins to break all her own rules and it more than scares her! I cant wait for book 2 !!!

Roulette: Love is a Losing Game by Sam J.D. Hunt is not your average Romance/Erotica/BDSM story, this author brings us into the world of D/s with a female Domme and make submissive and a unique story to go along with their relationship.

Samantha Drake: Lawyer, 30-something, successful, and Dominant. Samantha is a Domme looking for a live in submissive, someone who will live in her house (in their own room of course), and someone who will fulfill her needs as a Domme. Samantha has not had time nor found any success in traditional relationships and she has no desire to try now, she needs a submissive and only a submissive.

Thomas Hunt: Sexy, Grad-Student, 20-something, and a submissive. Thomas has not been looking for a Domme for a while, trying instead to satisfy himself with "vanilla" relationships; However, he takes a chance and meets with Samantha Drake and agrees to a "test" session to see if they might be compatible. Thomas has a history with a previous Domme he was in a long-term relationship with and because of this history he has some HARD limits and some doubts about being able to find fulfillment in a D/s relationship again.

The trial session is set and neither Samantha nor Thomas could have anticipated just how explosive their chemistry would be... Needless to say Samantha Drake has found her new submissive.....or has she ??? While Thomas enjoys the release of being a submissive he is also finding that being with Samantha awakens a deep desire to be her Dominant Alpha male ---- Thomas also does not just think of Samantha as his Domme but he is falling in love with her and wants more than just a D/s relationship.

Will Samantha be unable to move forward into a romantic relationship with Thomas or will she lose him? Can Thomas hide his deep desire to Top Samantha or will this drive them apart?

Is there a happy ending for these two.... Or is Love truly a losing game?

Gasp!

This is a fast paced, exciting, hot and steamy, humorous at times, surprising story, right from the start! The author promises you will not have to wait for the excitement and the promise is definitely delivered in spades! You will fall in love with some of the character while detesting others! This story will astound you at every turn! Although this book is a page turner you can't put down; a couple of times I found myself feeling the need for an emotional break. That's just how tightly wound the author keeps you throughout this story. I was surprised by the times I found myself laughing out loud! Yes, there were some tears as well. The author delivers a seamless blend of emotions resulting from a passionate romance! All of your senses will be evoked. I cannot wait until the second installment of this series is available and you won't be able to either, once you read this first book!

Sincerely---Kathy Skinner

I received a copy of this book from the author for a honest review

Oh my goodness this book is HOT! I fell in love with this story. From the HOT BDSM Sex to just plain vanilla you will not be able to put down.

Sam and Thomas are perfect together. From her need to be in control to him submitting! I loved the shaving scene! This book has so many twists and turns that I was surprised several times. I laughed and smiled until it hurt!

Mrs. Hunt you certainly know how to keep your readers hooked and I can't wait to read more of your work.

How did I not already write a review for this amazing book????!!! Okay where do I begin???!!! Thomas, alpha male submissive!!!! yes!! that's right I said it!! male submissive!! how many books out there have that?? This was a first for me!!! This book is every bit hot, steamy, keeps you on your toes, wanting more! This was a perfect beginning to this amazing story between Thomas and Samantha!! Public sex, yes, sex on top of a sexy ass car, yes! when I say this book is hot...that's putting it mildly! If you haven't read this amazing book yet, what are you waiting for?? Read it NOW

This book has been hiding on my kindle for a few weeks and I am glad I flipped back a few pages to read it.

For this being a debut novel, it is well written and smoothly paced. There was a good cast of secondary characters that made it easier to relate to the leading lady and man.

The book starts and then takes you back in time to the events that lead you up to where you picked it up. This is not a book for those who don't like to read about sex in graphic detail- and there is a lot of it. However, it does not detract from the story. It makes sense for the characters, Sam and Thomas; especially considering how they met.

Life happens and love finds you when you least expect it. What I wasn't quite ready for was how insecure Sam was. Her character was a little hard for me to relate to at first. Then I got to the scene where she was at dinner with her parents and it all made sense. I loved the journey this book took me on. There were a few twists and turns that I did not see coming at all. Be sure to read the extras at the end of the book too- they're a great lead in/follow up to some of the events that took place in this book.

I can not wait to see what happens to Sam and Thomas in the next installment of this series. I know that we haven't heard the last from Lisa and I'm sure Sam's father has a few things in store for them too.

Kat Chadwick says

I was given a copy of an ARC of this book for an honest review. Honest is always what you will get from me: good, back or in between.

The first thing you are wondering, is this author male or female? After reading the book I can tell you this author likes to keep you guessing. While the ending did not have a big cliffhanger (Thank you, Sam,) there are scenes in the book that keep you on your toes and you are never bored. You might want to have a towel handy, if you know what I mean. *smiles*

Samantha Drake is a Dominant. Yes, you got that right, a Domme. She is independent. She likes to be in control. She is a well paid attorney in Las Vegas and one sexy lady. Whenever she decides to take a sub it is always with the understanding that it is only about the sexual relationship and nothing more; nothing romantic. EVER. To her, with her being the Dominant, romance can't work. Then she meets the submissive, Thomas Hunt, a younger, scorching hot doctoral student looking for a Domme. When he moves in to become her submissive, his playful, sexy as hell nature gives her pause; she may have met her match. He pushes HER boundaries (she even feels a little insecure with the age difference) and slowly starts to tear down those walls she has around her heart, but not without a price.

From the very first page you are always on your toes. It is full of intrigue, a little suspense and loads of hot, steamy, OMG-did-they-just-do-that sex. It is hot! Sam knows how to write a sex scene. Well, let me say, Sam knows how to write, period. She (yes, the author is female) even makes you wonder if the book does not have some truth to it since the character's name and her name are the same (Sam is short for Samantha.) But, then again, is not that part of her intrigue, using her name as the character name to make us wonder? Even though, the book is BDSM related, you don't see a lot of that in here. It is light in nature.

The secondary characters add suspense, flair, laughter and some of them you just love to hate. There is a couple I want to throat-punch. Some of them you fall in love with so easily. I want to get my hands on Thomas' mother and hug her neck; she is so sweet and fun. Sam's dad, on the-other-hand... I want her housekeeper, Evan. I mean a gay former WWF-type professional wrestler as a housekeeper? Yes, he is fun to

have around. With the type of law that Samantha and her partner practice, they deal with some high-powered, sometimes unsavory people and this gives the book some suspenseful situations and occasionally leaves you questioning what will happen next.

However, the book is not really about all of that, it is about tearing down emotional walls and the blurred lines between Dominance and submission. It is about learning to trust and let go. It is an emotional journey watching these two fight for this relationship and sometimes I want to *spank* Samantha. (smile) It is baby-steps for her, while Thomas wants to scale the wall.

I am looking forward to the next book. I could have used it right now, this story is so good. I am really impressed with this being a debut book from this author. High-five, Sam!

5 Stars!

Book Excursions Book Reviews says

First, let me start by saying that this is an Erotica novel. Don't complain when the main point of the story is the characters having kinky sex. If you didn't know, that's the point of the whole Erotica genre; character growth through the use of sexual acts.

Samantha Drake, successful lawyer and Domme, takes on Thomas Hunt sexy submissive. Samantha needs control after being denied "free will" in a sense, from her family. Her overbearing Father ran the household with an iron fist and her Mother bends to his every demand. Samantha determined to not be like her mother grows into the Domme that we meet at the beginning of the story. Samantha takes on a case that changes everything; her business partnership with Cal and trust of Thomas. Her emotions are challenged along with her learning if she can bend her own rules and take a gamble on the losing game of love.

I was captivated at the beginning of this story. I love a strong and kick-ass female character. It was humorous the way Sam messed with Ms. Cutler by telling her the explicit sexual experience between her and Thomas. Samantha has a carefree, I don't give a damn, kind of attitude and it rocks!

Thomas is adorable; he completes Sam, in that where she lacks the ability to let go, he shows her how to relax and have fun. They may have a Dom/Sub agreement, but their friendship and love is evident (even when Sam refuses to believe that she is falling for Thomas). Their playful banter made this story amusing and there are plenty of laugh out loud moments.

Don't let me fool you because when the plot twists kick in, there is plenty of suspense that leaves you begging for the next story!

If you're looking for a repeat of Fifty Shades, forget it. I don't care what people say, but the only thing similar to Fifty Shades is that this is an Erotica BDSM novel. So stop looking for a repeat of Fifty Shades and read this story because this has very hot light BDSM scenes with a great surrounding storyline that is both balanced and well-written. I hope you will love it as much as I did, but if our tastes vary that's fine. Give this read a chance and it will entertain you.

A good erotic story! Hot and steamy and well written overall. Sam and Thomas are great characters and easy to connect with. Loved secondary characters and would like to see inside their heads.

Only negative about this book to me was I felt it jumped unexpectedly and sometimes I had to reread a couple of lines to make sure I didn't misunderstand or skip something. Interesting storyline, can't wait to see what happens in the next installment. Reading the extras opens up more possibilities so make sure to read them!

****4.5***

I was pleasantly surprised with Roulette. I love a good romance, boy meets girl, they fall in love... but this book is so much more, and has its own originality.

I've only ever read a dominant book from a male's perspective, and it was refreshing to be on the woman's side for a change.

The best part of this book, there is more to the story, an actual plot that holds suspense and keeps you on your toes throughout the book.

Hunt's writing is very well and had me engaged, something that's hard to find in books lately. Personally, only thing I wish there was more of was dialogue between the characters. I'm one who needs that in a book to help me feel the connection between the characters.

Awesome debut. Can't wait for the next book!!

Missy Harton says

AMAZING DEBUT NOVEL!

This well written debut novel by Sam J.D. Hunt is a MUST read! A dom/sub story that crosses the line of play into love.

In Roulette we meet Samantha, an attorney that has her own practice and Thomas, a college student teacher working on his doctorate. Sam provides for her live-in sub. They both get great enjoyment out of the roles they play for each other. Breaking all of her own rules Sam and Thomas get to know one another on a more personal level. Once those lines get crossed the love they fell for one another can no longer be denied.

Preying on her insecurities Sam gets questioned about Thomas's alleged unethical involvement with a student. Will his love for her be strong enough to forgive her not believing in him? How does the murder of Sam's law partner connect to the allegations against Thomas?

Sam J.D. Hunt....I have a serious book hangover! I can't wait to see what happens with Sam and Thomas in Blackjack, book 2 of The Thomas Hunt Series!

A must read for anyone 18+

Loved this book!! I was lucky enough to be a beta reader and give my input to Sam! A different change of pace, very erotic!! There's not another book out there that I've found that compares!! Had my emotions all over the place, whatever the characters were feeling, I swear I could feel down to my soul!!! I fell in love with Sam and Thomas right away and can't wait to see what's coming next!!! ❤️?❤️?❤️?

Lawyer Up

Sam JD hunts book starts off with Samantha Drake, a lawyer who has control issues, but is very good at doing her job . She works with another lawyer named Cal who has been harboring feelings for her. When Sam decides to have another man in her life , she meets a man from a bar , who is interested in the same lifestyle that she is in . When things start to take a turn for the worse , there is tension between Sam and Thomas, who is the man from the bar, but there is tons of chemistry between them. When Sam is offered to go to a charity ball event she brings Thomas . When at the gala, Samantha and Cal start to have words and what sets off Cal is seeing Samantha with Thomas on her arm. CAL starts to be an instigator and bother Samantha and Thomas .

I rate this book R ; because of the sexual content and language .

I give this book 5 stars and up and I would tell you to go ahead and purchase the second book by Sam JD hunt continuing the Thomas Hunt series

I read this book from start to finish without putting it down. This story is very well written, steamy and hot. Anyone who likes to read about Dom/Sub should read this book. It proves that anyone can fall in love.

Explicit Escapes says

Roulette was simply amazing. I started the story thinking I was going to be reading about a hardcore Domme. In fact what I got was a regular woman who liked to have control and male submissives, with some kinky sex on the side. When you meet Thomas Hunt, her new male submissive, you instantly fall in love with his young boy charm. Sam finds her resolve slipping more and more the deeper she gets in with Thomas. I found myself fighting for them to work throughout the entire story. You will laugh, find joy, be scared, be skeptical, be sad, be turned on, and be happy through this adventure. This story was refreshing and I highly recommend you take the journey with Sam and Thomas as they figure out if a D/s situation can actually work as a real relationship.

A job well done and a great debut Sam JD Hunt!!!
